

SUMMARY: This correcting amendment corrects a technical error in the amendatory instructions of the regulations text in the final rule entitled “Medicare Program; Surety Bond Requirement for Suppliers of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS)” published in the January 2, 2009 **Federal Register** (74 FR 166). In that final rule, we implemented section 1834(a)(16)(B) of the Social Security Act (the Act) requiring certain Medicare suppliers of durable medical equipment, prosthetics, orthotics and supplies (DMEPOS) to furnish CMS with a surety bond. In addition, in the January 2, 2009 final rule, we responded to public comments on the August 1, 2007 proposed rule (72 FR 42001). The effective date for the January 2, 2009 final rule was March 3, 2009.

DATES: *Effective Date:* This correcting amendment is effective March 27, 2009.

SUPPLEMENTARY INFORMATION:

I. Background and Summary of Error

In FR Doc. E8-30802 issued on January 2, 2009 (74 FR 166), the final rule entitled “Medicare Program; Surety Bond Requirement for Suppliers of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS), there was a technical error that is identified and corrected in this document. The error was the result of a conflicting amendatory instruction in the “Payment Policies Under the Physician Fee Schedule and Other Revisions to Part B for CY 2009” final rule with comment period (73 FR 69726) that was effective January 1, 2009. The correction in this correcting amendment is effective on March 27, 2009.

On page 198 of the January 2, 2009 final rule, we made a technical error in the amendatory instruction for § 424.57. In the first amendatory instruction 2.D., the phrase “Redesignating paragraphs (d) and (e) as paragraphs (e) and (f)” should be corrected to read “Redesignating paragraphs (d) and (e) as paragraphs (e) and (g).”

II. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a notice such as this take effect, in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). We also ordinarily provide a 30-day delay in the effective

date of the provisions of a notice in accordance with section 553(d) of the APA (5 U.S.C. 553(d)). However, we can waive both the notice and comment procedure and the 30-day delay in effective date if the Secretary finds, for good cause, that it is impracticable, unnecessary or contrary to the public interest to follow the notice and comment procedure or to comply with the 30-day delay in the effective date, and incorporates a statement of the findings and the reasons in the notice.

This action merely corrects a technical error in the January 2, 2009 final rule that was promulgated through notice and comment rulemaking. We are in no way changing the policy contained in that rule. For this reason, we find that both notice and comment and the 30-day delay in effective date for this action are unnecessary. Therefore, we find there is good cause to waive notice and comment procedures and the 30-day delay in effective date for this action.

SUPPLEMENTARY INFORMATION:

I. Background

A. Regulatory History

On November 25, 2008, we published a final rule entitled “Medicaid Program; Premiums and Cost Sharing” in the **Federal Register** to implement and interpret the provisions of sections 6041, 6042, and 6043 of the Deficit Reduction Act of 2005 (DRA), and section 405(a)(1) of the Tax Relief and Health Care Act of 2006 (TRHCA) (73 FR 71828). The DRA was amended by the TRHCA which revised sections 6041, 6042, and 6043 of the DRA including limitations on cost sharing for individuals with family incomes at or below 100 percent of the Federal poverty line. These sections amended the Social Security Act (the Act) by adding a new section 1916A to provide State Medicaid agencies with increased flexibility to impose premium and cost sharing requirements on certain Medicaid recipients. The final rule allowed for flexibility to supplement the

existing authority States have to impose premiums and cost sharing under section 1916 of the Act. The DRA provisions also specifically address cost sharing for non-preferred drugs and non-emergency care furnished in a hospital emergency department. In addition, in the November 25, 2008 final rule, we responded to public comments on the February 22, 2008 proposed rule (73 FR 9727).

Subsequent to the publication of the November 25, 2008 final rule, in accordance with the memorandum of January 20, 2009 from the Assistant to the President and the Chief of Staff, entitled “Regulatory Review,” we published a final rule in the **Federal Register** to temporarily delay for 60 days the effective date of the November 25, 2008 final rule entitled, “Medicaid Program; Premiums and Cost Sharing” (January 27, 2009, 74 FR 4888). The final rule also reopened the comment period on the policies set out in the November 25, 2008 final rule. We received 5 public comments in response to the January 27, 2009 final rule.

B. New Legislation

The American Recovery and Reinvestment Act of 2009 (ARRA), Pub. L. 111-5, was enacted on February 17, 2009. Certain provisions of ARRA affect current regulations regarding premiums and cost sharing. Specifically, section 5006(a) of ARRA added section 1916(j) to the Social Security Act (the Act) to provide that effective December 31, 2009, the Medicaid program and the Children’s Health Insurance Program (CHIP) are prohibited from imposing an enrollment fee, premium, or similar charge, or deduction, copayment, cost-sharing or similar charge on American Indians and Alaska Natives for services provided directly by the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization or through referral under contract health services for which payment may be made.

II. Provisions of the Final Rule

This action delays the effective date of the November 25, 2008 final rule. The effective date of that rule, which would have been March 27, 2009, is now December 31, 2009. Upon review and consideration of the new provisions of ARRA and the public comments we received during the reopened comment period, we believe that it may be necessary to revise a substantial portion of the November 25, 2008 final rule. Therefore, to inform future rulemaking on this issue, we are delaying the effective date a second time to give the public an additional opportunity to

submit additional comments on the policy set forth in the November 25, 2008 final rule as well as the provisions of ARRA, discussed above. We anticipate that this time period will allow sufficient time for CMS to consider such comments and develop appropriate revisions to the delayed rule.

