This proposed sale directly supports the Mexican government and serves the interests of the Mexican people and the U.S.

The proposed sale of the patrol aircraft will allow the Mexican Navy to perform enhanced surveillance missions, which will support its interdiction activities and rapid response of law enforcement in Mexico.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor is EADS North America in Arlington, Virginia. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U. S. Government personnel in country. One contractor representative is requested for a period of four years to provide logistic support services.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
