

business-proprietary information from the record, AVISMA did not act to the best of its ability to comply with our requests for information. Thus, we continue to find that the use of adverse facts available is warranted for AVISMA under sections 776 (a)(2) and (b) of the Act. See *Preliminary Results*, 74 FR at 15436–37. As we explained in the *Preliminary Results*, the rate of 43.58 percent we selected as the adverse facts available rate for AVISMA is the highest transaction-specific rate on the record of the proceeding that we are able to corroborate in accordance with section 776(c) of the Act. *Id.*; see also Decision Memo.

### Final Results of the Review

We determine that a margin of 43.58 percent exists for AVISMA for the period April 1, 2007, through March 31, 2008.

### Assessment Rates

Because we are relying on total adverse facts available to establish the dumping margin for AVISMA, we will instruct CBP to apply a dumping margin of 43.58 percent to all entries of subject merchandise during the POR that were produced and/or exported by AVISMA. We intend to issue liquidation instructions to CBP 15 days after the publication of these final results of review.

### Cash-Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, consistent with section 751(a)(2)(C) of the Act: (1) The cash-deposit rate for AVISMA will be 43.58 percent; (2) for previously reviewed or investigated companies other than AVISMA, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash-deposit rate for all other manufacturers or exporters will continue to be the all-others rate established in the LTFV investigation, which is 21.01 percent. See *Notice of Antidumping Duty Order: Magnesium Metal From the Russian Federation*, 70 FR 19930 (April 15, 2005). These

deposit requirements shall remain in effect until further notice.

### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

### Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: August 4, 2009.

**DATES:** The meeting will convene at 1 p.m. on Monday, August 24, 2009 and conclude no later than 1 p.m. on Friday, August 28, 2009.

**ADDRESSES:** The meeting will be held at the NMFS, 75 Virginia Beach Drive, Miami, FL 33149.

**FOR FURTHER INFORMATION CONTACT:** Steven Atran, Population Dynamic Statistician, Gulf of Mexico Fishery Management Council; telephone: (813) 348-1630.

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico Fishery Management Council (Council) will convene the SEDAR Red Snapper Update Workshop (SEDAR) to conduct an update assessment of the SEDAR 7 red snapper benchmark stock assessment. An update assessment is a single workshop that utilizes the assessment models and input parameters from the previous full SEDAR benchmark assessment, with minor modifications if any, and updated data streams to update the results of the previous full assessment. The previous SEDAR 7 red snapper benchmark assessment was completed in 2004 with supplemental analyses in 2005. That assessment concluded that, as of 2003 (the final year of available catch data), the red snapper stock was overfished and was undergoing overfishing. In addition to updating the data streams previously used, the update assessment workshop will include a discussion on age distribution, growth and density dependent mortality of juvenile red snapper, and composition and changes of red snapper in shrimp trawl bycatch. The workshop will also include a review of the data inputs with respect to life history, indices of abundance, commercial and recreational fisheries statistics, and fishery independent data.

A copy of the agenda and related materials can be obtained by calling the Council office at (813) 348-1630.

Although other non-emergency issues not on the agendas may come before the SEDAR for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during this meeting. Actions of the SEDAR will be restricted to those issues specifically identified in the agendas and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's

intent to take action to address the emergency.

#### Certain Steel Grating from the People's Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:** Sean Carey or Justin Neuman, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14<sup>th</sup> Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-3964 and (202) 482-0486, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 18, 2009, the Department of Commerce (the Department) initiated the countervailing duty investigation of certain steel grating from the People's Republic of China. *See Certain Steel Grating From the People's Republic of China: Initiation of Countervailing Duty Investigation*, 74 FR 30278 (June 25, 2009). Currently, the preliminary determination is due no later than August 22, 2009.

##### Postponement of Due Date for the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, the Department may postpone making the preliminary determination until no later than 130 days after the date on which

the administering authority initiated the investigation if, among other reasons, the petitioner makes a timely request for an extension pursuant to section 703(c)(1)(A) of the Act. In the instant investigation, the petitioner made a timely request on July 22, 2009, requesting a postponement until 130 days from the initiation date. See 19 CFR 351.205(e) and the petitioner's July 22, 2009, letter requesting postponement of the preliminary determination. Therefore, pursuant to the discretion afforded the Department under 703(c)(1)(A) of the Act and because the Department does not find any compelling reason to deny the request, we are fully extending the due date for the preliminary determination. Therefore, the deadline for the completion of the preliminary determination is now October 26, 2009.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: August 3, 2009.
