Federal Register

Vol. 75, No. 181

Monday, September 20, 2010

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF AGRICULTURE

### Agricultural Marketing Service

#### 7 CFR Part 205

[Document Number AMS–NOP–10–0068; NOP–10–08]

#### Meeting of the National Organic Standards Board

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Request for comments.

**SUMMARY:** In accordance with the Federal Advisory Committee Act, as amended, the Agricultural Marketing Service (AMS) is announcing a forthcoming meeting of the National Organic Standards Board (NOSB). The principal purpose of NOSB meetings is to provide an opportunity for the organic community to weigh in on proposed NOSB recommendations and discussion items. These meetings also allow the NOSB to receive updates from the USDA/NOP on issues pertaining to organic agriculture.

**DATES:** The meeting dates are Monday, October 25, 2010, 8 a.m. to 5:30 p.m.; Tuesday, October 26, 2010, 8 a.m. to 4:40 p.m.; Wednesday, October 27, 2010, 8 a.m. to 5 p.m.; and Thursday, October 28, 2010, 8 a.m. to 5:30 p.m. Requests from individuals and organizations wishing to make oral presentations at the meeting are due by the close of business on Tuesday, October 12, 2010.

**ADDRESSES:** The meeting will take place at the Best Western InnTowner, 2424 University Avenue, Madison, Wisconsin 53726.

• The NOSB meeting agenda and proposed recommendations may be viewed at <http://www.ams.usda.gov/nop>. Requests for copies of these materials may be sent to Ms. Lisa

Ahramjian (*see* **FOR FURTHER INFORMATION CONTACT** section).

• Written comments on proposed NOSB recommendations may be received by the close of business on Tuesday, October 12, 2010. Written comments may be submitted to Ms. Lisa Ahramjian electronically at [www.regulations.gov](http://www.regulations.gov) (preferred) or via mail (*see* **FOR FURTHER INFORMATION CONTACT** section). The comments should identify Document Number AMS–NOP–10–0068; NOP–10–08. It is our intention to have all comments—whether they are submitted by mail or the Internet—available for viewing on the [www.regulations.gov](http://www.regulations.gov) Web site.

• To make an oral presentation at the meeting, please send a request to Ms. Lisa Ahramjian at [nosb@ams.usda.gov](mailto:nosb@ams.usda.gov) or (202) 720–3252.

**FOR FURTHER INFORMATION CONTACT:** Ms. Lisa Ahramjian, Executive Director, National Organic Standards Board, USDA–AMS–NOP, 1400 Independence Ave., SW., Room 2646–So., Ag Stop 0268, Washington, DC 20250–0268; Phone: (202) 720–3252; [nosb@ams.usda.gov](mailto:nosb@ams.usda.gov).

**SUPPLEMENTARY INFORMATION:** Section 2119 (7 U.S.C. 6518) of the Organic Foods Production Act of 1990 (OFPA), as amended (7 U.S.C. 6501 *et seq.*) requires the establishment of the NOSB. The purpose of the NOSB is to make recommendations about whether a substance should be allowed or prohibited in organic production or handling, to assist in the development of standards for substances to be used in organic production, and to advise the Secretary on other aspects of the implementation of the OFPA. The NOSB met for the first time in Washington, DC, in March 1992, and currently has six subcommittees working on various aspects of the organic program. The committees are: Compliance, Accreditation, and Certification; Crops; Handling; Livestock; Materials; and Policy Development.

In August of 1994, the NOSB provided its initial recommendations for the NOP to the Secretary of Agriculture. Since that time, the NOSB has submitted 197 addenda to its

recommendations and reviewed more than 357 substances for inclusion on the National List of Allowed and Prohibited Substances. The Department of Agriculture (USDA) published its final National Organic Program regulation in the **Federal Register** on December 21, 2000, (65 FR 80548). The rule became effective April 21, 2001.

