Each of IIL, DSL and IIM and is registered as an investment adviser under the Investment Advisers Act of 1940, as amended, and currently serves as an investment adviser or sub-adviser to existing series of the Trust. IFD, a Delaware corporation, is registered as a broker-dealer under the Securities Exchange Act of 1934, as amended ("Exchange Act"). IFD currently serves as the distributor of the existing series of the Trust. The Trusts and each existing or future registered open-end management investment company or series thereof that is in the same group of investment companies, as defined in section 12(d)(1)(G)(ii) of the Act, as the Trusts and that is advised by IIL, DSL or IIM or any entity controlling, controlled by or under common control with IIL, DSL or IIM (the "Advisers"), together with series of the Trusts are referred to as the "Funds." Applicants request the exemption to the extent necessary to permit any Fund that may invest in other funds in reliance on Section 12(d)(1)(G) of the Act, and which is also eligible to invest in securities (as defined in section 2(a)(36) of the Act) in reliance on rule 12d1-2 under the Act, to also invest, to the extent consistent with its investment objective, policies, strategies and limitations, in financial instruments that may not be securities within the meaning of section 2(a)(36) of the Act ("Other Investments").<sup>1</sup>

2. Consistent with its fiduciary obligations under the Act, each Fund's board of trustees or directors will review the advisory fees charged by the Fund's investment adviser to ensure that they are based on services provided that are in addition to, rather than duplicative of, services provided pursuant to the advisory agreement of any investment company in which the Fund may invest.

#### *Applicants' Legal Analysis*

1. Section 12(d)(1)(A) of the Act provides that no registered investment company ("acquiring company") may acquire securities of another investment company ("acquired company") if such securities represent more than 3% of the acquired company's outstanding voting stock or more than 5% of the acquiring company's total assets, or if such securities, together with the securities of other investment companies, represent more than 10% of the acquiring

company's total assets. Section 12(d)(1)(B) of the Act provides that no registered open-end investment company may sell its securities to another investment company if the sale will cause the acquiring company to own more than 3% of the acquired company's voting stock, or cause more than 10% of the acquired company's voting stock to be owned by investment companies.

2. Section 12(d)(1)(G) of the Act provides that section 12(d)(1) will not apply to securities of an acquired company purchased by an acquiring company if: (i) the acquiring company and acquired company are part of the same group of investment companies; (ii) the acquiring company holds only securities of acquired companies that are part of the same group of investment companies, government securities, and short-term paper; (iii) the aggregate sales loads and distribution-related fees of the acquiring company and the acquired company are not excessive under rules adopted pursuant to section 22(b) or section 22(c) of the Act by a securities association registered under section 15A of the Exchange Act or by the Commission; and (iv) the acquired company has a policy that prohibits it from acquiring securities of registered open-end management investment companies or registered unit investment trusts in reliance on section 12(d)(1)(F) or (G) of the Act.

3. Rule 12d1-2 under the Act permits a registered open-end investment company or a registered unit investment trust that relies on section 12(d)(1)(G) of the Act to acquire, in addition to securities issued by another registered investment company in the same group of investment companies, government securities, and short-term paper: (1) Securities issued by an investment company that is not in the same group of investment companies, when the acquisition is in reliance on section 12(d)(1)(A) or 12(d)(1)(F) of the Act; (2) securities (other than securities issued by an investment company); and (3) securities issued by a money market fund, when the investment is in reliance on rule 12d1-1 under the Act. For the purposes of rule 12d1-2, "securities" means any security as defined in section 2(a)(36) of the Act.

4. Section 6(c) of the Act provides that the Commission may exempt any person, security, or transaction from any provision of the Act, or from any rule under the Act, if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policies and provisions of the Act.

5. Applicants state that the proposed arrangement would comply with the provisions of rule 12d1-2 under the Act, but for the fact that the Funds may invest a portion of their assets in Other Investments. Applicants request an order under section 6(c) of the Act for an exemption from rule 12d1-2(a) to allow the Funds to invest in Other Investments. Applicants assert that permitting the Funds to invest in Other Investments as described in the application would not raise any of the concerns that the requirements of section 12(d)(1) were designed to address.

#### *Applicants' Condition*

Applicants agree that the order granting the requested relief will be subject to the following condition:

Applicants will comply with all provisions of rule 12d1-2 under the Act, except for paragraph (a)(2) to the extent that it restricts any Fund from investing in Other Investments as described in the application.

(the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule from interested persons.

## **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to amend Chapter IV, Section 6 (Series of Options Contracts Open for Trading) of the Rules of the Boston Options Exchange Group, LLC ("BOX") to expand the \$1 Strike Price Program. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://nasdaqomxbx.cchwallstreet.com/NASDAQOMXB/Filings/>.

## **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

### **A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

#### **1. Purpose**

The purpose of the proposed rule change is to expand the \$1 Strike Price Program (the "Program").<sup>3</sup> The \$1 Strike Price Program currently allows BOX to select a total of 10 individual stocks on which option series may be listed at \$1 strike price intervals. In order to be eligible for selection into the Program, the underlying stock must close below \$50 in its primary market on the previous trading day. If selected for the Program, BOX may list strike prices at \$1 intervals from \$3 to \$50, but no \$1 strike price may be listed that is greater than \$5 from the underlying stock's

closing price in its primary market on the previous day. BOX may also list \$1 strikes on any other option class designated by another securities exchange that employs a similar Program under their respective rules. BOX may not list long-term option series ("LEAPS") at \$1 strike price intervals for any class selected for the Program. BOX also is restricted from listing any series that would result in strike prices being \$0.50 apart.

