BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of a Finding of No Significant Impact for the Wireless Telecommunication Plan/ Environmental Assessment; Rock Creek Park, Washington, DC

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice of Availability of a Finding of No Significant Impact for the Wireless Telecommunication Plan and Environmental Assessment, Rock Creek Park, Washington, DC.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), and to 40 CFR 1501.4(e), the National Park Service (NPS) has prepared, and hereby announces the availability of a Notice of Availability of a Finding of No Significant Impact (FONSI) for the Wireless Telecommunication Plan and Environmental Assessment, Rock Creek Park, Washington, DC. The plan will provide all administered units of Rock Creek Park with a consistent framework for protecting park resources during the consideration of "right-of-way permit"

applications and other inquiries submitted to the park for the construction, operation, and maintenance of wireless telecommunication facilities (WTF).

The FONSI includes a project background, a description of the relevant legal authorities impacting the Wireless Telecommunications Plan, a description of the selected alternative, a synopsis of other alternatives considered, a description of the environmentally preferable alternative, a discussion of why the selected alternative will not have a significant impact on the human environment, how it will not impair park resources or values, and a description of public involvement in the planning process. Pursuant to NPS policy, it also includes as attachments responses to public comments and errata sheets

DATES: The FONSI is dated January 29, 2009, and it is available on the Planning Environment and Public Comment (PEPC) Web site at <http://www.parkplanning.nps.gov/rocr>.

ADDRESSES: Copies of the FONSI can be requested in person at Rock Creek Park, 3545 Williamsburg Lane, NW., Washington, DC 20008, or by phone (202) 895-6000.

FOR FURTHER INFORMATION CONTACT:

Adrienne Applewhaite-Coleman, Superintendent, Rock Creek Park: 3545 Williamsburg Lane, NW., Washington, DC 20008; (202) 895-6004; or by e-mail: Adrienne.Applewhaite-Coleman@nps.gov.

SUPPLEMENTARY INFORMATION: The FONSI summarizes one selected alternative that meets the goals of both the preferred alternative and the preferred environmental alternative for siting WTF within Rock Creek Park. The document also describes the other alternatives, but does not provide an analysis. The alternatives analysis can be found in the Wireless Telecommunication Plan and Environmental Assessment. The selected alternative outlined in the FONSI will guide the future siting, building and permitting of WTF in Rock Creek Park. The NPS decided to develop this Plan in its 2003 FONSI on the 2003 Environmental Assessment of the park's existing WTF, which resulted from litigation about those WTF.

Selected Alternative

Under the selected alternative, the park has identified areas where coverage gaps for wireless telecommunication service exist and encourages applicants to site facilities in these areas provided no conflicts with the park mission and planned uses exist. In these areas,
