DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Wonderyears, Inc.; Denial of Application

On December 17, 2007, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to Wonderyears, Inc. (Respondent), of Deerfield Beach, Florida. The Show Cause Order proposed the denial of Respondent's pending application for a DEA Certificate of Registration as a retail pharmacy on the ground that its

registration "would be inconsistent with the public interest." Show Cause Order at 1.

The Show Cause Order specifically alleged that on January 10, 2007, Daniel L. Dailey, Respondent's President and Chief Executive Officer, had applied for a DEA pharmacy registration to dispense controlled substances in schedules II through V. *Id.* The Show Cause Order alleged, *inter alia*, that Dailey had previously been the President and CEO of Powermedica, an entity which had held a DEA registration as a retail pharmacy, and that on several occasions, Special Agents of the Food and Drug Administration had obtained from Powermedica, anabolic steroids, which are schedule III controlled substances, without having any contact with a physician, in violation of federal and state laws. *Id.* at 2 (citing 21 U.S.C. 841; 21 CFR 1306.04, Fla. Stat. Ann. § 465.015(2)(c)).

On December 26, 2007, the Show Cause Order, which also notified Respondent of its rights under 21 CFR 1301.43, was served on it by certified mail to the address of its proposed registered location. Since that date, neither Respondent, nor anyone purporting to represent it, has requested a hearing. Because more than thirty days have elapsed since Respondent was served with the Show Cause Order, and Respondent has not requested a hearing, I conclude that Respondent has waived its right to a hearing. 21 CFR 1301.43(d). I therefore enter this Decision and Final Order based on relevant material contained in the investigative file and make the following findings.

Findings

Respondent is a Florida Corporation whose President is Daniel L. Dailey. On January 10, 2007, Respondent submitted an application for a DEA Certificate of Registration as a retail pharmacy and sought authority to handle controlled substances in schedules II through V, at the proposed location of 270 SW 12th Ave., Deerfield Beach, Florida. Respondent's application was prepared by Daniel L. Dailey.

On March 16, 2007, DEA Diversion Investigators (DIs) went to Respondent's principal place of business (which was an address different than that listed on its application) to conduct a pre-registration investigation and met with Dailey. Dailey, who was the only corporate officer of the entity, provided the DIs with a copy of Respondent's Articles of Incorporation and told the DIs that it would compound veterinary medications for swines and equines. Respondent, however, held only a

community pharmacy license from the State of Florida and Dailey told the investigator that he had not even applied to the State for a compounding pharmacy license. Dailey further maintained that he would not compound steroids, but rather, only non-controlled medications such as creams and gels.

A week later, Dailey telephoned one of the DIs and told her that he now needed a DEA registration because he was seeking a contract with two AIDS clinics. He also stated that he planned to sell controlled substances to physicians.

Dailey further told the DI that he had first become involved in the pharmaceutical business in November 2000, when he invested Powermedica, Inc. According to the records of the State of Florida, as well as a letter he submitted to the DI, Dailey "was the President and CEO of a company Powermedica, Inc., which was the subject of [an] FDA investigation in 2005." In the letter, Dailey further stated that Powermedica had "not been charged or fined by the Federal Authorities."

According to the investigative file, on June 20, 2005, the Florida Department of Health ordered the emergency suspension of the pharmacy permit held by Powermedica, Inc. See Order of Emergency Suspension of Permit, *In re: The Emergency Suspension of the Permit of PowerMedica, Inc.*, 1 (Fla. Dep't Health, 2005). The order found that "at all times material to [the] cases, Daniel L. Dailey was chief executive of Powermedica." *Id.* at 2. The order further found that on August 13, 2004, an FDA Special Agent (S/A) had visited Powermedica's Website and made an undercover purchase of stanozol (4 mg.), an anabolic steroid and schedule III controlled substance, by "complet[ing] a brief medical questionnaire," and entering some personal information including a "mailing address and credit card authorization." *Id.* at 3. On August 18, 2004, the FDA S/A received the stanozol. *Id.* at 4. The accompanying prescription listed the prescribing physician as Dr. Abi Almarashi. *Id.* Almarashi, whose office was located in Flushing, New York, had "never performed a physical examination of" the S/A and had never discussed with her "treatment options and the risks and benefits of treatment." *Id.*¹

The same day, another FDA S/A visited the Powermedica Web site and made an undercover purchase of

¹ According to the investigative file, Powermedica's Web site advertised that the company offered for sale various anabolic steroids.