The Exchange now proposes to expand the Program to allow BOX to select a total of 55 individual stocks on which option series may be listed at \$1 strike price intervals, and to expand slightly the price range on which BOX may list \$1 strikes, *i.e.*, from \$1 to \$50. The existing restrictions on listing \$1 strikes would continue, *i.e.*, no \$1 strike price may be listed that is greater than \$5 from the underlying stock's closing price in its primary market on the previous day, and BOX is restricted from listing any series that would result in strike prices being \$0.50 apart.

As stated in the filings establishing BOX's Program and in subsequent extensions and expansions of the Program, BOX believes that \$1 strike price intervals provide investors with greater flexibility in the trading of equity options that overlie lower price stocks by allowing investors to establish equity options positions that are better tailored to meet their investment objectives. Indeed, Participants representing customers have repeatedly requested that BOX seek to expand the Program in terms of the number of classes on which option series may be listed at \$1 strike price intervals. The Exchange notes that current market conditions, in which the number of securities trading below \$50 has increased dramatically, further warrant the expansion of the Program.

The Exchange is also proposing to set forth a delisting policy. Specifically, BOX would, on a monthly basis, review series that were originally listed under the \$1 Strike Price Program with strike prices that are more than \$5 from the current values of the options classes in the Program. BOX would delist series with no open interest in both the put and the call series having a: (i) Strike higher than the highest strike price with open interest in the put and/or call series for a given expiration month; and (ii) strike lower than the lowest strike price with open interest in the put and/or call series for a given expiration month.

Notwithstanding the proposed delisting policy, BOX could grant Participant requests to add strikes and/

or maintain strikes in certain options classes in series eligible for delisting.

Further, in connection with the proposed delisting policy, if BOX identifies series for delisting, BOX shall notify other options exchanges with similar delisting policies regarding eligible series for listing, and shall work with such other exchanges to develop a uniform list of series to be delisted, so as to ensure uniform series delisting of multiply listed options classes. The Exchange expects that the proposed delisting policy will be adopted by other options exchanges that amend their rules to employ a similar expansion of the Program.

With regard to the impact on system capacity, BOX has analyzed its capacity and the Exchange represents that BOX and the Options Price Reporting Authority ("OPRA") have the necessary systems capacity to handle the additional traffic associated with the listing and trading of an expanded number of series as proposed by this filing.

The Exchange believes that the \$1 Strike Price Program has provided investors with greater trading opportunities and flexibility and the ability to more closely tailor their investment strategies and decisions to the movement of the underlying security. Furthermore, the Exchange has not detected any material proliferation of illiquid options series resulting from the narrower strike price intervals. For these reasons, the Exchange requests an expansion of the current Program.

#### **2. Statutory Basis**

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,<sup>4</sup> in general, and Section 6(b)(5) of the Act,<sup>5</sup> in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the Exchange believes that expanding the current \$1 Strike Price Program will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions in a greater number of securities.

<sup>4</sup> 15 U.S.C. 78f(b).

<sup>5</sup> 15 U.S.C. 78f(b)(5).

<sup>3</sup> The \$1 Strike Price Program was established as a pilot in February 2004. See Securities Exchange Act Release Nos. 49292 (February 20, 2004), 69 FR 8993 (February 26, 2004) (SR-BSE-2004-01) (establishing the Pilot Program). The pilot was subsequently extended through June 5, 2008. See Securities Exchange Act Release Nos. 49806 (June 4, 2004), 69 FR 32640 (June 10, 2004) (SR-BSE-2004-22); 51778 (June 2, 2005), 70 FR 33562 (June 8, 2005) (SR-BSE-2005-18); 53855 (May 24, 2006), 71 FR 30973 (May 31, 2006) (SR-BSE-2006-19); and 55684 (April 30, 2007), 72 FR 26188 (May 8, 2007) (SR-BSE-2007-17). The pilot was subsequently expanded and made permanent in 2008. See Securities Exchange Act Release No. 57302 (February 11, 2008), 73 FR 8913 (February 15, 2008) (SR-BSE-2008-08).

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

The Exchange has neither solicited nor received comments on the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>6</sup> and Rule 19b-4(f)(6) thereunder.<sup>7</sup>

The Exchange has asked the Commission to waive the operative delay to permit the proposed rule change to become operative prior to the 30th day after filing. The Commission has determined that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest because such waiver will enable the Exchange to implement its proposed expansion of the Program contemporaneously with other exchanges,<sup>8</sup> and respond to increased customer demand for \$1 strikes without delay.<sup>9</sup> Therefore, the Commission designates the proposal operative upon filing. The Commission expects that the Exchange will continue to monitor the trading volume associated with the additional options series listed as a

result of this proposal and the effect of these additional series on market fragmentation and on the capacity of the Exchange's, OPRA's, and vendors' automated systems.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
