SUPPLEMENTARY INFORMATION: The Tribe has requested the BIA to acquire six parcels, totaling 70± acres of land, on which the Tribe proposes to develop a destination resort casino. Approximately 2 acres of the site are located within the City of Cloverdale, California, while the remaining 68 acres are within unincorporated Sonoma County, California. The project site is situated immediately east of Highway 101 and borders Asti Road. Regional access to the project site is provided by Highway 101, with local access provided by South Cloverdale Boulevard via Highway 101. The proposed trust parcels partially overlap with the Tribe's historic Rancheria location.

The proposed action consists of: The fee-to-trust transfer of the project site; Federal review (by NIGC) of the development and management contract; and development of the proposed project. The proposed project includes: An 80,000 square-foot casino; 287,000 square-foot hotel with 244 rooms; 48,600 square-foot convention center; 28,100 square-foot entertainment center; 3,400 garage and surface parking spaces; and other ancillary facilities. A 20,000 square-foot tribal government building is proposed on the south end of the project site. Buildings would have a height of up to two stories above grade with the exception of the hotel and parking garage which would have a height of up to five stories above grade.

The BIA, serving as the lead agency for compliance with the National Environmental Policy Act (NEPA), published a Notice of Intent To Prepare the EIS for the proposed action in the **Federal Register** on July 7, 2008. (See 73 FR 38466). In addition to the Tribe, NIGC, EPA, Caltrans, Sonoma County,

and the City of Cloverdale have accepted invitations to be cooperating agencies, as entities having jurisdiction by law or special expertise relevant to environmental issues.

BIA held a public scoping meeting on July 30, 2008, at the Cloverdale Citrus Fairgrounds in the City of Cloverdale, California. From that scoping meeting, a range of project alternatives were developed and subsequently analyzed in the DEIS, including: (1) Alternative A—Proposed Action; (2) Alternative B—Reduced Hotel and Casino; (3) Alternative C—Reduced Casino; (4) Alternative D—Casino Only; (5) Alternative E—Commercial Retail-Office Space; and (6) Alternative F—No Action Alternative. Environmental issues addressed in the DEIS include land resources; water resources; air quality; biological resources; cultural and paleontological resources; socioeconomic conditions; transportation; land use and agriculture; public services; noise; hazardous materials; visual resources; environmental justice; growth inducing effects, indirect effects; cumulative effects; and mitigation measures.
