The NHSC Site Profile, submitted by approved NHSC sites, provides an overview of the site. A completed profile will contain information such as,

the name of the sponsoring agency, site recruiter contact information, staffing levels, service users, charges for services, employment policies, etc. Assistance in completing the site profiles may be obtained through the appropriate State Primary Care Offices, State Primary Care Associations and the

NHSC. The site profiles will be posted with eligible vacancies on the NHSC Job Opportunities Web site. Site profiles are used as a marketing tool for the site to recruit prospective primary health care clinicians.

#### Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA)

publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, e-mail [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call the HRSA Reports Clearance Officer on (301) 443-1129.

#### Proposed Project: Ready Responders Program Application—New

The HRSA National Health Service Corps (NHSC) *Ready Responder Program* is comprised of an elite cadre of Commissioned Corps officers. These officers are assigned to practice in

NHSC-approved clinical sites located throughout the country within eligible Health Professional Shortage Areas. The purpose of the program is to increase access to primary care services in underserved communities and to assist sites in their efforts to recruit providers and become self-sustaining. In addition to providing direct patient care at the site where the officer is stationed, each Ready Responder typically works with the sites to develop various programs and activities such as emergency preparedness and response, patient education, staff development, staff recruitment, and sound business practices. Moreover, they are specially trained to deploy in the event of a local, regional, and national emergency.

This application will be used by NHSC sites to request the assignment of a NHSC Ready Responder. The document requires the applicant to describe the needs in their community and at their respective sites. The application also asks the site to describe the roles and responsibilities of the prospective Ready Responder. Completed applications will be collected and reviewed by NHSC staff.

The estimated annual burden is as follows:

Form	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Application .....	155	1	155	2.5	387.50
Total .....	155	1	155	2.5	387.50

#### SUPPLEMENTARY INFORMATION:

##### I. Background

In FR Doc. E9–9962 of May 1, 2009 (74 FR 20362), there were several typographical errors in Addendum B, Table 1—RY 2010 Wage Index For Urban Areas Based On CBSA Labor Market Areas—that are identified and corrected in the Correction of Errors section below.

## II. Correction of Errors

In FR Doc. E9–9962 of May 1, 2009 (74 FR 20362), make the following corrections: 1. On pages 20389, 20392, and 20399 in Addendum B, Table 1—RY 2010 Wage Index for Urban Areas Based on CBSA Labor Market Areas, there are typographical errors in the wage index values for several of the Core-Based Statistical Areas (CBSAs). The correct wage index values, not the values incorrectly published in the FY 2010 Inpatient Psychiatric Facilities (IPF) Prospective Payment System (PPS) notice, were implemented beginning on July 1, 2009. ## III. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and

comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons in the notice.

Section 553(d) of the APA ordinarily requires a 30-day delay in the effective date of rules after the date of their publication in the **Federal Register**. This 30-day delay in the effective date can be waived, however, if an agency finds for good cause that the delay is

impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued. This notice merely corrects typographical errors in the addendum of the RY 2010 IPF PPS notice and does not make any substantive changes to the policies or payment methodologies. The correct policies were implemented as of July 1, 2009. We are simply conforming the RY 2010 IPF PPS notice to those policies by
