to the response rate of the cases with a phone number (Panel 4 versus Panel 5). This will help to determine whether conducting a CATI interview differs from conducting a CAPI interview in terms of response rates.

We also will analyze the cost and data quality to decide whether sending the household a cell phone or monetary incentive are possible options in the survey data collection process. We will analyze the cost to determine if we can obtain any savings by introducing either of these methods, even if the response rates differ across panels. If this study proves successful, it will provide an option for future FHWAR surveys and other Census surveys by helping to identify the difference between telephone- and no-telephone-available households. This may allow us to minimize CAPI interviewing and maximize CATI interviewing.

II. Method of Collection

Data is collected either by CATI or by CAPI. CATI interviewing is scheduled to begin April 1, 2011 and end on June 5, 2011. CAPI interviewing is scheduled to begin May 5, 2011 and end on June 5, 2011.

SUPPLEMENTARY INFORMATION:

I. Abstract

Section 6001(l) of the American Recovery and Reinvestment Act of 2009 (Recovery Act), Public Law 111–5 (2009), requires the Assistant Secretary of Commerce for Information and Communications (Assistant Secretary) to develop and maintain a comprehensive, interactive, and searchable nationwide inventory map of existing broadband service capability and availability in the United States that depicts the geographic extent to which broadband service capability is deployed and available from a commercial or public provider throughout each state. Recovery Act section 6001(l), 123 Stat. at 516. The statute further provides that the Assistant Secretary will make the national broadband map accessible by the public on a National Telecommunications and Information Administration (NTIA) Web site no later than February 17, 2011.

On July 8, 2009, NTIA issued the Notice of Funds Availability and Solicitation of Applications for the State Broadband Data and Development (SBDD) Grant Program (NOFA, 74 FR

32545, July 8, 2009), a competitive, merit-based matching grant program funding projects that collect comprehensive and accurate State-level broadband mapping data, develop State-level broadband maps, aid in the development and maintenance of a national broadband map, and fund statewide initiatives directed at broadband planning. setting forth the requirements for this competitive grant program.

The NOFA requires Awardees to submit regular reports to NTIA. Specifically, it states:

> All awardees under this Program will provide quarterly reports on: (a) Achievement of project goals, objectives, and milestones *(e.g.,* collection of a "substantially complete data set"; completion of data review or quality control process) as set forth by the applicant in their application timeline; i. expenditure of grant funds and how much of the award remains; ii. amount of non-federal cash or in-kind investment that is being added to complete the project; and iii. whether the awardee is on schedule to provide broadband-related data in accordance with the mapping project timeline. *See* 74 FR 32556 (July, 8, 2009).

NTIA requires these quarterly performance reports in order to gauge the progress of Awardees in meeting their project goals. Without such formal reporting, NTIA will be unable to effectively monitor the expenditure of these Recovery Act funds. While Awardees are also required to submit Recovery Act reports, these reports do not include vital details that NTIA in order to provide proper oversight of activities.

II. Method of Collection

NTIA will request awardees to submit their reports via email. Awardees will provide the quarterly reports using word processing and spreadsheet software such as Microsoft Word and Excel.

First Antidumping Duty Administrative Review of Sodium Hexametaphosphate from the People's Republic of China: Extension of Time Limit for the Final Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 10, 2010.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–0413.

SUPPLEMENTARY INFORMATION:

Background

On April 15, 2010, the Department of Commerce ("Department") published in the **Federal Register** the Preliminary Results of the first administrative review of sodium hexametaphosphate ("sodium hex") from the People's Republic of China ("PRC"), covering the period September 14, 2007 February 28, 2009. *See First Administrative Review of Sodium Hexametaphosphate from the People's Republic of China: Notice of Preliminary Results of the Antidumping Duty Administrative Review*, 75 FR 19613 (April 15, 2010) ("Preliminary Results"). The final results of this administrative review are currently due on August 13, 2010.

Extension of Time Limit for the Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results of an administrative review within 120 days after the date on which the *Preliminary Results* have been published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend this deadline to a maximum of 180 days.

The Department determines that completion of the final results of this review within the statutory time period is not practicable, given the extraordinarily complicated nature of the proceeding. The Department requires more time to analyze a significant amount of information pertaining to the respondent's corporate structure and ownership, sales practices and manufacturing methods. Therefore, given the number and complexity of issues in this case, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the final results of review until October 5, 2010.

This notice is published pursuant to sections 751(1)(3)(A) and 777(i)(1) of the Act and 19 CFR § 351.213(h)(2).

Dated: July 30, 2010.

Edward Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
