FEDERAL RESERVE SYSTEM

Federal Open Market Committee; Domestic Policy Directive of March 17 and 18, 2009

In accordance with § 271.25 of its rules regarding availability of information (12 CFR part 271), there is set forth below the domestic policy directive issued by the Federal Open Market Committee at its meeting held on March 17 and 18, 2009.¹

The Federal Open Market Committee seeks monetary and financial conditions that will foster price stability and promote sustainable growth in output. To further its long-run objectives, the Committee seeks conditions in reserve markets consistent with federal funds trading in a range of 0 to ¼ percent. The Committee directs the Desk to purchase GSE debt GSE-guaranteed MBS, and longer-term Treasury securities during the intermeeting period with the aim of providing support to private credit markets and economic activity. The timing and pace of these purchases should depend on conditions in the markets for such securities and on a broader assessment of private credit market conditions. The Committee anticipates that the combination of outright purchases and various liquidity facilities outstanding will cause the size of the Federal Reserve's balance sheet to expand significantly in coming months. The Desk is expected to purchase up to \$200 billion in housing-related GSE debt by the end of this year. The Desk is expected to purchase at least \$500 billion in GSE-guaranteed MBS by the end of the second quarter of this year and is expected to purchase up to \$1.25 trillion of these securities by the end of this year. The Committee also directs the Desk to purchase longer-term

¹ Copies of the Minutes of the Federal Open Market Committee at its meeting held on March 17 and 18, 2009, which includes the domestic policy directive issued at the meeting, are available upon request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The minutes are published in the Federal Reserve Bulletin and in the Board's annual report.

Treasury securities during the intermeeting period. Over the next six months, the Desk is expected to purchase up to \$300 billion of longer-term Treasury securities. The System Open Market Account Manager and the Secretary will keep the Committee informed of ongoing developments regarding the System's balance sheet that could affect the attainment over time of the Committee's objectives of maximum employment and price stability.

By order of the Federal Open Market Committee, April 9, 2009.

Secretary, Federal Open Market Committee.

GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0262]

General Services Administration Acquisition Regulation; Submission for OMB Review; Identification of Products With Environmental Attributes

AGENCY: General Services Administration.

ACTION: Notice of request for public comments regarding a extension to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the General Services Administration will be submitting to the Office of Management and Budget (OMB) a request to review and approve a renewal of a currently approved information collection requirement regarding identification of products with environmental attributes. A request for public comments was published at 73 FR 74721, December 9, 2008. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

DATES: Submit comments on or before: May 20, 2009.

FOR FURTHER INFORMATION CONTACT: Mr. Warren Blankenship, Procurement Analyst, Contract Policy Division, at telephone (202) 501-1900.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect

of this collection of information, including suggestions for reducing this burden to the General Services Administration, Regulatory Secretariat (VPR), 1800 F Street, NW., Room 4041, Washington, DC 20405, and a copy to the GSA Desk Officer, OMB, Room 10236, NEOB, Washington, DC 20503. Please cite OMB Control No. 3090-0262, Identification of Products with Environmental Attributes, in all correspondence.

SUPPLEMENTARY INFORMATION:

A. Purpose

General Services Administration (GSA) requires contractors submitting Multiple Award Schedule Contracts to identify in their GSA price lists those products that they market commercially that have environmental attributes. The identification of these products will enable Federal agencies to maximize the use of these products to meet the responsibilities expressed in statutes and executive orders.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on

proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Jail Diversion and Trauma Recovery—Priority to Veterans Program Evaluation—(OMB No. 0930-0277)—Revision

The Substance Abuse and Mental Health Services Administration's (SAMHSA), Center for Mental Health Services (CMHS) has implemented the Targeted Capacity Expansion Grants for Jail Diversion Programs, and the Jail Diversion and Trauma Recovery Program represents the newest cohort of grantees. The Program currently collects client outcome measures from program participants who agree to participate in the evaluation. Data collection consists of interviews conducted at baseline, 6- and 12-month intervals.

The current proposal requests:

1. Substituting CMHS NOMS items for GPRA items. At the time of the previous OMB submission, the NOMS measures were not finalized.

2. Replacing the DC trauma Screen with a new set of traumatic event questions. The new trauma questions better reflect the experiences of the target population.

3. Replacing the Colorado Symptom Index with the BASIS 24.

4. Adding questions related to military service experience at the baseline. These items will be added to capture characteristics of the target population of the new grantee cohort, veterans.

5. Adding questions on military combat experience at the six month interview only. These items will capture

the types of traumatic experiences among clients with a combat history.

6. Adding questions on lifetime mental health/substance use and service use and the CAGE to the baseline. These questions will be added to capture client's history of involvement with mental health and substance abuse systems, and the four CAGE items assess alcohol dependence.

7. Adding several lifetime criminal justice questions. These questions will assess client's lifetime involvement with the criminal justice system.

8. Adding the Recovery Enhancing Environment (REE) instrument to all interviews. The REE is a consumer oriented measure of recovery, a new and important program outcome.

9. Removing the MacArthur Perceived Coercion Scale from all instruments.

10. Removing the Mental Health Statistics Improvement Program questions from follow-up interviews. (These are replaced by a similar, but shorter, NOMS scale.)

The NOMS measures that are proposed for substitution of the GPRA measures have the same administration time and do not lengthen the interview. Two of the proposed additions (the REE and the lifetime MH/SA) will add 5 minutes each and the criminal justice questions will add 3 minutes. The military service questions will add an average of 4 minutes, as not all respondents are expected to answer these questions because grantees may serve non-veteran clients. The removal of the MacArthur Coercion Instrument reduces the baseline interview by 5 minutes and removal of the MHSIP reduces the follow-up interview by 5 minutes. The net lengthening of the instrument is 12 minutes for the baseline interview, and there is no net increase in length to the 6- and 12-month interviews.

The Program also collects data on program participants from records. The revisions to these instruments are formatting in nature.

New grantees were awarded on September 30, 2008 under the Jail Diversion and Trauma Recovery Program will commence data collection efforts in FY 2009; anticipated grantees awarded on September 30, 2009 would commence data collection in FY 2010; and anticipated grantees awarded on September 30, 2010 would commence data collection in FY 2011. The following tables summarize the burden for the data collection.
