Title: Troubled Asset Relief Program (TARP)—Capital Purchase Program (CPP) Participants Use of Funds Survey.

Description: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110–343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program (TARP). The TARP includes several components including a voluntary Capital Purchase Program (CPP) under which the Department has purchased qualifying capital in U.S. banking organizations. The CPP is an important part of the Department's efforts to restore confidence in our financial system and ensure that credit continues to be available to consumers and businesses. As an essential part of restoring confidence, the Treasury has committed to determining the effectiveness of the CPP. Additionally, American taxpayers are particularly interested in knowing how banks have used the money that Treasury has invested through the CPP. Consequently, the Treasury is seeking responses from banking institutions that have received CPP funds regarding: how the CPP investment has affected the banks' operations, how these institutions have used CPP funds, and how their usage of CPP funds has changed over time. The information will be used to gauge how participants in the CPP are utilizing TARP capital.

Respondents: Private Sector: Businesses or other for-profit institutions.

Estimated Total Reporting Burden: 51,200 hours.

Background

The Kingpin Act became law on December 3, 1999. The Kingpin Act establishes a program targeting the activities of significant foreign narcotics traffickers and their organizations on a worldwide basis. It provides a statutory framework for the President to impose sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and the benefits of trade and transactions involving U.S. companies and individuals.

The Kingpin Act blocks all property and interests in property, subject to U.S. jurisdiction, owned or controlled by significant foreign narcotics traffickers as identified by the President. In addition, the Secretary of the Treasury consults with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of

Defense, the Secretary of State, and the Secretary of Homeland Security when designating and blocking the property and interests in property, subject to U.S. jurisdiction, of persons who are found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; or (3) playing a significant role in international narcotics trafficking.

On June 9, 2010, the Director of OFAC designated 2 individuals and 2 entities whose property and interests in property are blocked pursuant to section 805(b) of the Foreign Narcotics Kingpin Designation Act.
