These exemptions are extended subject to the following conditions: (1) That each individual have a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 23 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (63 FR 66226; 64 FR 16517; 65 FR 66286; 66 FR 13825; 68 FR 13360; 70 FR 12265; 72 FR 11426; 65 FR 78256; 66 FR 16311; 67 FR 68719; 68 FR 2629; 69 FR 71100; 72 FR 1053; 70 FR 7545; 67 FR 76439; 68 FR 10298; 72 FR 7812; 69 FR 64806; 70 FR 2705; 72 FR 1056; 72 FR 180; 72 FR 9397; 71 FR 63379; 72 FR 1050). Each of these 23 applicants has requested renewal of the exemption and has submitted evidence

showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by March 26, 2009.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 23 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will

take immediate steps to revoke the exemption of a driver.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2009-0001-N-4]

Information Collection Requirement (ICR)

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirement (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on December 16, 2008 (73 FR 76442).

DATES: Comments must be submitted on or before March 26, 2009.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., 3rd Floor, Mail Stop 25, Washington, DC 20590 (telephone: (202) 493-6292), or Ms. Nakia Jackson, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., 3rd Floor, Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6073). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On December 16, 2008, FRA published a 60-day notice in the **Federal Register** soliciting comment

on this ICR that the agency was seeking OMB approval. 73 FR 76442. FRA received no comments after issuing this notice. Accordingly, DOT announces that these information collection activities have been evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.10(a).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summary below describes the nature of the information collection requirement (ICR) and the expected burden. The revised requirement is being submitted for clearance by OMB as required by the PRA.

Title: Notice Requesting Expressions of Interest in Implementing a High-Speed Inter-City Passenger Rail Corridor.

OMB Control Number: 2130—New.

Type of Request: Regular approval of a new collection of information.

Affected Public: 50 states, District of Columbia, Amtrak, eligible entities.

Abstract: Section 502 of the Passenger Rail Investment and Improvement Act of 2008, Public Law 110–690 (October 16, 2008), requires the Secretary of Transportation to “issue a request for proposals for projects for the financing, design, construction, operation, and maintenance of a high-speed intercity passenger rail system operating within” either the Northeast Corridor or a Federally-designated high-speed rail (HSR) corridor. To satisfy this requirement, FRA is soliciting and encouraging the submission of Expressions of Interest for potential projects to finance, design, construct, operate, and maintain an improved HSR intercity passenger system in the Northeast Corridor or in one of ten Federally-designated corridors. FRA envisions this as the first phase of a qualification process that Congress may follow with more specific actions

regarding particular concepts in one or more corridors. Section 502 prescribes that Expressions of Interest received will be considered by FRA and possibly by commissions, representing affected and involved governors, mayors, freight railroads, transit authorities, labor organizations, and Amtrak. The results of these reviews will be summarized in one or more reports to Congress, which will make recommendations for further action regarding no more than one project concept for each corridor. FRA envisions this as the first phase of a qualification process that Congress may follow with more specific actions regarding particular concepts in one or more corridors.

Although authorized, no funds have been appropriated to support implementation of HSR under this program, and the availability of such funds in the future is not known. Respondents to FRA’s request in the December 16, 2008, **Federal Register** (73 FR 76443) acknowledge, by virtue of their response, that the likelihood of future funding and implementation of the projects covered by that notice is unknown, and that the Federal Government will not be liable for any costs incurred in the preparation of responses to this notice.

The information collected will be used by the Federal Railroad Administration (FRA), commissions to be formed in accordance with Section 502, and Congress. The collection of information—responses that describe high speed rail proposals—will be used to inform the Department and Congress about the benefits to the public and the national transportation system from high speed rail proposals received. Upon receipt of responses and after the close of the Expression of Interest solicitation, FRA will evaluate them and determine if each Expression of Interest is complete and if there is evidence provided in the response that would support conclusions, based on criteria specified in Section 502. If FRA determines that one or more Expressions of Interest satisfy this screening evaluation, FRA would form a commission for each relevant corridor to review and consider the response(s).

Annual Estimated Burden Hours: 34,063 hours.

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503, Attention: FRA Desk Officer. Comments may also be sent via e-mail to OMB at the following address: oir_submissions@omb.eop.gov.

Comments are Invited on the Following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department’s estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. §§ 3501–3520.

Issued in Washington, DC, on February 18, 2009.

Director, Office of Financial Management, Federal Railroad Administration.
