

Vehicles, and tactical missiles such as the Patriot and Theater High Altitude Area Defense (THAAD). A number of smaller target and interceptor missile systems may also be flown from KLC. The AAC anticipates ability to accommodate nine launches per year.

Marine mammals, specifically pinnipeds hauled out on Ugak Rock, which lies immediately south of Narrow Cape, would be subjected to rocket launch noise. Sound monitoring previously conducted on Ugak Rock demonstrates that noise levels could reach up to 101.4 dBA for the loudest vehicle, the Castor 120. AAC is requesting the take of 10 Steller sea lions per launch and the take of 125 harbor seals per launch.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning the AAC's request (see **ADDRESSES**). All information, suggestions, and comments related to the AAC's request and NMFS' potential development and implementation of regulations governing the incidental taking of marine mammals by the AAC near the KLC will be considered by NMFS in developing, if appropriate, regulations governing the issuance of letters of authorization.

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13).

DATES: Interested persons are invited to submit comments on or before August 6, 2010.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or e-mailed to

oira_submission@omb.eop.gov with a cc: to *ICDocketMgr@ed.gov*.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Title of Collection: Education Longitudinal Study (ELS) 2002 Third Follow-up 2011 Field Test Batch Tracing.

OMB Number: 1850-0652.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: Individuals or household.

Estimated Number of Annual Responses: 6,692.

Estimated Annual Burden Hours: 558.

Abstract: The Education Longitudinal Study of 2002 (ELS:2002) is a nationally representative longitudinal study of two high school grade cohorts (spring 2002 tenth-graders and spring 2004 twelfth-graders) comprising over 16,000 sample

members. The study focuses on achievement growth, and its correlates, in the high school years; the family and school social context of secondary education; and transitions from high school to postsecondary education and/or the labor market. Major issues for the postsecondary years include postsecondary educational access and choice, and persistence and baccalaureate and sub-baccalaureate attainment, as well as the work experiences of the non-college-bound, and other markers of adult status, such as family formation and civic participation. Data collections took place in 2002, 2004, 2006 (two years out of high school), and now a final data collection will take place in 2012, when most sample members are around 26 years of age. This submission requests OMB's approval for batch tracing for the third follow-up 2011 field test and 2012 full scale respondents.

Title of Collection: Common Core of Data—Teacher Compensation Survey (TCS): 2010–2013.

OMB #: PENDING.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: State, Local, or Tribal Government, Secondary Educational Agencies (SEAs) or Local Educational Agencies (LEAs).

Estimated Number of Annual Responses: 31.

Estimated Annual Burden Hours: 2,666.

Abstract: National data on teachers are limited to periodic sample surveys

or to simple counts at the district or school level. In response to the need for individual teacher-level data, the National Center for Education Statistics (NCES) developed the Teacher Compensation Survey (TCS), an administrative records survey that collects total compensation, teacher status, and demographic data about individual teachers from multiple state education agencies (SEAs). In 2007, NCES launched the pilot TCS data collection, with seven states volunteering to provide administrative records for school year (SY) 2005–06. In the second year of the data collection, the TCS expanded to 17 states reporting SY 2006–07 data. The information collected from these records included base salary, total salary, benefits, highest level of education, years of teaching experience, gender, and race/ethnicity for each teacher. The TCS file can be merged with the Common Core of Data (CCD) Public Elementary/Secondary School Universe Survey file to obtain such school information as school type, operational status, locale code, number of students eligible for free and reduced-price lunch, student enrollment by grade, race/ethnicity, gender, and pupil/teacher ratio. NCES will continue to request data from more SEAs and to make the data more comparable across them. It is anticipated that an average of 31 SEAs per year will volunteer to participate in the TCS between 2010 and 2013 (up to thirty-five states in 2013).
