Background and Purpose

STCW requirements: Regulation I/10 of the STCW requires Parties to the Convention to establish procedures to recognize certificates issued to maritime officers by or under the authority of another Party. STCW also requires the flag state of a vessel to ensure that all officers serving on board hold properly recognized and endorsed credentials.

Citizenship waiver provisions within the United States Code: Title 46 of the United States Code (U.S.C.) allows the employment of foreign citizens aboard certain United States flag vessels. Specifically, 46 U.S.C. 8103(b)(3) establishes authority to waive the requirement for United States citizenship for:

(A) An offshore supply vessel or other similarly engaged vessel of less than 1,600 gross tons as measured under section 14502 of this title, or an alternate tonnage measured under section 14302 of this title as prescribed by the Secretary under section 14104 of this title that operates from a foreign port;

(B) A mobile offshore drilling unit or other vessel engaged in support of exploration, exploitation, or production of offshore mineral energy resources operating beyond the water above the outer Continental Shelf (as that term is defined in section 2(a) of the Outer Continental Shelf Lands Act (43 U.S.C. 1331(a)); and

(C) Any other vessel if the Secretary determines, after an investigation, that qualified seamen who are citizens of the United States are not available.

Need for the policy: Recognition of seafarer competence certificates from other countries would ensure compliance with the STCW Convention requirements, be in accordance with the citizenship waiver requirements in 46 U.S.C. 8103(b)(3), and help ensure that United States flagged vessels are not subject to detention in foreign ports due to allegations of improperly credentialed seafarers. It would also be done in anticipation of the regulatory changes that would be needed to bring the United States into compliance with the STCW requirements.

The Proposed Policy

Given this need, the Coast Guard is developing a policy to start establishing a process for the United States' recognition of foreign certificates held by foreign officers who may be employed on some United States flag vessels.

The Coast Guard is beginning to develop policy guidance for arrangements between parties to STCW for recognition of certificates under STCW Regulation I/10. The policy would provide guidance for Coast Guard on how and when to recognize STCW certificates issued by other countries. The policy would also provide a list of which countries' certificates may be recognized and the process used to determine that list.

As part of this policy, we expect that once the United States is satisfied that a certificate-issuing country complies with the STCW Convention requirements concerning standards of competence, the issuing and endorsement of certificates, and record keeping, both countries could sign a written formal agreement establishing recognition of each country's STCW certificates.

The proposed policy could also offer guidance for mariners and/or vessel operators/employers with regard to applying for and obtaining a United States-issued endorsement of their foreign certificates.

We welcome your comments on the above proposals. In particular, the Coast Guard is interested in the following information:

1. Which United States flag vessels employ foreign citizens?
2. What are the nationalities of foreign citizens working United States flag vessels?
3. What countries issue STCW certificates for foreign citizens working United States flag vessels?

We will review and analyze all comments received in order to develop the policy.

Authority: We issue this notice of under the authority of 5 U.S.C. 552(a) and 46 U.S.C. 8103(b)(3).

Dated: September 1, 2010.

Kevin S. Cook,

Rear Admiral, U.S. Coast Guard, Director of Prevention Policy.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Public/Private Partnerships for the Mixed Finance Development of Public Housing Units.

OMB Control Number: 2577—pending.

Description of the need for the information and proposed use: The Quality Housing and Work Responsibility (QHWRA) Act of 1998 (HUD Reform Act) authorized PHAs to use a combination of private financing and public housing development funds to develop public housing units (Mixed-Finance Development). The implementing regulation for Mixed-Finance transactions is 24 CFR 941, subpart F. Mixed-Finance public housing development is designed to enable PHAs and their partners to structure transactions that make use of private and/or public sources of financing. Many potential scenarios for ownership and transaction structures exist. HUD must ensure that public housing rental regulations and public housing development regulations, which include wider HUD and Federal statutes and regulations, e.g., OMB Circulars, Fair Housing Act, Americans with Disabilities Act, are followed by PHAs and their private sector partners.

Agency form numbers, if applicable: HUD-50029, HUD-50030, Regulatory and Operating Agreement (form number pending). All other information will be collected via unique legal documents.

Members of affected public: Real Estate development and management entities, financial entities, Community Development entities, State and Local Governments.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Frequency of Submission: Once per Mixed-Finance transaction.