In addition, the OFPA authorizes the National List of Allowed and Prohibited Substances and provides that no allowed or prohibited substance would remain on the National List for a period exceeding five years unless the exemption or prohibition is reviewed and recommended for renewal by the NOSB and adopted by the Secretary of Agriculture. This expiration is commonly referred to as sunset of the National List. The National List appears at 7 CFR Part 205, Subpart G.

The principal purpose of NOSB meetings is to provide an opportunity for the organic community to weigh in on proposed NOSB recommendations and discussion items. These meetings also allow the NOSB to receive updates from the USDA/NOP on issues pertaining to organic agriculture.

#### Summary of April 2010 NOSB Meeting

The last NOSB meeting was held on April 26–29, 2010, in Davis, California. During this meeting, the Board did not recommend the addition of any new materials to the National List, but did recommend renewal of 148 of the 232 listings of materials scheduled to expire on specific dates in 2012 (*see* Table 1). In addition, the Advanced Notice of Proposed Rulemaking for Sunset 2012 [Doc. No. AMS–NOP–09–0074; NOP–09–01] (75 FR 14500, March 26, 2010) was open for comments during the time of the April 2010 business meeting, and was not scheduled to close until May 25, 2010. Consequently, the Board had not yet received or reviewed all public comments, and was aware that additional information may be received from the public that may require the reconsideration of one or all of the materials recommended for continued listing at the next scheduled meeting of the Board.

In addition to sunset 2012 activities, the board accomplished the following: Suggested six steps to accomplish the changes in regulation to allow NOSB, NOP, and EPA to review materials currently on the now obsolete EPA List 3 and 4 Inerts and determine how best to evaluate these materials; proposed an annotation to allow the petitioned levels

of the three forms of methionine allowed in organic poultry feed through October 1, 2012, at which time the maximum levels of methionine would be reduced; and proposed a language clarification to allow young organic animals still receiving milk in their diet to consume milk from animals being treated with substances allowed under

§ 205.603, regardless of withholding time.

#### Agenda Items for Fall 2010

The Crops Committee will present recommendations on eight sunset 2012 material listings (see Table 2).

The Handling Committee will also present recommendations to the board on four petitioned materials: Yeast (petition to move from § 205.605 to § 205.606), pectin (low-methoxy), glucosamine hydrochloride, and hops (petition to remove from the National List). Other Handling Committee recommendations include a review of

their prior sunset 2012 recommendations on § 205.605(a), § 205.605(b), and § 205.606. The Committee will reconsider a prior sunset 2012 recommendation on glycerides (mono and di), and present a colors annotation recommendation.

The Materials Committee will present a recommendation on nanotechnology

and provide an oral update on materials classification.

The Compliance, Accreditation, and Certification Committee will present a recommendation on the “made with” organic claim and the limitations of § 205.101(b).

The Policy Development Committee will present recommendations on three

sections of the NOSB Policy and Procedures Manual: Section IV (Establishing Ad-hoc Committees), Section V (NOP/NOSB Collaboration), and Section VIII (Recommendations on sunset Review Policy). Additionally, they will present a recommendation to update the NOSB New Member Guide.

*The Meeting Is Open to the Public.*

The NOSB has scheduled time for public input for Monday, October 25, 2010, from 10 a.m. to 5:30 p.m. and Wednesday, October 27, 2010 from 8 a.m. to 5 p.m. Individuals and organizations wishing to make oral presentations at the meeting must forward their requests by e-mail, phone, or mail to Ms. Lisa Ahramjian (*see FOR FURTHER INFORMATION CONTACT* section above). Individuals or organizations will be given one five-minute slot to present their views. All persons making oral presentations are requested to provide their comments in writing and indicate the topic of their comment, referencing specific NOSB recommendations/topics or noting if they plan to cover multiple topics. Written submissions may contain information other than that presented at the oral presentation. Anyone may submit written comments at the meeting. Persons submitting written comments are asked to provide 30 copies.

