

section 723(b)(E). These collection instruments serve as applications for the Enrollment, Primary Care Manager (PCM) Change and Disenrollment for the Department of Defense's TRICARE Prime program established in accordance with title 10 U.S.C. 1099 (which calls for a healthcare enrollment system). Monthly payment options for retiree enrollment fees for TRICARE Prime are established in accordance with title 10 U.S.C. 1097a(c). The information collected on the TRICARE Prime Enrollment Application/PCM Change Form provides the necessary data to determine beneficiary eligibility, to identify the selection of a health care option, and to change the designated PCM when the beneficiary is relocating or merely requests a local PCM change. The information collected on the TRICARE Prime Disenrollment Form provides the necessary data to disenroll a beneficiary from TRICARE Prime. The Disenrollment Application is needed to implement disenrollment from TRICARE Prime, TRICARE Prime Remote or the Uniformed Services Family Health Plan as requested by the enrollee. Failure to provide information will result in continued enrollment and beneficiaries' responsibility for payment of an enrollment fee.

Affected Public: Individuals or Households.

Annual Burden Hours: 22,317.

Number of Respondents: 72,905.

Responses per Respondent: 1.

Average Burden per Response:

TRICARE Prime Enrollment Application/PCM Change Form: 20 minutes or .33% of an hour/TRICARE Prime Disenrollment—5 minutes or .083%. (average burden per response for completing both forms is 18.36 minutes or .30% of an hour).

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Department of Defense established TRICARE Prime as a managed-care option, similar to a civilian HMO (health maintenance organization). Active duty service members are required to be enrolled in TRICARE Prime or TRICARE Prime Remote. They must take action to enroll by filling out the appropriate enrollment form and submitting it to the Managed Care Support Contractor (MCSC). TRICARE Prime is also available to other TRICARE beneficiaries who are also required to fill out the appropriate enrollment or disenrollment forms. TRICARE Prime enrollee's health care is coordinated by a primary care manager (PCM) whom could be a part of a military treatment facility, a civilian

network or TRICARE Prime Remote where eligible. In order to carry out this program, it is necessary that certain beneficiaries electing to enroll/disenroll in TRICARE Prime, TRICARE Prime Remote or change a PCM complete an enrollment application request. Completion of the enrollment forms is an essential element of the TRICARE Prime program.

Department of the Army

Fort Bliss Army Growth and Force Structure Realignment Draft; Environmental Impact Statement (DEIS)

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of a DEIS identifying the potential environmental effects that would result from use of stationing and training capacity, land use changes, and training infrastructure improvements at Fort Bliss (Texas) to support Army growth and force structure realignment.

The DEIS tiers from the Army Growth and Force Structure Realignment Programmatic Environmental Impact Statement (GTA PEIS), for which a Record of Decision was signed in 2007.

DATES: The public comment period for the DEIS will end 60 days after publication of this NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments should be sent to: Mr. John F. Barrera, IMWE-BLS-PWE, Building 624, Taylor Road, Fort Bliss, TX 79916-6812; *e-mail:* bliss.eis@conus.army.mil.

FOR FURTHER INFORMATION CONTACT: Ms. Jean Offutt, Public Affairs Officer, IMWE-BLS-PA; Fort Bliss, TX 79916-6812; *telephone:* (915) 568-6812; *fax:* (915) 568-2995; *e-mail:* jean.offutt@us.army.mil.

SUPPLEMENTARY INFORMATION: The Proposed Action would support the growth of the Army and allow for reasonably foreseeable future stationing actions, land use changes, and training infrastructure improvements that take advantage of the varied terrain at Fort Bliss; full suite of training ranges; collocation with heavy, light, and aviation combat units; and collocation with various support units.

Three categories of interrelated alternatives are analyzed in this document: stationing/training; land use changes; and training infrastructure improvements. Each category contains a No Action alternative and several action alternatives.

The stationing/training category of alternatives analyzes the stationing decision made in the GTA PEIS, with deployment (some units will not be present and training at Fort Bliss) and without deployment (assumes all units assigned to Fort Bliss will be there and training) scenarios. The document also

analyzes reasonably foreseeable future growth at Fort Bliss, including adding one or more Stryker Brigade Combat Teams and additional support units.

Land uses analyzed in the Fort Bliss DEIS are primarily focused in the rugged terrain of northeast McGregor Range, with minor changes in the southeast and Tularosa Basin portions of McGregor Range, for the purpose of supporting realistic and effective light infantry training. None of the proposed land use changes include the Culp Canyon Wilderness Study Area or the Black Grama Grassland Area of Critical Environmental Concern.

Training infrastructure improvements analyzed in the DEIS include construction of additional firing ranges and expansion or construction of administrative and training support facilities to support the units stationed at Fort Bliss.

Actions analyzed in this document would result in a range of potential impacts. Erosion would increase substantially on range roads interior to the Fort Bliss Training Complex, requiring more frequent maintenance. The most expansive stationing alternative analyzed may, as a result of high tempo training schedules, reduce Native American access to areas of the installation in which they have an ongoing interest. The proposed action would, in certain alternatives, result in a small increase in the economic benefit provided by growth of the installation, and a small decrease in certain quality of life indicators (e.g., traffic, access to government services). Use of restricted airspace for military training would increase under certain alternatives, further limiting access of general and commercial aviation. Training related noise remains significant in areas adjacent to Dona Ana Range and portions of McGregor Range.

The DEIS and other environmental documents are available on the Fort Bliss Web site (<https://www.bliss.army.mil/>) or in the following libraries: In El Paso, TX, the Richard Burges Regional Library, 9600 Dyer; the Irving Schwartz Branch Library, 1865 Dean Martin; the Clardy Fox Branch Library, 5515 Robert Alva; and the Doris van Doren Regional Branch Library, 551 Redd Road. In Las Cruces, NM, the New Mexico State University Zuhl Library at 2999 McFie Circle. In Alamogordo, NM, the Alamogordo Public Library, 920 Oregon Avenue.

Public meetings to receive comments on the DEIS will be announced through regional newspapers and other public affairs outlets. These meetings will be held in Alamogordo, Chaparral, and Las Cruces, New Mexico, and in El Paso,

Texas, and are expected to occur in November 2009.

Dated: October 26, 2009.

Addison D. Davis, IV,

*Deputy Assistant Secretary of the Army,
(Environment, Safety, and Occupational Health).*

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before December 3, 2009.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, *Attention:* Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or send email to oir_submission@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6)

Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: October 28, 2009.

Burden Hours: 43,938.

Abstract: Part 601—Institution and Lender Requirements Relating to Education Loans is a new section of the final regulations governing private education loans offered at covered institutions by lenders also participating in the FFEL program. These final regulations provide for new Perkins loan cancellations. These final regulations assure the Secretary that the integrity of the program is protected from fraud and misuse of program funds and places requirements on institutions and lenders to insure that borrowers receive additional disclosures about Title IV, HEA program assistance prior to obtaining a private education loan.
