SUPPLEMENTARY INFORMATION: FSIS is evaluating the effectiveness of its policies and procedures in responding to findings that raw beef is positive for *E. coli* O157:H7, and whether the Agency takes the appropriate steps to identify source materials used to produce the product and to identify other products derived from those source materials. One conclusion reached by FSIS thus far is that the Agency must improve its procedures for assessing the conditions at suppliers that may have resulted in the positive product.

FSIS has also concluded that it should conduct additional verification activities at suppliers that produced source materials for raw beef product that FSIS has found positive for *E. coli* O157:H7. Therefore, FSIS intends to issue new instructions to Enforcement, Investigations, and Analysis Officers (EIAOs) to conduct additional verification activities at suppliers in response to positive *E. coli* O157:H7 results. These instructions are intended to assist EIAOs in assessing conditions at the suppliers, including whether

source materials used to produce the positive raw beef product may have been produced during high event periods. High event periods are production periods during which an establishment's sampling and testing program detects a series of positive test results that indicates a systemic failure or breakdown of process controls. If FSIS personnel determine that the subject source materials were produced during high event periods, the Agency may determine that additional product is implicated by the positive result. FSIS will issue these new instructions after the public meeting.

At the meeting FSIS will discuss the Agency's *E. coli* O157:H7 test data, its current policies for responding to *E. coli* O157:H7 positives, the Agency's current thinking for improving those policies, and information regarding next steps. An opportunity for participants to comment will be provided as well.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/Regulations_&_Policies/2010_Notices_Index/index.asp. Bureau of Industry and Security

Action Affecting Export Privileges; Mohamad M. Elkateb; In the Matter of: Mohamad M. Elkateb, 29256 Marilyn Dr., Canyon Country, CA 91387. Respondent; Order Relating to Mohamad M. Elkateb

The Bureau of Industry and Security, U.S. Department of Commerce ("BIS") has notified Mohamad M. Elkateb ("Elkateb") of its intention to initiate an administrative proceeding against Elkateb pursuant to Section 766.3 of the Export Administration Regulations (the

"Regulations"),¹ and Section 13(c) of the Export Administration Act of 1979, as amended (the "Act"),² through issuance of a Proposed Charging Letter to Elkateb that alleged that he committed one violation of the Regulations. Specifically, the charge is:

Charge 1 15 CFR 764.2(d)—Conspiracy

Between on or about July 9, 2004, and continuing through on or about August 16, 2004, Elkateb conspired and acted in concert with others, known and unknown, to violate the Regulations and to bring about an act that constituted a violation of the Regulations. The purpose of the conspiracy was to cause the export of U.S.-origin lab equipment from the United States to Syria, via Indonesia, without the required U.S. Government authorization. Pursuant to General Order No. 2 of May 14, 2004, set forth in Supplement No. 1 to Part 736 of the Regulations, authorization was required from BIS before the lab equipment, items subject to the Regulations,³ could be exported from the United States to Syria. In furtherance of the conspiracy, Elkateb and his co-conspirators devised and employed a scheme to purchase U.S.-origin lab equipment for a customer in Syria from a foreign distributor of the U.S. manufacturer. This scheme was developed after Elkateb was informed by the U.S. manufacturer that there were restrictions on exporting to Syria. By engaging in this activity, Elkateb committed one violation of Section 764.2(d) of the Regulations.

Whereas, BIS and Elkateb have entered into a Settlement Agreement pursuant to Section 766.18(a) of the Regulations whereby they agreed to settle this matter in accordance with the terms and conditions set forth therein, and

Whereas, I have approved of the terms of such Settlement Agreement; It is therefore ordered:

First, that for a period of one year from the date of issuance of the Order, Mohamad M. Elkateb, 29256 Marilyn Dr., Canyon Country, CA 91387, and when acting on behalf of Elkateb, his representatives, assigns, or agents ("Denied Person") may not participate,

¹ The Regulations are currently codified in the Code of Federal Regulations at 15 CFR Parts 730-774 (2009). The charged violation occurred in 2004. The Regulations governing the violation at issue are found in the 2004 version of the Code of Federal Regulations (15 CFR Parts 730-774 (2004)). The 2009 Regulations set forth the procedures that apply to this matter.

² 50 U.S.C. app. 2401-2420 (2000). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR 2001 Comp. 783 (2002)), as extended most recently by the Notice of August 13, 2009 (74 FR 41325 (Aug. 14, 2009)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*).
