SUPPLEMENTARY INFORMATION: In 2003, Homeland Security Presidential Directive-8: National Preparedness (HSPD-8) called for establishing a system that would assess the Nation's overall preparedness and provide an annual status report of national preparedness. Three years later, the Post-Katrina Emergency Management Reform Act (PKEMRA) included requirements to establish a “comprehensive system to assess, on an ongoing basis, the Nation's prevention capabilities and overall preparedness.”

The National Preparedness Directorate (NPD) within FEMA is charged with developing the Comprehensive Assessment System (CAS). The CAS will, as mandated by PKEMRA 649(c)(1-4), assess compliance with the national preparedness system, the National Incident Management System (NIMS), and other related plans; assess capability levels against target levels; assess resource needs to meet target levels; and assess the performance of training, exercises, and operations.
