next iteration of national health promotion and disease prevention objectives. Healthy People provides science-based, 10-year national objectives for promoting health and preventing disease. Since 1979, Healthy People has set and monitored national health objectives to meet a broad range of health needs, encourage collaborations across sectors, guide individuals toward making informed health decisions, and measure the impact of our prevention and health promotion activities. Healthy People 2020 will reflect assessments of major risks to health and wellness, changing public health priorities, and emerging issues related to our nation's health preparedness and prevention.

Public Participation at Meeting:
Members of the public are invited to
listen to the online Committee meeting.
There will be no opportunity for oral
public comments during the online
Committee meeting. Written comments,
however, are welcome throughout the
development process of the national
health promotion and disease
prevention objectives for 2020. They can
be submitted through the Healthy
People Web site at: http://
www.healthypeople.gov/hp2020/

comments/ or they can be e-mailed to HP2020@hhs.gov. Please note that the public comment Web site will be updated throughout the Healthy People development process, so people should return to the site frequently and provide their input.

To listen to the Committee meeting, individuals must pre-register to attend at the Healthy People Web site located at http://www.healthypeople.gov.
Participation in the meeting is limited. Registrations will be accepted until maximum WebEx capacity is reached and must be completed by 9 a.m. EDT on August 14, 2009. A waiting list will be maintained should registrations exceed WebEx capacity. Individuals on the waiting list will be contacted as additional space for the meeting becomes available.

Registration questions may be directed to Hilary Scherer at *HP2020@norc.org* (e-mail), (301) 634–9374 (phone) or (301) 634–9301 (fax).

Dated: July 22, 2009.

Penelope Slade-Sawyer,

RADM, USPHS, Deputy Assistant Secretary for Health (Disease Prevention and Health Promotion).

Submission for OMB Review; Comment Request

Title: FPLS Child Support Services Portal Registration (FCSSP).

OMB No.: New Collection.

Description: The Federal Office of Child Support Enforcement (OCSE) is implementing the Federal Parent Locator Service (FPLS) Child Support Services Portal (FCSSP) for users of the FPLS to access online Web applications. The portal Registration Process will provide OCSE, States, employers and multistate financial institutions the ability to create a secure account to view data for their respective applications. In order for users to access the portal, registration is required.

Respondents: OCSE, Employers, Multistate Financial Institutions and State Child Support Agencies.

Annual Burden Estimates

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Registration Screens: Employers, Financial Institutions and State Child Support Agencies	520	1	0.10	52

Estimated Total Annual Burden Hours: 52.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. E-mail address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the Federal Register.

Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202–395–7245.

Attn: Desk Officer for the

Administration for Children and Families.

Dated: July 23, 2009.

Janean Chambers,

Reports Clearance Officer.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404–639–5960 and send comments to Maryam I. Daneshvar, CDC Acting Reports Clearance Officer, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Voluntary Product Satisfaction and Usability Assessment—New—National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Executive Order 12862 directs Federal agencies that provide services directly to the public to survey customers to determine the kind and quality of services they need and their level of satisfaction with existing services.

CDC releases a number of new products each year to its customers, a diverse group that includes health care providers, researchers, public health practitioners, policy makers, and the general public. The term product is broadly defined to include publications, Web pages, podcasts, e-cards, CD—ROMs, and videos. At present, there is no mechanism for evaluating whether

these products are meeting customer needs.

CDC is requesting a 3-year generic clearance in order to better evaluate its products. Obtaining feedback from customers on a regular, on-going basis will help ensure that customers find CDC products to be useful. This type of evaluation will allow CDC to maximize the impact of its products which will ultimately benefit the public's health.

The target audience will be limited to customers who request and receive CDC products. Customer participation in the evaluation is completely voluntary. Names of customers will not be collected. The only personal information collected will relate to professional discipline, job duties, and experience working with public health topics. No sensitive data (e.g., age, race, or gender) will be collected. The evaluation data will be collected using a combination of methodologies including:

- 1. Response cards via mail: Each product that is sent out will include a one-page response card along with a self-addressed and stamped envelope. Customers can then voluntarily choose whether to return the response card.
- 2. *E-mail announcements:* Products are released to customers via an e-mail announcement that includes a link to the electronic version of the product plus a link to a Web-based evaluation. Customers can then voluntarily choose whether to complete the evaluation.
- 3. Web-based assessments: Products are available on-line in an electronic format. Each product Web page will include a link to a Web-based evaluation. Customers can then voluntarily choose whether to complete the evaluation.

The information being collected will not impose a cost burden on the respondents beyond that associated with their time to provide the required data.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Evaluation method	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Customers	Response cards E-mail Assessments Web-Based Assessments	50,000 60,000 432,000	1 1 1	10/60 10/60 10/60	8,333 10,000 72,000
Total					90,333

Dated: July 22, 2009.

Maryam I. Daneshvar,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

Administration for Children and Families

Office of Community Services; Notice To Award a Single Source Program Expansion Supplement Under the American Recovery and Reinvestment Act (ARRA) to Technical Assistance by Community Action Program Legal Services, Inc.

AGENCY: Office of Community Services, ACF, HHS.

ACTION: Notice to award a Single Source Program Expansion Supplement under the American Recovery and Reinvestment Act (ARRA) to Technical Assistance by Community Action Program Legal Services, Inc.

CFDA#: 93.710.

Legislative Authority: The legislative authority for this award is provided in the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5). Additional legislative authority and requirements are provided in Section 674(b)(2)(B) of the CSBG Act, as amended, by the Community Opportunity Accountability, and Training and Educational Services (Coats Human Services Reauthorization Act of 1998) (Pub. L. 105–285).

Amount of Supplemental Award: \$96.952.

Project Period: September 30, 2006 through September 30, 2009.

SUMMARY: The Office of Community
Services (OCS) announces the awarding
of a \$96,952 single source program
expansion supplement to the
Community Action Legal Services, Inc.
(CAPLAW), located in Boston, MA, to
support training and technical
assistance on legal issues faced by
Community Action Agencies (CAAs)
related to the American Recovery and
Reinvestment Act of 2009 (ARRA). The
project activities are designed to support
and strengthen the ability of the CAA
network to comply with, and carry out,

Community Services Block Grant (CSBG) activities funded by ARRA. The training projects and resources developed under the award will include analysis and explanation of the practical impact of ARRA for States and CSBGeligible entities so that they can work more effectively to reach the ARRA goals and document how they have in fact reached those goals and used the ARRA funds. The project's overall approach is based on the following five key elements: (1) Technical assistance and issue-specific consultation; (2) Publications, including online postings on the CAPLAW Web site, e-Bulletins, and a print newsletter, which is also available on CAPLAW's Web site; (3) Online toolkit; (4) Presentations at CAA conferences, including CAPLAW's 2009 national training conference, and CAPLAW audio conferences.

The training and technical assistance CAPLAW will provide is particularly critical at this time due to the large temporary increase in funding of CSBG awards to eligible entities and the need for both rapid implementation of these programs and adherence to high