Interested persons may visit the NOSB portion of the NOP Web site at <http://www.ams.usda.gov/nop> to view available meeting documents prior to the meeting, or visit [www.regulations.gov](http://www.regulations.gov) to submit and view comments (*see ADDRESSES* section above). Documents presented at the meeting will be posted for review on the NOP Web site approximately six weeks following the meeting.

Dated: September 13, 2010.

### National Poultry Improvement Plan and Auxiliary Provisions

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** We are proposing to amend the National Poultry Improvement Plan (the Plan) and its auxiliary provisions by providing new or modified sampling and testing procedures for Plan participants and participating flocks. The proposed changes were voted on and approved by the voting delegates at the Plan's 2008 National Plan Conference. These changes would keep the provisions of the Plan current with changes in the poultry industry and provide for the use of new sampling and testing procedures.

**DATES:** We will consider all comments that we receive on or before November 19, 2010.

**ADDRESSES:** You may submit comments by either of the following methods:

- Federal eRulemaking Portal: Go to (<http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2009-0031>) to submit or view comments and to view supporting and related materials available electronically.

- Postal Mail/Commercial Delivery: Please send one copy of your comment to Docket No. APHIS-2009-0031, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2009-0031.

**Reading Room:** You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

**Other Information:** Additional information about APHIS and its programs is available on the Internet at (<http://www.aphis.usda.gov>).

**FOR FURTHER INFORMATION CONTACT:** Mr. Andrew R. Rhorer, Senior Coordinator, Poultry Improvement Staff, National Poultry Improvement Plan, Veterinary Services, APHIS, USDA, 1498 Klondike Road, Suite 101, Conyers, GA 30094-5104; (770) 922-3496.

#### SUPPLEMENTARY INFORMATION:

##### Background

The National Poultry Improvement Plan (NPIP, also referred to below as "the Plan") is a cooperative Federal-State-industry mechanism for controlling certain poultry diseases. The

Plan consists of a variety of programs intended to prevent and control poultry diseases. Participation in all Plan programs is voluntary, but breeding flocks, hatcheries, and dealers must first qualify as "U.S. Pullorum-Typhoid Clean" as a condition for participating in the other Plan programs.

The Plan identifies States, flocks, hatcheries, dealers, and slaughter plants that meet certain disease control standards specified in the Plan's various programs. As a result, customers can buy poultry that has tested clean of certain diseases or that has been produced under disease-prevention conditions.

The regulations in 9 CFR parts 145, 146, and 147 (referred to below as the regulations) contain the provisions of the Plan. The Animal and Plant Health Inspection Service (APHIS, also referred to as "the Service") of the U.S. Department of Agriculture (USDA, also referred to as "the Department") amends these provisions from time to time to incorporate new scientific information and technologies within the Plan.

The proposed amendments discussed in this document are consistent with the recommendations approved by the voting delegates to the National Plan Conference that was held from June 5 through June 7, 2008. Participants in the 2008 National Plan Conference represented flockowners, breeders, hatcherymen, slaughter plants, and Official State Agencies from all cooperating States. The proposed amendments are discussed in detail below.

#### *Simplifying Indemnity Provisions in Part 56*

The regulations in 9 CFR part 56 set out conditions for the payment of indemnity for costs associated with poultry that are infected with or exposed to the H5 or H7 subtypes of low pathogenic avian influenza (H5/H7 LPAI). Section 56.3 states that indemnity may be paid for destruction and disposal of poultry that were infected with or exposed to H5/H7 LPAI, destruction of eggs for testing for H5/H7 LPAI, and cleaning and disinfection of premises, conveyances, and materials that came into contact with poultry that were infected with or exposed to H5/H7 LPAI (or destruction and disposal, if the cost of cleaning and disinfection would exceed the value of the materials or cleaning and disinfection would be impractical).

Section 56.3 also sets the percentages of the costs of those activities that are eligible for indemnity. Specifically, paragraph (b) of § 56.3 indicates that the Administrator is authorized to pay 100
