

meaning of the split pea class, "Winter Split Peas." The introduction of an amended whole dry pea class, "Mottled Peas," which includes both spring and fall planted peas, requires that the current winter split pea definition be expanded to be more inclusive, and the descriptive classification term be changed to be more representative of the whole peas used in the production of this type of split pea. GIPSA believes that the classification term, "Miscellaneous Split Peas," would be appropriate. Proposed changes in the general definition of split peas, as well as the specific classification definitions, are also being made to bring them more in line with those being proposed for whole dry peas.

Proposed GIPSA Action

GIPSA is proposing to revise select descriptive classification terms and definitions to allow new and future winter dry pea releases to be marketed as smooth yellow or green dry peas, and preserve purity of class by grouping colored or distinctively mottled peas (*i.e.*, traditional winter dry and maple peas), regardless of planting date. GIPSA is proposing to revise the definitions for the following classes as follows:

1. "Whole Dry Peas." Threshed seeds of the garden type pea plant (*Pisum sativum* L. and *Pisum sativum* var. *arvense* (L.) Poir.) which after the removal of dockage, contain 50 percent or more of whole peas and not more than 10.0 percent of foreign material.
2. "Smooth Yellow Dry Peas." Dry peas which have smooth seed coats and yellow cotyledons and contain not more than 1.5 percent of other classes.
3. "Smooth Green Dry Peas." Dry peas which have smooth seed coats and green cotyledons and contain not more than 1.5 percent of other classes.
4. "Wrinkled Dry Peas." Dry peas which have wrinkled seed coats and contain not more than 1.5 percent of other classes.
5. "Split Peas." Threshed seeds of the garden type pea plant (*Pisum sativum* L. and *Pisum sativum* var. *arvense* (L.) Poir.) which have 50 percent or more of the peas split into halves or smaller pieces and contain not more than 10.0 percent of foreign material.
6. "Green Split Peas." Split peas from smooth green dry pea varieties.
7. "Yellow Split Peas." Split peas from smooth yellow dry pea varieties.

In addition, GIPSA proposes to replace the classification term and definition of "Winter Dry Peas" and "Winter Split Peas" with "Mottled Dry Peas" and "Miscellaneous Split Peas," respectively. The proposed changes read as follows:

1. "Mottled Dry Peas." Dry peas of the Austrian winter pea type and other peas which have colored or distinctively mottled seed coats which contain not more than 1.5 percent of other classes.

2. "Miscellaneous Split Peas." Split peas from classes of whole peas other than smooth green or smooth yellow dry pea varieties.

Taking into account the nature of the proposed changes, GIPSA will solicit comments for 30 days in order to help facilitate the marketing of whole dry peas and split peas.

All comments received will be considered by GIPSA before final action is taken on the proposal.

Certain Circular Welded Carbon Steel Pipes and Tubes from Taiwan: Final Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Allied Tube & Conduit Corporation, a domestic interested party, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on certain circular welded carbon steel pipes and tubes from Taiwan. This review covers one firm, Yieh Hsing Enterprise Co., Ltd. (Yieh Hsing), for the period May 1, 2007, through April 30, 2008. No interested party commented on the Department's intent to rescind this review based upon its determination that the party subject to this review did not have entries of subject merchandise during the period of review (POR) on which to assess antidumping duties.

EFFECTIVE DATE: April 20, 2009.

FOR FURTHER INFORMATION CONTACT: Steve Bezirgianian or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–1131 or (202) 482–0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 21, 2009, the Department published a notice of its intent to rescind this administrative review. *See Certain Circular Welded Carbon Steel Pipes and Tubes from Taiwan: Notice of Intent to Rescind Administrative Review*, 74 FR 3559 (January 21, 2009) (*Intent to Rescind*). We invited interested parties to comment on our preliminary intent to rescind this review based upon our determination that the party subject to this review did not have entries during the POR on which to assess antidumping duties. No interested party submitted comments.

