

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, unless that collection of information displays a currently valid OMB Control Number. This regulation involves information collections previously approved by the OMB under control number 0694–0088, “Multi-Purpose Application”, which carries a burden hour estimate of 58 minutes to prepare and submit form BIS–748, and which involves requirements in connection with Authorization Validated End-User. This rule is expected to result in an increase in license applications submitted to BIS. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase significantly as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined under Executive Order 13132.

4. The provisions of the Administrative Procedure Act requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable to this rule because this regulation involves a military and foreign affairs function of the United States (5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable. Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments may be submitted to Sheila Quarterman, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, 14th St. & Pennsylvania Avenue, NW., Room 2705, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

I. Background

The Food, Conservation and Energy Act of 2008, Public Law 110-334, Section 14219, 22 Stat. 923 (2008) (“the Act”) amended the Debt Collection Act of 1982 (as amended by the Debt Collection Improvement Act of 1996) to remove a restriction on the collection of debt by administrative offset, i.e., offset of payments pursuant to 31 U.S.C. 3716. Prior to this change, administrative offset to collect debt was only available if the debt was delinquent for a period of less than ten years. The amendment to the law allows for the collection of debt by administrative offset without any time limitation and applies to any debt outstanding on or after the date of the enactment of the Act.

On June 11, 2009, the Financial Management Service published in the **Federal Register** an interim rule implementing the statutory change. (See 74 FR 27707, June 11, 2009).

Comments on the Interim Rule

By the close of the comment period, FMS received no comments on the interim rule.

Adoption as Final Rule

Accordingly, the interim rule amending 31 CFR part 285, published at 74 FR 27707, June 11, 2009, is adopted as a final rule without change.

Dated: December 18, 2009.

II. Background

Congress has established fines and other civil monetary penalties (CMPs) for those who violate Federal laws and regulations. However, the deterrent value of these fines and penalties

diminishes over time from the effects of inflation. To address this problem, Congress enacted the Federal Civil Penalties Inflation Adjustment Act, Public Law 101-410, 104 Stat. 890, §§ 1-6, as amended by the Debt Collection Improvement Act of 1996, Public Law 104-134, 110 Stat. 1321, § 31001(s)(1); 28 U.S.C. 2461. These statutes require Federal agencies to adjust their CMPs for inflation at least once every four years, using a nondiscretionary statutory formula, thus making further direct involvement by Congress unnecessary.

This final rule is published without a prior notice of proposed rulemaking or public comment period. Pursuant to the Administrative Procedure Act, 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for dispensing with notice and comment in this rulemaking. This rulemaking implements the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996. These statutes require certain actions with respect to adjusting CMPs for inflation and do not allow for discretion in implementation, so that prior notice and comment is unnecessary and contrary to the public interest.

III. Method of Calculation

The method for calculating the effects of inflation on fines and penalties is very specifically prescribed by statutes, which allow no discretion. The statutes specify the inflation measure to be used, the method for the calculation of the inflation adjustment, and the method for the numerical rounding of the results.

The statutes require the use of the change in the Consumer Price Index for All Urban Consumers (CPI-U) as the inflation measure for these calculations. The CPI-U is calculated and published by the U.S. Department of Labor, Bureau of Labor Statistics, and uses the period of 1982 to 1984 as the base level where the CPI-U = 100.

The inflation adjustment prescribed by the statutes is calculated as the difference between the CPI-U for the month of June of the calendar year preceding the adjustment and the CPI-U for the month of June of the calendar year in which the amount of the civil monetary penalty was last set or adjusted pursuant to law. Since the last inflation adjustment was made in 2003 and the year preceding this adjustment is 2008, the current inflation adjustment equals the increase in the CPI-U (not seasonally adjusted) from June, 2003 to June, 2008:
