

exchange.⁶ In particular, it is consistent with Section 6(b)(4) of the Act,⁷ which requires that the rules of a national securities exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other parties using its facilities, and Section 6(b)(5) of the Act,⁸ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission also finds that the proposed rule change is consistent with the provisions of Section 6(b)(8) of the Act,⁹ which requires that the rules of an exchange not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Finally, the Commission finds that the proposed rule change is consistent with Rule 603(a) of Regulation NMS,¹⁰ adopted under Section 11A(c)(1) of the Act, which requires an exclusive processor that distributes information with respect to quotations for or transactions in an NMS stock to do so on terms that are fair and reasonable and that are not unreasonably discriminatory.¹¹

This proposal would make permanent the NYSE Arca Realtime Reference Prices service and make permanent the \$30,000 flat monthly fee for that service.¹² The Commission has reviewed the proposal using the approach set forth in the NYSE Arca Order for non-core market data fees.¹³ There are a variety of alternative sources

of information that impose significant competitive pressures on NYSE Arca in setting the terms for distributing the NYSE Arca Realtime Reference Prices service. The Commission believes that the availability of those alternatives, as well as NYSE Arca's compelling need to attract order flow, imposed significant competitive pressure on NYSE Arca to act equitably, fairly, and reasonably in setting the terms of its proposal.

Because NYSE Arca was subject to significant competitive forces in setting the terms of the proposal, the Commission will approve the proposal in the absence of a substantial countervailing basis to find that its terms nevertheless fail to meet an applicable requirement of the Act or the rules thereunder. An analysis of the proposal does not provide such a basis.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-NYSEArca-2009-32), be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

May 27, 2009.

I. Introduction

On March 25, 2009, Financial Industry Regulatory Authority, Inc. ("FINRA") (f/k/a National Association of Securities Dealers, Inc. ("NASD"))

filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to (1) adopt NASD Rules 2130 (Obtaining an Order of Expungement of Customer Dispute Information from the Central Registration Depository (CRD System)), 2810 (Direct Participation Programs) and 3115 (Requirements for Alternative Trading Systems to Record and Transmit Order and Execution Information for Security Futures) as FINRA rules in the consolidated FINRA rulebook without material change; and (2) adopt NASD Rule 2342 (SIPC Information) in the consolidated FINRA rulebook without material change and to delete NYSE Rule 409A (SIPC Disclosures). The proposed rule change would renumber NASD Rule 2130 as FINRA Rule 2080, NASD Rule 2810 as FINRA Rule 2310, NASD Rule 3115 as FINRA Rule 4551 and NASD Rule 2342 as FINRA Rule 2266 in the consolidated FINRA rulebook. On April 14, 2009, FINRA filed Amendment No. 1 to the proposed Rule Change.³ The proposed rule change was published for comment in the **Federal Register** on April 15, 2009.⁴ The Commission received no comment letters on the proposed rule change. This order approves the proposed rule change as amended.

II. Description of the Proposed Rule Change

FINRA is proposing to adopt NASD Rule 2130 without material change in the Consolidated FINRA Rulebook as FINRA Rule 2080. NASD Rule 2130 addresses the expungement of customer dispute information from the Central Registration Depository system.

FINRA is proposing to adopt NASD Rule 2810 without material change in the Consolidated FINRA Rulebook as FINRA Rule 2310. NASD Rule 2810 addresses underwriting terms and arrangements in public offerings of direct participation programs and unlisted real estate investment trusts.

FINRA is proposing to adopt NASD Rule 3115 without material change in the Consolidated FINRA Rulebook as FINRA Rule 4551. NASD Rule 3115 (Requirements for Alternative Trading Systems to Record and Transmit Order and Execution Information for Security Futures) requires alternative trading

¹¹ NYSE Arca is an exclusive processor of the NYSE Arca Realtime Reference Prices service under Section 3(a)(22)(B) of the Act, 15 U.S.C. 78c(a)(22)(B), which defines an exclusive processor as, among other things, an exchange that distributes information with respect to quotations or transactions on an exclusive basis on its own behalf.

systems ("ATSS")⁵ that accept orders for security futures⁶ to record and report to FINRA certain information regarding those orders, including the date and time the order was received, the security future product name and symbol, the details of the order, and the date and time that the order was executed. The rule provides FINRA with an audit trail of orders for security futures placed on an ATS.

FINRA is proposing to adopt NASD Rule 2342 without material change in the Consolidated FINRA Rulebook as FINRA Rule 2266 and to delete comparable Incorporated NYSE Rule 409A. NASD Rule 2342 and Incorporated NYSE Rule 409A were adopted in response to a May 2001 report issued by the Government Accountability Office ("GAO"), entitled "Securities Investor Protection: Steps Needed to Better Disclose SIPC Policies to Investors."⁷

III. Discussion and Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association.⁸ In particular, the Commission finds that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁹ which requires, among other things, that FINRA rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

The Commission believes that that transferring NASD Rule 2130 into the Consolidated FINRA Rulebook will ensure that its standards and procedures regarding expungement of customer dispute information from the CRD continue to be reasonably designed to ensure that information submitted to

and maintained in the CRD is accurate and complete. The Commission believes that transferring NASD Rule 2810 into the Consolidated FINRA Rulebook will ensure that policies and procedures regarding FINRA's members' participation in public offerings of Investment Programs continue to meet statutory mandates. The Commission believes that transferring NASD Rule 3115 into the Consolidated FINRA Rulebook will continue to allow ATSS to provide trading facilities for security futures while also ensuring that FINRA will receive sufficient information to maintain an audit trail regarding the trading of security futures on ATSS. Finally, the Commission believes that transferring NASD Rule 2342 into the Consolidated FINRA Rulebook will continue to ensure that SIPC information is provided to customers effectively. The proposed rule change makes non-material changes to rules that have proven effective in meeting the statutory mandates.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-FINRA-2009-016), as amended, be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹
