

by telephone the date, time, and location of the hearing two days before the scheduled date.

The Department will issue the final results of the administrative review, which will include the results of its analysis of issues raised in the briefs, within 120 days of publication of these preliminary results, in accordance with 19 CFR 351.213(h)(1) unless the time limit is extended.

Assessment Rates

Pursuant to 19 CFR 351.212, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For assessment purposes, in accordance with 19 CFR 351.212(b)(1), the Department calculated exporter/importer (or customer)-specific assessment rates for merchandise subject to this review. Where the respondent has reported reliable entered values, the Department calculated importer (or customer)-specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer). See 19 CFR 351.212(b)(1). Where an importer (or customer)-specific *ad valorem* rate is greater than *de minimis*, we will apply the assessment rate to the entered value of the importer's/customer's entries during the POR. See 19 CFR 351.212(b)(1). Where an importer (or customer)-specific *ad valorem* rate is zero or *de minimis* (i.e., less than 0.50 percent), the Department will instruct CBP to liquidate that importer's (or customer's) entries of subject merchandise without regard to antidumping duties. See 19 CFR 351.106(c)(2).

The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this review. The Department intends to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate in the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for all shipments of subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section

751(a)(2)(C) of the Act: (1) For the exporter listed above, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, i.e., less than 0.5 percent, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 55.21 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Department is issuing and publishing these preliminary results of administrative review in accordance with section 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: March 25, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

International Trade Administration

Initiation of Antidumping Duty Administrative Reviews, Requests for Revocation in Part, and Deferral of Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") has received requests to conduct administrative reviews of various antidumping duty orders and

findings with February anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department received a request to revoke two antidumping duty orders in part. The Department also received a request to defer the initiation of an administrative review for one antidumping duty order.

DATES: *Effective Date:* March 31, 2011.

FOR FURTHER INFORMATION CONTACT: Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, *telephone:* (202) 482-4697.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with February anniversary dates. With respect to the antidumping duty orders on Frozen Warmwater Shrimp from Brazil, India, and Thailand, the initiation of the antidumping duty administrative review for these cases will be published in a separate initiation notice. The Department received timely requests to revoke in part the antidumping duty order on Stainless Steel Bar from India with respect to one exporter and on Certain Frozen Warmwater Shrimp from the People's Republic of China with respect to one exporter. The Department also received a request in accordance with 19 CFR 351.213(c) to defer for one year the initiation of the February 1, 2010, through January 31, 2011, administrative review of the antidumping duty order on Stainless Steel Bar from Japan. The Department received no objections to this request from any party cited in 19 CFR 351.213(c)(1)(ii).

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review ("POR"), it must notify the Department within 60 days of publication of this notice in the **Federal Register**. All submissions must be made in accordance with 19 CFR 351.303 and are subject to verification in accordance

with section 782(i) of the Tariff Act of 1930, as amended (“Act”). Six copies of the submission should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Further, in accordance with 19 CFR 351.303(f)(3)(ii), a copy of each request must be served on every party on the Department’s service list.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the POR. We intend to release the CBP data under Administrative Protective Order (“APO”) to all parties having an APO within seven days of publication of this initiation notice and to make our decision regarding respondent selection within 21 days of publication of this **Federal Register** notice. The Department invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the applicable review.

Separate Rates

In proceedings involving non-market economy (“NME”) countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate

rate, the Department analyzes each entity exporting the subject merchandise under a test arising from the *Final Determination of Sales at Less Than Fair Value: Sparklers From the People’s Republic of China*, 56 FR 20588 (May 6, 1991), as amplified by *Notice of Final Determination of Sales at Less Than Fair Value: Silicon Carbide From the People’s Republic of China*, 59 FR 22585 (May 2, 1994). In accordance with the separate-rates criteria, the Department assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate-rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate-rate application or certification, as described below. For these administrative reviews, in order to demonstrate separate-rate eligibility, the Department requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on the Department’s Web site at <http://www.trade.gov/ia> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate Certifications are due to the Department no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding¹ should timely file a Separate Rate Application to

demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,² should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Status Application will be available on the Department’s Web site at <http://www.trade.gov/ia> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Status Application, refer to the instructions contained in the application. Separate Rate Status Applications are due to the Department no later than 60 calendar days of publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Status Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

For exporters and producers who submit a separate-rate status application or certification and subsequently are selected as mandatory respondents, these exporters and producers will no longer be eligible for separate-rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Initiation of Reviews:

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping duty orders and findings. We intend to issue the final results of these reviews not later than February 29, 2012. Also, in accordance with 19 CFR 351.213(c) we are deferring for one year the initiation of the February 1, 2010, through January 31, 2011 administrative review of the antidumping duty order on Stainless Steel Bar from Japan (A-588-833) with respect to one exporter.