Scope of the Order

The merchandise covered by the order is certain circular welded carbon steel pipes and tubes from Taiwan, which are defined as: welded carbon steel pipes and tubes, of circular cross section, with walls not thinner than 0.065 inch, and 0.375 inch or more but not over 4.5 inches in outside diameter, currently classified under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7306.30.5025, 7306.30.5032, 7306.30.5040, and 7306.30.5055. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Rescission of Administrative Review

The Department issued the *Intent to Rescind* because it was satisfied that there were no U.S. entries of subject merchandise from the respondent, Yieh Hsing, during the POR as indicated by the record. *See Intent to Rescind*, 74 FR at 3560. As the Department received no comments on its intent to rescind this review, it continues to find that rescission of the review is appropriate. Therefore, pursuant to 19 CFR 351.213(d), the Department is rescinding this review.

Assessment

The Department intends to issue assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after the date of publication of this rescission of administrative review. Because Yieh Hsing certified that it made no POR shipments of subject merchandise for which it had knowledge of U.S. destination, we will instruct CBP to liquidate any entries of merchandise produced by Yieh Hsing at the all-others rate established in the less-than-fair-value investigation if there is no rate for the exporter involved in the transaction. *See Antidumping*

and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003). See also *Certain Frozen Warmwater Shrimp from India: Partial Rescission of Antidumping Duty Administrative Review*, 73 FR 77610, 77612 (December 19, 2008).

Notification to Importers

This notice serves as a final reminder to importers for whom this review is being rescinded, of their responsibility under 19 CFR 351.402(f) to file a certificate regarding reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: April 13, 2009.

Wooden Bedroom Furniture from the People's Republic of China: Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review and New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 20, 2009.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Sergio Balbontin, AD/CVD

Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4474 or (202) 482-6478.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce ("the Department") published an antidumping duty order on wooden bedroom furniture ("WBF") from the People's Republic of China ("PRC") on January 4, 2005. See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Wooden Bedroom Furniture From the People's Republic of China*, 70 FR 329 (January 4, 2005). On March 7, 2008, the Department published notices of the initiation of the antidumping duty administrative review and new shipper reviews of WBF from the PRC for the period January 1, 2007, through December 31, 2007. See *Notice of Initiation of Administrative Review of the Antidumping Duty Order on Wooden Bedroom Furniture From the People's Republic of China*, 73 FR 12387 (March 7, 2008) and *Wooden Bedroom Furniture From the People's Republic of China: Initiation of New Shipper Reviews*, 73 FR 12392 (March 7, 2008). On August 22, 2008, the Department aligned the deadlines and the time limits of the new shipper reviews with the administrative review. See Memorandum to the File "Wooden Bedroom Furniture from the People's Republic of China: Alignment of the 1/1/2007 - 12/31/2007 Annual Administrative Review and the 1/1/2007 - 12/31/2007 New Shipper Review," dated August 22, 2008. On February 9, 2009, the Department published the preliminary results of the administrative review and the new shipper reviews. See *Wooden Bedroom Furniture From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative and New Shipper Reviews and Partial Rescission of Review*, 74 FR 6372 (February 9, 2009). The final results of the administrative and new shipper reviews are currently due no later than June 9, 2009.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to

complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 180 days. Completion of the final results of these reviews within the 120-day period is not practicable because the Department will conduct verification in the administrative review and one new shipper review after publication of the preliminary results and, therefore, needs additional time to complete verification reports, to provide an opportunity for comments by interested parties, and to analyze these comments by interested parties on the preliminary results and verification reports, and analyze information gathered at verification. Because it is not practicable to complete these reviews within the time specified under the Act, we are fully extending the time period for issuing the final results of the administrative and new shipper reviews in accordance with section 751(a)(3)(A) of the Act. Therefore, the final results will be due August 8, 2009, which is 180 days from publication of the preliminary results. Because August 8, 2009, falls on a Saturday, however, the final results are now due on the next business day, Monday, August 10, 2009. This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: April 13, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
