2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b)¹¹ of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act,¹² in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. This proposed rule change will foster coordination with back office personnel engaged in processing information and is consistent with the facilitating of transactions in securities as set forth in Section 6(b)(5) in that it, by providing Participants an additional hour within which to complete the necessary processing of CEAs, will thereby decrease Participants' burden of processing an increasing number of the contrary exercise advises and enable them to more easily manage and process these instructions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange has neither solicited nor received comments on the proposed rule change.

become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
