

States (*See* 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. 553 or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule; correcting amendment.

SUMMARY: The Bureau of Industry and Security (BIS) published a final rule in the **Federal Register** on Friday, December 11, 2009, that revised the Export Administration Regulations (EAR) by amending entries for certain items that are controlled for national security reasons in Categories 1, 2, 3, 4, 5 Part I (telecommunications), 5 Part II (information security), 6, 7, 8, and 9; adding new entries to the Commerce Control List, revising reporting requirements, and adding and amending EAR Definitions. That final rule contained errors that affected Export Control Classification Numbers 1A004 and 5A001. This document corrects these errors.

SUPPLEMENTARY INFORMATION:

Background

On December 11, 2009, the final rule, "Wassenaar Arrangement 2008 Plenary Agreements Implementation: Categories 1, 2, 3, 4, 5 Parts I and II, 6, 7, 8 and 9 of the Commerce Control List, Definitions, Reports" was published in the **Federal Register** (74 FR 66000). The December 11th rule inadvertently removed two technical notes after 1A004.d. This rule adds these technical notes back to 1A004.d. In addition, in the LVS paragraph of the License Requirement section of ECCN 5A001, this rule replaces the phrase "and .d through .h" with "and .d, .f, .g, .h." in order to make it clear that only the referenced paragraphs are eligible for license exception LVS. The phrase "and .d through .h" suggested that paragraph .e was eligible for LVS and it is not.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of August 13, 2009 (74 FR 41325 (August 14, 2009)), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number. This final rule involves a collection of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). This collection has been approved by the

Office of Management and Budget under control number 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 58 minutes for a manual or electronic submission. This final rule is expected to have a minimal increase on the total number of license applications submitted to BIS. Send comments regarding these burden estimates or any other aspect of these collections of information, including suggestions for reducing the burden, to Jasmeet Seehra, Office of Management and Budget (OMB), and to the Regulatory Policy Division, Bureau of Industry and Security as indicated in the **ADDRESSES** section of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined under E.O. 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, this regulation is issued in final form. Although the formal comment period closed on June 17, 2008, public comments on this regulation are welcome on a continuing basis. Comments should be submitted to one of the addresses listed in the **ADDRESSES** section of the preamble of this final rule.
