[Docket No. AC09-34-000]

Cameron Interstate Pipeline Company, LLC; Notice of Filing

February 4, 2009.

Take notice that on January 22, 2009 Cameron Interstate Pipeline Company, LLC submitted a request for waiver of the requirement to submit the 2008 FERC Form No. 2 and a temporary waiver of the requirement to submit the FERC Form 3-Q under sections 260.1 and 260.300 of the Commission regulations.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. CP09-55-000]

Carolina Gas Transmission Corporation; Notice of Request Under Blanket Authorization

February 4, 2009.

Take notice that on January 30, 2009, Carolina Gas Transmission Corporation (Carolina Gas), 601 Old Taylor Road, Cayce, South Carolina 29033, filed in Docket No. CP09-55-000, an application pursuant to sections 157.205 and 157.210 of the Commission's Regulations under the Natural Gas Act (NGA) as amended, to convert an existing compressor unit from standby to base load service, under Carolina Gas' blanket certificate issued in Docket No. CP06-72-000,¹ all as more fully set forth in the application which is on file with the Commission and open to the public for inspection.

Carolina Gas proposes to convert an existing standby 1,050 horsepower Solar Saturn turbine compressor unit to base load service at its Grover compressor station near Blacksburg, Cherokee County, South Carolina. Carolina Gas states that converting the standby compressor unit to base load service would allow Carolina Gas to meet shippers' request for an additional 25,000 Dekatherms per day of natural gas service. Carolina Gas also states that it would cost an estimated \$413,000 to place the compressor unit into base load service.

Any questions concerning this application may be directed to Samuel L. Dozier, Vice President, Commercial and Field Operations, Carolina Gas Transmission Corporation, 601 Old Taylor Road, Cayce, South Carolina 29033, or via telephone at (803) 217-2234.

This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number

filed to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or call toll-free at (866) 206-3676, or, for TTY, contact (202) 502-8659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.

Any person or the Commission's staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Use EPA's electronic docket and comment system at www.regulations.gov, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at www.regulations.gov as EPA

receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to www.regulations.gov.

Title: Data Reporting Requirements for State and Local Vehicle Emission Inspection and Maintenance (I/M) Programs (Renewal).

ICR number: EPA ICR No. 1613.03, OMB Control No. 2060-0252.

ICR status: This ICR is scheduled to expire February 28, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: To provide general oversight and support to state and local I/M programs, the Transportation and Regional Programs Division (TRPD), Office of Transportation and Air Quality, Office of Air and Radiation, U.S. Environmental Protection Agency, requires that state or local program management for both basic and enhanced I/M programs collect two varieties of reports. The first reporting requirement is the submittal of an annual report providing general program operating data and summary statistics, addressing the program's current design and coverage, a summary of testing data, enforcement program efforts, quality assurance and quality control efforts, and other miscellaneous information allowing for an assessment of the program's relative effectiveness; the second is a biennial report on any changes to the program over the two-year period and the impact of such changes, including any weaknesses discovered and corrections made or planned.

General program effectiveness is determined by the degree to which a program misses, meets, or exceeds the emission reductions committed to in the state's approved State Implementation Plan (SIP), which, in turn, must meet or exceed the minimum emission

reductions expected from the relevant performance standard, as promulgated under EPA's revisions to 40 CFR part 51, in response to requirements established in section 182 of the Clean Air Act Amendments of 1990. This information will be used by EPA to determine a program's progress toward meeting requirements under 40 CFR part 51, as well as to assess national trends in the area of basic and enhanced I/M programs and to provide background information in support of periodic site visits and evaluations.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 85 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State government agencies or departments responsible for oversight and operation of the I/M programs.

Estimated total number of potential respondents: 34.

Frequency of response: Annual and Biennial.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 2,890 hours.

Estimated total annual costs: \$152,252, which includes no annualized capital or O&M costs.

Changes in the Estimates: There is no change in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: February 5, 2009.

John Moses,

Acting Director, Collection Strategies Division.
