

is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace at Spencer, WV.

The Proposed Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9T, Airspace Designations and Reporting Points, signed August 27, 2009, effective September 15, 2009, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AEA WV E5 Spencer, WV [NEW]

Boggs Field Airport, WV
(Lat. 38°49'26" N., long. 81°20'56" W.)

That airspace extending upward from 700 feet above the surface within a 6.4 -mile radius of the Boggs Field Airport.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2009–0651; Airspace
Docket No. 09–AEA–15]

Modification of Class E Airspace; Beckley, WV

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Direct final rule, request for
comments.

SUMMARY: This action modifies Class E airspace at Beckley, WV. Controlled airspace is being expanded to contain the Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAPs) that have been developed for Raleigh County Memorial Airport. This action enhances the National Airspace System by providing controlled airspace in the vicinity of Beckley, WV.

DATES: Effective 0901 UTC, December 17, 2009. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments. Comments for inclusion in the Rules Docket must be received on or before December 3, 2009.

ADDRESSES: Send comments on this rule to: U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001; *Telephone:* 1–800–647–5527; *Fax:* 202–493–2251. You must identify the Docket Number FAA–2009–0651; Airspace Docket No. 09–AEA–15, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>.

You may review the public docket containing the rule, any comments received, and any final disposition in person in the Dockets Office (*see ADDRESSES* section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined during normal

business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210, 1701 Columbia Avenue, College Park, Georgia 30337.

FOR FURTHER INFORMATION CONTACT:

Melinda Giddens, Operations Support Group, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; *Telephone* (404) 305–5610, *Fax* 404–305–5572.

SUPPLEMENTARY INFORMATION:

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comments, and, therefore, issues it as a direct final rule. The FAA has determined that this rule only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Unless a written adverse or negative comment or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the effective date. If the FAA receives, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. The direct final rule is used in this case to facilitate the timing of the charting schedule and enhance the operation at the airport, while still allowing and requesting public comment on this rulemaking action. An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Communications should identify both docket numbers and be submitted in triplicate to the address specified under the caption **ADDRESSES** above or through the Web site. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the

comments received. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. Those wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2009-0651; Airspace Docket No. 09-AEA-15." The postcard will be date stamped and returned to the commenter.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 revises Class E Airspace at Beckley, WV by modifying the Raleigh County Memorial Airport Class E airspace to provide adequate controlled airspace for IFR operations at Beckley, WV. Controlled airspace extending upward from the surface of the Earth is required to encompass the airspace necessary for instrument approaches for aircraft operating under Instrument Flight Rules (IFR). Designations for Class E airspace areas extending upward from 700 feet above the surface of the Earth are published in FAA Order 7400.9T, signed August 27, 2009, and effective September 15, 2009, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in the Order.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which

frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies controlled airspace at Beckley, WV.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9T, Airspace Designations and Reporting Points, signed August 27, 2009, effective September 15, 2009, is amended as follows:

* * * * *

Paragraph 6002 Class E Airspace Designated as Surface Areas.

* * * * *

AEA WV E2 Beckley, WV [REVISED]

Raleigh County Memorial Airport, WV
(Lat. 37°47'14" N., long 81°07'27" W.)

Beckley VORTAC
(Lat. 37°46'49" N., long 81°07'24" W.)

Within a 4.3-mile radius of Raleigh County Memorial Airport and within 2.7 miles each side of the Beckley VORTAC 284° radial extending from the 4.3-mile radius to 7.4 miles west of the VORTAC and within 2.7 miles each side of the Beckley VORTAC 001° radial extending from the 4.3-mile radius to 7.4 miles north of the VORTAC and within 3.5 miles each side of the Beckley VORTAC 200° radial extending from the 4.3-mile radius to 9.2 miles south of the VORTAC and within 1 mile each side of the 098° radial extending from the 4.3 mile radius to 4.9 miles east of the airport.

* * * * *

Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

AEA WV E5 Beckley, WV [REVISED]

Raleigh County Memorial Airport, WV
(Lat. 37°47'14" N., long 81°07'27" W.)

Beckley VORTAC
(Lat. 37°46'49" N., long 81°07'24" W.)

That airspace extending upward from 700 feet above the surface within an 7-mile radius of Raleigh County Memorial Airport and within 4 miles north and 8 miles south of the Beckley VORTAC 284° radial extending from the 7-mile radius to 16 miles west of the VORTAC and within 4 miles each side of the Beckley VORTAC 200° radial extending from the 7-mile radius to 10 miles south of the VORTAC.
