

amended (90 Stat. 2750, 43 U.S.C. 1713) and 43 Code of Federal Regulations 2711.3–3(a)(5). The proposed sale would resolve the inadvertent trespass upon the land. It has been determined that resource values will not be affected by the disposal of this parcel of public land.

The parcel is described as:

New Mexico Principal Meridian

T. 23 N., R. 10 E.,
Sec. 28, lot 147.

The area described contains 0.27 acres, more or less, in Rio Arriba County.

The patent, when issued, will contain a reservation to the United States for ditches and canals under the Act of March 30, 1890 and a reservation for all minerals. The parcel is being offered by direct sale to Mr. Frank Rendon of Rio Arriba County New Mexico, based on historic use and added improvements. The parcel has been used as a portion of the residence. Failure or refusal by Frank Rendon to submit the required fair market appraisal amount within 180 days of the sale of the land will constitute a waiver of this preference consideration.

Upon publication of this Notice in the **Federal Register**, the land described above will be segregated from appropriation under the public land laws, including the General Mining Laws. The segregation will end upon issuance of the patent or 270 days from the date of publication, whichever occurs first.

Comments must be received by the BLM Taos Field Manager, Taos Field Office, at the address stated above, on or before the date stated above. Only written comments will be accepted. Before including your address, phone number, e-mail address, or other personal identifying information in your comments, you should be aware that your entire comments—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Any adverse comments will be reviewed by the Taos Field Manager, who may sustain, vacate, or modify this realty action. In the absence of any objects, or adverse comments, this proposed realty action will become final determination of the Department of the Interior.

Authority: 43 CFR 2710, subpart 2711–3–3(a)(5).

Sam DesGeorges,

Taos Field Manager.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLIDT03000–L14300000.EU0000; IDI–35159]

Notice of Realty Action; Proposed Sale of Public Land, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: A parcel of public land totaling 1.62 acres in Blaine County, Idaho, has been found suitable for direct sale under the provisions of the Federal Land Policy Management Act of 1976 (FLPMA), at no less than the appraised fair market value.

DATES: The land will not be offered for sale until at least 60 days after the date of this notice. Until April 17, 2009 interested parties may submit comments.

ADDRESSES: Address all comments concerning this Notice to Tara Hagen, Realty Specialist, Bureau of Land Management (BLM), Shoshone Field Office, 400 West F Street, Shoshone, Idaho 83352.

FOR FURTHER INFORMATION CONTACT: Tara Hagen, Realty Specialist, at the above address or phone at (208) 732–7205.

SUPPLEMENTARY INFORMATION: The following described public land in Blaine County, Idaho, has been found suitable for disposal by direct sale to Helios Development, LLC, under the authority of Sections 203 and 209 of the FLPMA:

Boise Meridian

T. 4 N., R. 17 E.,
Section 13: Lot 5.

The area described contains 1.62 acres in Blaine County.

The 1981 BLM Sun Valley Framework Management Plan (MFP) had identified this parcel for potential disposal; thus allowing it to qualify for disposal under the Federal Land Transaction Facilitation Act (FLTFA). The FLTFA directs the revenues generated from the sale or disposal of lands identified for disposal in land use plans as of July 25, 2000, to an account that can be used by the Bureau of Land Management (BLM), the U.S. Forest Service, the National Park Service, and the U.S. Fish and

Wildlife Service, to purchase lands located within federally designated areas or with higher resources from willing sellers.

It has been determined that the subject parcel contains no known mineral values; therefore, mineral interests will be conveyed simultaneously. The patent, when issued, will contain a right-of-way thereon for all ditches and canals constructed by the authority of the United States under the Act of August 30, 1890, 43 U.S.C. 945.

On March 3, 2009 the above-described land will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of the FLPMA. Until completion of the sale, the BLM is no longer accepting land use applications affecting the identified public land, except applications for the amendment of previously-filed right-of-way applications or existing authorizations to increase the term of the grants in accordance with 43 CFR 2807.15 and 2886.15. The segregative effect will terminate upon issuance of a patent, publication in the **Federal Register** of a termination of the segregation, or March 3, 2011 unless extended by the BLM State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date.

