

The Verification Division of the United States Citizenship and Immigration Services (USCIS) operates the Compliance Tracking and Management System (CTMS). CTMS collects and uses information necessary to support monitoring and compliance activities for researching and managing misuse, abuse, discrimination, breach of privacy, and fraudulent use of USCIS Verification Division's verification programs, the Systematic Alien Verification for Entitlements and E-Verify. This is a new system that requires publication of a PIA and System of Records Notice.

System: PRISM.

Component: Management Directorate.

Date of approval: June 4, 2009.

The DHS Management Directorate, Office of the Chief Procurement Officer is the owner of the PRISM contract writing management system. PRISM provides comprehensive, Federal Acquisition Regulation based acquisition support for all DHS headquarters entities. The purpose of this PIA is to document how PRISM collects, uses, disseminates, and maintains PII.

System: Vessel Requirements for Notices of Arrival and Departure and Automatic Identification System to add the Notice of Arrival on the Outer Continental Shelf Update.

Component: U.S. Coast Guard.

Date of approval: June 4, 2009.

This is a PIA update to the previous "Vessel Requirements for Notice of Arrival and Departure and Automatic Identification System Notice of Proposed Rulemaking" (NOA/D and AIS) PIA dated November 19, 2008. The United States Coast Guard (USCG) is publishing a Notice of Proposed Rulemaking entitled "Notice of Arrival on the Outer Continental Shelf." The USCG conducted this update because portions of this rulemaking will require an expansion of an existing collection of PII and because the system, Ship Arrival Notification System, which maintains the NOA information, will maintain this new collection of PII.

System: Chemical Facility Anti-Terrorism Standards.

Component: National Protection and Programs Directorate.

Date of approval: June 5, 2009.

This PIA update for the Chemical Facility Anti-Terrorism Standards (CFATS), formally the Chemical Security Assessment Tool (CSAT), describes the new PII collected through the CFATS Site Security Plan, the potential to collect PII through the CFATS Tipline, DHS's intention to share on a "need to know" basis the

business contact information of high-risk chemical facility personnel with public officials who have responsibilities related to chemical security and/or infrastructure security, and the ability for Chemical-terrorism Vulnerability Information (CVI) Authorized Users to update their PII.

System: Chemical Facility Anti-Terrorism Standards Update.

Component: National Protection and Programs Directorate.

Date of approval: June 11, 2009.

This PIA update for the CFATS covers the new collection of PII received from high-risk Chemical Facilities. NPPD will now collect PII from federal employees and contractors for the purpose of providing access to Chemical Facility Management System (CHEMS). CHEMS will transfer and secure the information from Chemical Security Assessment Tool (CSAT) to allow Federal employees and contractors the ability to contact an appropriate representative of high-risk chemical facilities, and to verify an individual's status as a CVI Authorized User.

System: Department of Homeland Security Web Portals.

Component: DHS-Wide.

Date of approval: June 15, 2009.

Many DHS operations and projects require collaboration and communication amongst affected stakeholders including employees, contractors, Federal, State, local and tribal officials, as well as members of the public. One method of effectuating such collaboration is the establishment of an online "portal" allowing authorized users to obtain, post and exchange information, access common resources, and generally communicate with similarly situated and interested individuals. DHS has written this general PIA to document these informational and collaboration-based portals in operation at DHS and its components which collect, use, maintain, and share limited PII about individuals who are "members" of the portal or who seek to gain access to the portal "potential members."

System: National Pollution Funds Center—Pollution Response Funding, Liability, and Compensation System.

Component: U.S. Coast Guard.

Date of approval: June 17, 2009.

The USCG National Pollution Funds Center's (NPFC) Pollution Response Funding, Liability, and Compensation System (PRFLACS) support the command's mission to administer the financial responsibility provisions in Title I of the Oil Pollution Act. The purpose of this PIA is to ensure that adequate privacy considerations and

protections continue to be applied to the PII maintained in the NPFC PRFLACS system.

System: Personal Identity Verification.

Component: DHS-Wide.

Date of approval: June 18, 2009.

DHS is updating the Personal Identity Verification (PIV) PIA issued on October 13, 2006, to reflect changes in Departmental requirements identified through increased collaboration with the components during implementation planning and to include bringing the components online. Additionally, this update discusses the use of the Integrated Security Management System (ISMS) and a more robust, second-generation Identity Management System, which replaces the PIV ISMS discussed in the previous PIA.

System: Department of Homeland Security General Contact List.

Component: DHS-Wide.

Date of approval: April 14, 2009.

Many DHS operations and projects collect a minimal amount of contact information in order to distribute information and perform various other administrative tasks. Department Headquarters conducted this PIA because contact lists contain PII. The Department added the following systems to this PIA:

- National Protection and Programs Directorate Meridian Conference Web site 2009;
- Transportation Security Administration Pipeline Security Guidelines.

Dated: October 7, 2009.

Chief Privacy Officer, Department of Homeland Security.

Powder River Regional Coal Team Activities: Notice of Public Meeting in Gillette, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: The Powder River Regional Coal Team (RCT) has scheduled a public meeting for November 17, 2009, to review coal management activities in the Powder River Coal Region.

DATES: The RCT meeting will begin at 9 a.m. MST on November 17, 2009. The meeting is open to the public.

ADDRESSES: The meeting will be held at the City of Gillette Community Meeting Room, 201 East 5th Street, Gillette, Wyoming.

FOR FURTHER INFORMATION CONTACT:

Brenda Neuman, Solid Minerals Branch Chief, BLM Wyoming State Office, Division of Minerals and Lands, 5353 Yellowstone Road, Cheyenne, Wyoming 82009; telephone 307-775-6179 or Phil Perlewitz, Solid Minerals Branch Chief, BLM Montana State Office, Division of Resources, 5001 Southgate Drive, Billings, Montana 59101; telephone 406-896-5159.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to discuss progress in processing pending coal lease by applications (LBAs) in the Powder River Basin Region as well as

other Federal coal-related actions in the region. Specific coal-related topics planned for the RCT meeting include:

1. Update on progress in processing existing coal LBAs in Wyoming.
2. The BLM is conducting a coal review study in the Powder River Basin Region. The results of this study will be used in the preparation of coal-related National Environmental Policy Act documents in the Powder River Basin Region. The RCT will be updated on the progress and results of this study.
3. Update on U.S. Geological Survey coal inventory work.
4. Update on BLM land use planning efforts in the Powder River Basin of Wyoming and Montana.
5. Any coal lease applications and/or other coal-related issues that may arise prior to the meeting.

During the public meeting the RCT may generate recommendation(s) for any or all of these topics and other topics that may arise prior to the meeting date.

The meeting will serve as a forum for public discussion on Federal coal management issues of concern in the Powder River Basin Region. Any party interested in providing comments or data related to existing pending applications, or any party proposing other issues to be considered by the RCT, may either do so in writing to the State Director (922), BLM Wyoming State Office, 5353 Yellowstone Road, Cheyenne, WY 82009, no later than November 3, 2009, or by addressing the RCT with his/her concerns at the meeting on November 17, 2009.

Following is the draft agenda for the meeting:

1. Introduction of RCT members and guests.
2. Approval of the minutes of the December 6, 2007, RCT meeting held in Casper, Wyoming.
3. Coal activity since the last RCT meeting including an update on pending LBAs.
4. BLM presentation on Powder River Basin coal review study.
5. U.S. Geological Survey presentation on coal inventory.
6. BLM land use planning efforts.
7. Other pending coal actions and other discussion items that may arise.
8. Discussion of the next meeting.
9. Adjourn.

Dated: October 2, 2009.
