

events for involvement will be detailed in the public involvement program.

The Paperwork Reduction Act seeks, in part, to minimize the cost to the taxpayer of the creation, collection, maintenance, use, dissemination, and disposition of information. Consistent with this goal and with principles of economy and efficiency in government, it is FTA policy to limit insofar as possible distribution of complete printed sets of environmental documents. Accordingly, unless a specific request for a complete printed set of environmental documents is received (preferably in advance of printing), FTA and its grantees will distribute only the executive summary of the environmental document together with a Compact Disc of the complete environmental document. A complete printed set of the environmental document is available for review at the grantee's offices and elsewhere; an electronic copy of the complete environmental document is also available on <http://www.vta.org>.

The Supplemental Draft EIS will be prepared in accordance with NEPA and its implementing regulations issued by the Council on Environmental Quality (40 CFR parts 1500–1508) and with the FTA/Federal Highway Administration regulations "Environmental Impact and Related Procedures" (23 CFR part 771). In accordance with 23 CFR 771.105(a) and 771.133, FTA will comply with all Federal environmental laws, regulations, and executive orders applicable to the proposed project during the environmental review process to the maximum extent practicable. These requirements include, but are not limited to, the environmental and public hearing provisions of Federal transit laws (49 U.S.C. 5301(e), 5323(b), and 5324); the project-level air quality conformity regulation of the U.S. Environmental Protection Agency (EPA) (40 CFR part 93); the section 404(b)(1) guidelines of EPA (40 CFR part 230); the regulation implementing section 106 of the National Historic Preservation Act (36 CFR part 800); the regulation implementing section 7 of the Endangered Species Act (50 CFR part 402); section 4(f) of the Department of Transportation Act (23 CFR 771.135); and Executive Orders 12898 on environmental justice, 11988 on floodplain management, and 11990 on wetlands.

Related Documents: The Final Environmental Impact Report (April 2005), and the Final Supplemental Environmental Impact Report (April 2007) for the Capitol Expressway Corridor are available by contacting

Tom Fitzwater at the address and phone number given above.

Issued on: September 9, 2009.

Raymond Sukys,

Acting Regional Administrator.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Issuance of Final Report of the 2008 Amateur-Built Aircraft Aviation Rulemaking Committee.

AGENCY: Federal Aviation Administration, DOT.

SUMMARY: This notice announces the issuance of the final report of the 2008 Amateur-Built Aircraft Aviation Rulemaking Committee (2008 ARC). The report provides the 2008 ARC's recommendations regarding the disposition of (1) public comments received on the proposed changes to Order 8130.2F and AC 20–27G; (2) the definition of "fabrication" as it differs from "assembly" within the scope of Title 14, Code of Federal Regulations (14 CFR) part 21, Certification Procedures for Products and Parts, § 21.191(g), Operating amateur-built aircraft; and (3) a process to minimize the impact of the proposed policy on amateur-built kits evaluated by the FAA before February 15, 2008.

FOR FURTHER INFORMATION CONTACT:

Frank P. Paskiewicz, Manager, Production and Airworthiness Division, Aircraft Certification Service, AIR–200, Federal Aviation Administration, 950 L'Enfant Plaza, SW., 5th Floor, Suite 500, Washington, DC 20024; *telephone number:* (202) 385–6346. A copy of the final report may be obtained by accessing the FAA's Web site at http://www.faa.gov/aircraft/gen_av/ultralights/amateur_built/media/ARC_FINAL_2008_report.pdf.

SUPPLEMENTARY INFORMATION:

Background

On February 14, 2008, the 2006 Amateur-Built Aircraft Aviation Rulemaking Committee (ARC) published its Final Report. This report found that FAA directives setting policy for amateur-built aircraft "do not adequately address the issue of commercial assistance," determined that the "aircraft kit evaluation process is not standardized," and cited the need for additional training for inspectors to "fully understand the FAA's expectations when determining an aircraft's eligibility for an amateur-built certificate." Based on the ARC's report,

the FAA published a notice in the **Federal Register** on February 15, 2008,¹ temporarily suspending amateur-built aircraft kit evaluations. The FAA decided that its directives governing the amateur-built aircraft sector required review and revision.

Subsequently, the FAA published a notice in the **Federal Register** on July 15, 2008, announcing proposed changes to, and seeking public comments on (1) FAA Order 8130.2F, Airworthiness Certification of Aircraft and Related Products, Chapter 4, Special Airworthiness Certification, Section 9, Experimental Amateur-Built Airworthiness Certifications; and (2) AC 20–27G, Certification and Operation of Amateur-Built Aircraft.² The original comment period opened on July 15, 2008, and closed on August 15, 2008.