Public Comments: For a period until April 17, 2009, interested parties and the general public may submit comments to Tara Hagen, Realty Specialist, at the BLM Shoshone Field Office at the address listed above. In the absence of timely objections, this proposal shall become the final determination of the Department of the Interior. Comments transmitted via e-mail will not be accepted. Comments, including names and street addresses of respondents, will be available for public review at the BLM Shoshone Field Office during regular business hours, except holidays. Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. If you wish to have your name or address withheld from public disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Any determination by the BLM to release or

withhold the names and/or addresses of those who comment will be made on a case-by-case basis. Such requests will be honored to the extent allowed by law. The BLM will make available for public review, in their entirety, all comments submitted by businesses or organizations, including comments by individuals in their capacity as an official or representative of a business or organization.

(Authority: 43 CFR 2711.1–2)

Lori A. Armstrong,
Shoshone Field Manager.

DEPARTMENT OF THE INTERIOR

National Park Service

Temporary Concession Contract for Lake Chelan National Recreation Area, WA

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of proposed award of temporary concession contract for the Lake Chelan National Recreation Area, WA.

SUMMARY: Pursuant to 36 CFR 51.24, public notice is hereby given that the National Park Service proposes to award a temporary concession contract for the conduct of certain visitor services within Lake Chelan National Recreation Area, Washington for a term not-to-exceed 3 years. The visitor services include overnight accommodations, food and beverage, retail, fuel, and transportation services. This action is necessary to avoid interruption of visitor services.

DATES: The term of the temporary concession contract will commence (if awarded) no earlier than March 1, 2009.

SUPPLEMENTARY INFORMATION: The temporary concession contract is proposed to be awarded to Stehekin Adventure, LLC, a qualified person. Stehekin Adventure, LLC, also is the incumbent concessioner, who operated all visitor services, after a sale and transfer was completed in 2006, under Concession Contract CC–LACH003–94. The 1998 Concessions Management Improvement Act provides by its terms that, to avoid interruption of services to visitors, the National Park Service may award non-competitively a temporary contract to perform such services for a term not-to-exceed 3 years in aggregate. 16 U.S.C. 5952(11). Because this temporary contract will not exceed 3

years, this action complies with the provisions of this statutory provision.

The National Park Service issued a prospectus on March 21, 2008, closing on June 4, 2008, for solicitation of a new 10-year concession contract; however, no proposals were received. The National Park Service has determined that a temporary contract is necessary in order to avoid interruption of visitor services and has taken all reasonable and appropriate steps to consider alternatives to avoid an interruption of visitor services.

This action is issued pursuant to 36 CFR 51.24(b). This is not a request for proposals.

Dated: February 3, 2009.

Ernest Quintana,

Acting Deputy Director, Operations.

BILLING CODE 4310–70–P

DEPARTMENT OF JUSTICE

Bureau of Alcohol, Tobacco, Firearms and Explosives

[OMB Number 1140–0071]

Agency Information Collection Activities: Proposed Collection; Comments Requested:

ACTION: 60-Day Notice of Information Collection Under Review: Notification to Fire Safety Authority of Storage of Explosive Materials.

The Department of Justice (DOJ), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for “sixty days” until May 4, 2009. This process is conducted in accordance with 5 CFR 1320.10.

If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Debra Satkowiak, Chief, Explosives Industry Programs Branch, Room 6E405, 99 New York Avenue, NE., Washington, DC 20226.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your

comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agencies’ estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* Notification to Fire Safety Authority of Storage of Explosive Materials.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: None. Bureau of Alcohol, Tobacco, Firearms and Explosives.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Business or other for-profit. Other: Farms, State, Local, or Tribal Government, Individuals or households. The information is necessary for the safety of emergency response personnel responding to fires at sites where explosives are stored. The information is provided both orally and in writing to the authority having jurisdiction for fire safety in the locality in which explosives are stored.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 5,000 respondents will take 30 minutes to complete the notifications..

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 2,500 annual total burden hours associated with this collection.

If additional information is required contact: Lynn Bryant, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, Department of Justice, Patrick Henry
