

DATES: *Effective Date:* October 29, 2009.

FOR FURTHER INFORMATION CONTACT: Jerry Huang, Susan Pulongbarit, or Bobby Wong, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4047, (202) 482-4031, or (202) 482-0409, respectively.

Background

On July 9, 2009, the Department of Commerce ("Department") published in the **Federal Register** the preliminary results of the 2007-2008 administrative review of the antidumping duty order on silicon metal from the People's Republic of China ("PRC"), covering the period June 1, 2007, through May 31, 2008. See *Silicon Metal from the People's Republic of China: Preliminary Results and Preliminary Rescission, in Part, of Antidumping Duty Administrative Reviews*, 74 FR 32,885 (July 9, 2009). The final results are currently due no later than November 6, 2009.

Extension of Time Limit for the Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires that the Department issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

The Department requires additional time to properly consider the issues raised by interested parties regarding the treatment of Value-Added Tax, surrogate values for factors of production, and numerous company-specific issues. Thus, it is not practicable to complete this review by November 6, 2009. Therefore, the Department is extending the time limit for completion of the final results of this review by 31 days, in accordance with section 751(a)(3)(A) of the Act. The final results are now due no later than December 7, 2009.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 23, 2009.

John M. Andersen,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Stainless Steel Bar From Brazil: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Catherine Cartos, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1757.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on certain stainless steel bar from Brazil for the period February 1, 2008, through January 31, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 12310 (March 24, 2009). The preliminary results of this administrative review are currently due no later than October 31, 2009.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month of the order. See also 19 CFR 351.213(h).

We determine that it is not practicable to complete the preliminary results of this review by the current deadline of

October 31, 2009, for several reasons. Specifically, the Department has granted the respondent, Villares Metals S.A. (Villares), several extensions to respond to the original and supplemental questionnaires. Thus, the Department needs additional time to review and analyze the responses submitted by Villares. Further, the Department requires additional time to review issues such as corporate affiliations and steel grades of products reported by Villares as it will affect the Department's matching methodology in this case. Finally, the petitioners submitted a cost allegation on September 9, 2009. We require additional time to examine the cost allegation and consider whether to initiate and conduct a cost investigation. Therefore, we are extending the time period for issuing the preliminary results of this review by 90 days until January 29, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act and 19 CFR 351.213(h)(2).

Dated: October 23, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 44-2009]

Foreign-Trade Zone 25—Port Everglades, FL; Application for Subzone South Florida Materials Corporation (Fuel Product Storage) Port Everglades, FL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Broward County, Florida, grantee of FTZ 25, requesting special-purpose subzone status for the fuel product distribution terminal of South Florida Materials Corporation (SFMC), located in Port Everglades, Florida. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 22, 2009.

The SFMC terminal (8 employees, 9.93 acres, 1.3 million barrel capacity) is located at 1200 SE. 32nd Street, Port Everglades, Florida. The facility primarily is used for the receipt, storage and distribution of jet fuel by pipeline to carriers operating at the Miami International and Fort Lauderdale

International Airports. The company also uses the facility to store, blend and distribute gasoline, diesel fuel, biodiesel, biofuels and certain fuel blendstocks, including ethanol. The company is not requesting to blend foreign status products in the proposed subzone. Some of the products are or will be sourced from abroad or from U.S. refineries under FTZ procedures. Duty rates range from duty-free to 52.5 cents/barrel to 7% ad valorem for fuel products, duty-free to 6.5% for biofuels, and 1.9%–2.5% + 14.27 cents/liter for ethanol.

Zone procedures would exempt SFMC from customs duties and Federal excise taxes on foreign status jet fuel used for international flights, some 20–35 percent of the terminal's shipments. On domestic sales, the company would be able to defer duty payments on foreign status products until shipped from the facility and entered for consumption. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 28, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 12, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Diane Finver at Diane_Finver@ita.doc.gov or (202) 482–1367.

Dated: October 22, 2009.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[Order No. 1647]

Reorganization/Expansion of Foreign-Trade Zone 114; Peoria, IL, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Economic Development Council for Central Illinois, Inc., grantee of Foreign-Trade Zone 114, submitted an application to the Board for authority to reorganize and expand its zone to delete Site 3 in its entirety and to include two sites at the former Chanute Air Force Base (Site 7) in Rantoul and at the Logistics Park Galesburg (Site 8) in Galesburg, Illinois, adjacent to the Peoria Customs and Border Protection port of entry (FTZ Docket 9–2009, filed 3/6/09);

Whereas, notice inviting public comment was given in the **Federal Register** (74 FR 10883–10884, 3/13/09) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendation of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders:

The application to reorganize and expand FTZ 114 is approved, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 16th day of October 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 45–2009]

Foreign-Trade Zone 17—Kansas City, KS; Application for Reorganization/Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Greater Kansas City Foreign Trade Zone, Inc., grantee of FTZ

17, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09; correction 74 FR 3987, 1/22/09). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 22, 2009.

FTZ 17 was approved by the Board on December 20, 1973 (Board Order 97, 39 FR 26, 1/2/74), and expanded in January 1989 (Board Order 428, 54 FR 5992, 2/7/89), in January 1993 (Board Order 631, 58 FR 6112, 1/26/93), and in October 1997 (Board Order 925, 62 FR 55574, 10/27/97). The current zone project includes the following sites: Site 1 (7.5 acres)—located at 6500 Inland Drive, Kansas City; Site 2 (5.1 acres)—located at 5203 Speaker Road, Kansas City; Site 3 (5 acres)—located at 30 Funston Road, Kansas City; Site 4 (50,000 sq. ft.)—located at 830 Kindleberger Road, Kansas City; Site 5 (21 acres, 2 parcels)—within the Leavenworth Area Business Center, located at 13th and Eisenhower Road, Leavenworth; Site 6 (966 acres)—Forbes Field Airport/Topeka Air Industrial Park, 6700 South Topeka Boulevard, Topeka; Site 7 (106 acres)—The Phillip Billard Airport/Industrial Park Complex, 3600 Sardue, Topeka; and, Site 8 (50 acres)—Coleman Corporation within the Midwest Commerce Center, 17150 Mercury Street, Gardner. (There is an application pending with the Board to expand Site 8 to include the entire 156-acre Midwest Commerce Center (Doc. 16–2009).)

The grantee's proposed service area under the ASF would be Wyandotte, Johnson, Douglas, Shawnee, Leavenworth and Miami Counties, Kansas. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Kansas City Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project as follows: Sites 2, 3, 5, 6, 7 and 8 would become "magnet" sites; Site 4 would become a "usage-driven" site; and, Site 1 would be removed from the zone project due to changed circumstances.
