

subscribers equally based on the number of test ports subscribed. This proposed charge would apply to both members that obtain test ports for direct access and non-member service bureaus that act as a conduit for orders entered by NASDAQ members that are their customers. The proposed fees will cover the costs associated with separately offering the service, responding to customer requests, configuring NASDAQ's systems, programming to user specifications, and administering the service, among other things, and may provide NASDAQ with a profit to the extent costs are covered. NASDAQ believes that the proposed fee structure strikes a balance between covering these costs, and providing incentives to subscribers to make efficient use of Test Facility ports.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments Regarding the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁵ and subparagraph (f)(2) of Rule 19b-4 thereunder.⁶ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63256; File No. SR-FINRA-2010-055]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing of Proposed Rule Change To Amend FINRA Rule 6140 (Other Trading Practices)

November 5, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 29, 2010, Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 6140 to eliminate the provisions regarding the handling of stop orders, delete definitions relating to stop stock transactions and to relocate the definition of "initial public offering."

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA Rule 6140(h) (the "Rule") addresses the handling of stop orders in

⁵ 15 U.S.C. 78s(b)(3)(a)(iii).

⁶ 17 CFR 240.19b-4(f)(2).

⁷ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

NMS stocks, as defined in Rule 600(b)(47) of SEC Regulation NMS.³ Specifically, the Rule provides that members may, but are not obligated to, accept stop orders. The Rule further provides that a stop order becomes a market order (or a stop limit order becomes a limit order) when a transaction takes place at or above the stop price (in the case of a buy stop order) or at or below the stop price (in the case of a sell stop order). Thus, as defined in the Rule, a stop order cannot be triggered by the publication of a quotation at the stop price (only by a transaction). However, members have stated that they believe quotations may be a better indicator of the current price of a security than transactions, and requested that FINRA provide members the flexibility to determine whether the trigger of a stop order will be based on transactions or quotations in the subject security at the stop price.

FINRA rules do not typically define the parameters of the various order types that members may accept and we agree that members should have the ability to define the triggering event for stop orders as well as to design their systems consistent with such determination.⁴ Therefore, FINRA is proposing to delete Rule 6140(h). FINRA is also deleting Rule 6140(i), which defines the terms "stop stock price" and "stop stock transaction."

Members that also are members of another self-regulatory organization ("SRO") will continue to be subject to any applicable provisions adopted by such other SRO with respect to the handling of stop orders. FINRA expects that, irrespective of whether a transaction or quotation is used as the trigger for a customer stop order, each member will apply the approach consistently firm-wide to all customer orders and fully disclose its practice to its customers.

FINRA also is proposing to move the definition of "initial public offering" from Rule 6220 (Definitions) to Rule 6130 (Transactions Related to Initial Public Offerings).⁵ FINRA is not

proposing substantive changes to the definition of "initial public offering." FINRA believes that Rule 6130 is the more appropriate location for the definition of "initial public offering" and that relocating this definition, as proposed, will reduce confusion for members.

FINRA will announce the implementation date of the proposed rule change no later than 30 days following Commission approval. The implementation date will be no more than 60 days following Commission approval.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁶ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade and, in general, to protect investors and the public interest. FINRA believes that adopting the proposed rule change will provide members with the flexibility to determine whether the execution of stop orders will be triggered by transactions or quotations in the subject security without compromising investor protection. In addition, FINRA believes that relocating the definition of "initial public offering" to Rule 6130 is appropriate and will reduce member confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory

organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