Upon request, the FAA extended the comment period to September 30, 2008,³ and then reopened the comment period from October 31, 2008, through December 15, 2008.⁴

On November 4, 2008, the Amateur-Built ARC was rechartered with Order 1110.143A, Amateur-Built Aircraft Aviation Rulemaking Committee to advise the FAA on issues concerning disposition of the public comments, the enhanced definition of the term "fabrication" and grandfathering of FAA-listed amateur-built aircraft kits.

The 2008 ARC met in Washington, DC on January 27 through 29, 2009, to consider the items listed above; the ARC also—

- Reevaluated the 20/20/11 requirement;⁵
- Evaluated an updated FAA Form 8000–38, Fabrication/Assembly Operation Checklist;
- Discussed the creation of a National Kit Evaluation Team, consisting of FAA

¹ Notice of Temporary Suspension of Amateur-Built Aircraft Kit Evaluations Previously Conducted by the Federal Aviation Administration, Aircraft Certification Service (73 FR 8926, February 15, 2008).

² Notification of Policy Revisions, and Requests for Comments on the Percentage of Fabrication and Assembly that Must Be Completed by an Amateur Builder to Obtain an Experimental Airworthiness Certificate for an Amateur-Built Aircraft (73 FR 40652, July 15, 2008).

³ See Notification of Policy Revisions, and Requests for Comments on the Percentage of Fabrication and Assembly That Must Be Completed by an Amateur Builder to Obtain an Experimental Airworthiness Certificate for an Amateur-Built Aircraft; Extension of Comment Period (73 FR 43278, July 24, 2008).

⁴ The FAA reopened the comment period because the proposed Order 8130.2F and AC 20–27G had been inadvertently removed from the FAA Web site during the comment period. (See 73 FR 65007, October 31, 2008.)

⁵ 20/20/11 was an FAA proposal requiring an amateur builder to fabricate a minimum 20 percent of an aircraft and assemble a minimum of 20 percent of the aircraft.

Aviation Safety Inspectors, to establish a standardized aircraft kit evaluation process; and

- Discussed the conversion of type-certificated aircraft into amateur-built aircraft.

The FAA will take the 2008 ARC's recommendations into consideration in the formulation of the final revisions to FAA Order 8130.2F, and AC 20-27G.

Dated: September 11, 2009.

Frank P. Paskiewicz,

Manager, Production and Airworthiness Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Membership in the National Parks Overflights Advisory Group Aviation Rulemaking Committee

ACTION: Notice.

SUMMARY: By **Federal Register** notices (See 74 FR 16442; April 10, 2009 and 74 FR 33014, July 9, 2009) the National Park Service (NPS) and the Federal Aviation Administration (FAA) invited interested persons to apply to fill vacant position on the National Parks Overflights Advisory Group (NPOAG) Aviation Rulemaking Committee (ARC). These notices invited interested persons to apply to fill two vacancies representing environmental and Native American tribal concerns due to the incumbent member's completion of their three-year term appointments on October 9, 2009. This notice informs the public of the persons selected to fill the vacancies on the NPOAG ARC.

FOR FURTHER INFORMATION CONTACT: Barry Brayer, Special Programs Staff, Federal Aviation Administration, Western-Pacific Region Headquarters, P.O. Box 92007, Los Angeles, CA 90009-2007, telephone: (310) 725-3800, e-mail: Barry.Brayer@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Public Law 106-18 1. The Act required the establishment of the advisory group within 1 year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. The Administrator of the FAA and the

Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

In accordance with the Act, the advisory group provides "advice, information, and recommendations to the Administrator and the Director—

(1) On the implementation of this title [the Act] and the amendments made by this title;

(2) On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan;

(3) On other measures that might be taken to accommodate the interests of visitors to national parks; and

(4) At the request of the Administrator and the Director, safety, environmental, and other issues related to commercial air tour operations over a national park or tribal lands."

Membership

The current NPOAG ARC is made up of one member representing general aviation, three members representing the commercial air tour industry, four members representing environmental concerns, and two members representing Native American interests. Current members of the NPOAG ARC are as follows:

Claire Kultgen representing general aviation; Alan Stephen, Elling Halvorson, and Matthew Zuccaro representing commercial air tour operations; Chip Dennerlein, Greg Miller, Kristen Brengel, and Don Barger representing environmental interests; and Rory Majenty and Richard Deertrack representing Native American tribes.

Selection

Selected to fill the vacancy for environmental concerns, for an additional term, is returning member Chip Dennerlein. Selected to fill the vacancy for Native American tribal concerns is Ray Russell, who will replace Richard Deertrack. Both these terms begin on October 10, 2009. The term of service for NPOAG ARC members is 3 years.

Issued in Hawthorne, CA on September 8, 2009.

Barry Brayer,

Manager, Special Programs Staff, Western-Pacific Region.