IV. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a notice such as this take effect, in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). We also ordinarily provide a 30-day delay in the effective date of the provisions of a notice in accordance with section 553(d) of the APA (5 U.S.C. 553(d)). However, we can waive both the notice and comment procedure and the 30-day delay in effective date if the Secretary finds, for good cause, that it is impracticable, unnecessary or contrary to the public interest to follow the notice and comment procedure or to comply with the 30-day delay in the effective date, and incorporates a statement of the finding and the reasons in the notice.

This final rule delays the effective date of the final rule that was promulgated through notice and comment rulemaking, and does not make substantive changes to the policies that were finalized in the final rule. Delay in the effective date and reopening of the comment period is necessary to ensure that the final rule fully takes into account public comments, and conforms to recently enacted legislation, before the rule becomes effective. We do not believe that there will be any adverse impact or effect on the public from this delay in the effective date. Moreover, it would not be in the public interest for the underlying rule to go into effect, or to have uncertainty about whether it is in effect, when the underlying rule does not conform to statutory requirements. In addition, it is not in the public interest to put into effect a rule that we intend to revise in a reasonable time frame after fully taking into account public comment. For the reasons stated above, we find that both notice and comment procedures and the 30-day delay in effective date for this final rule are unnecessary and contrary to the public interest. Therefore, we find there is good cause to waive notice and comment procedures and the 30-day delay in effective date for this final rule.

RIN 0648-XN88

Fisheries of the Northeastern United States; Summer Flounder, Scup, and Black Sea Bass Fisheries; 2009 Scup and Black Sea Bass Specifications; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correction.

SUMMARY: On January 2, 2009, NMFS published in the **Federal Register** a final rule containing final specifications for the 2009 scup and black sea bass fisheries. On six occasions in the preamble text of that rule, the English system of measurement in pounds for various iterations of the scup and black sea bass specifications were incorrectly converted into metric system of measurement equivalents. This document corrects those values to insure that the metric values are consistent with the 2009 specifications.

DATES: Effective March 27, 2009, through December 31, 2009.

FOR FURTHER INFORMATION CONTACT: Michael Ruccio, Fishery Policy Analyst, (978) 281-9104.

SUPPLEMENTARY INFORMATION: The final rule, including final quota specifications (i.e., commercial quota and recreational harvest limit) for the 2009 summer flounder, scup, and black sea bass fisheries was published in the **Federal Register** on January 2, 2009 (74 FR 29). On page 32, in the first column, the proposed scup Total Allowable Catch (TAC) is listed as 5,339 metric tons (mt), the TAC implemented by the final rule in the second column is listed as 5,796 mt, and the Total Allowable Landings

(TAL) is listed as 4,170 mt. In the third column, the commercial quota is listed at 3,123 mt, and the recreational harvest limit is listed as 965 mt.

The corrected values for these scup specification values are as follows: The 2009 proposed TAC is 5,307 mt, the final rule TAC is 7,049 mt, the final rule TAL is 5,071 mt, the commercial quota is 3,798 mt, and the recreational harvest limit is 1,173 mt.

The black sea bass commercial quota in the first column of page 35 is listed as 1,043 mt. The corrected value for the commercial quota is 495 mt.

Classification

Pursuant to 5 U.S.C. 553(b)(B), the Assistant Administrator finds good cause to waive prior notice and opportunity for additional public comment for this action because any delay of this action would be contrary to the public interest. As explained above, this rule corrects various metric values for the 2009 scup TAC, TAL, commercial quota, and recreational harvest limit and black sea bass commercial quota that had already been published in the **Federal Register**. In the final specifications rule published January 2, 2009 (74 FR 29), the various quota iterations were correctly listed in the English system of measurement. These values were inadvertently converted to the metric system utilizing the incorrect conversion factor and thus, the metric values listed in the final specifications rule are not correct or equal to the English system values. To delay this correction notice would cause confusion over the aforementioned available 2009 scup and black sea bass harvest levels because of the disparity between the English system of measurement, in pounds, and the metric expression of those same values, in metric tons that were incorrectly converted in the original specifications that published January 2, 2009 (74 FR 29). Moreover, pursuant to 5 U.S.C. 553(d), the Assistant Administrator finds good cause to waive the 30-day delay in effective date for the reasons given above. Delaying the rule for 30 days may negatively impact fishermen accustomed to referring to the metric system of measurement because the values for the aforementioned harvest levels were incorrectly converted from the English system of measurement in the final specifications. The immediate publication of the correct information will rectify any confusion on the matter of what the metric expression of the 2009 scup and black sea bass harvest levels should be.

Because prior notice and opportunity for public comment are not required for

this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

This final rule is exempt from review under Executive Order 12866.

Correction

Accordingly, the final rule FR Doc. E8-31236, published on January 2, 2009 (74 FR 29), is corrected as follows:

1. On page 32:

a. In the first column, in the last paragraph, in the seventh line, “(5, 339-mt) scup Total Allowable Catch” is corrected to read “(5,307-mt) scup Total Allowable Catch” and in the second column, in the last paragraph, in the second line, “(5,796-mt) scup TAC” is corrected to read “(7,049-mt) scup TAC”, and in the third line, “(4,170-mt) scup TAL.” is corrected to read “(5,071-mt) scup TAL”.

b. In the third column, in the seventh line, “commercial quota of 8,373,848 lb (3,123 mt) is corrected to read “commercial quota of 8,373,848 lb (3,798 mt) and in the eighth and ninth lines, “recreational harvest limit of 2,585,952 lb (965 mt).” is corrected to read “recreational harvest limit of 2,585,952 lb (1,173 mt).”

2. On page 35, in the first column, in the fourth line, “(1,048-mt) black sea bass TAL.” is corrected to read “(495-mt) black sea bass TAL.”
