DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[OSHA–2007–0004 (Formerly V–06–01)]

Gibraltar Chimney International, LLC, Hoffmann, Inc., and Kiewit Power Constructors Co.: Grant of a Permanent Variance

AGENCY: Occupational Safety and Health Administration (OSHA), Department of Labor.

ACTION: Notice of a grant of a permanent variance.

SUMMARY: This notice announces the grant of a permanent variance to Gibraltar Chimney International, LLC, Hoffmann, Inc., and Kiewit Power Constructors Co. (“the employers”). The permanent variance addresses the provision that regulates the tackle used for boatswain’s chairs (29 CFR 1926.452 (o)(3)), as well as the provisions specified for personnel hoists by paragraphs (c)(1) through (c)(4), (c)(8), (c)(13), (c)(14)(i), and (c)(16) of 29 CFR 1926.552. Instead of complying with these provisions, the employers must comply with a number of alternative conditions listed in this grant; these alternative conditions regulate hoist systems used during inside or outside chimney construction to raise or lower workers in personnel cages, personnel platforms, and boatswain’s chairs between the bottom landing of a chimney and an elevated work location. Accordingly, OSHA finds that these alternative conditions protect workers at least as well as the requirements specified by 29 CFR 1926.452(o)(3) and 1926.552(c)(1) through (c)(4), (c)(8), (c)(13), (c)(14)(i), and (c)(16). This permanent variance applies in Federal OSHA enforcement jurisdictions, and in those States with OSHA-approved State-Plans covering private-sector employers that have identical standards and have agreed to the terms of the variance.

DATES: The effective date of the permanent variance is August 18, 2009.

SUPPLEMENTARY INFORMATION:

I. Background

In the past 35 years, a number of chimney construction companies have demonstrated to OSHA that several personnel-hoist requirements (*i.e.*, paragraphs (c)(1), (c)(2), (c)(3), (c)(4), (c)(8), (c)(13), (c)(14)(i), and (c)(16) of 29 CFR 1926.552), as well as the tackle requirements for boatswain’s chairs (*i.e.*, paragraph (o)(3) of 29 CFR 1926.452), result in access problems that pose a serious danger to their workers. These companies requested permanent variances from these requirements, and proposed alternative equipment and procedures to protect workers while being transported to and from their elevated worksites during chimney construction and repair.
