Title of Proposal: Site Visit Protocols for Neighborhood Stabilization Program (NSP2) Evaluation.

OMB Control Number: Pending.

Description of the Need for the Information and Proposed Use: The U.S.

Department of Housing and Urban Development (HUD) is conducting an important national study of the Neighborhood Stabilization Program (NSP), with a particular focus on the round of funding from the American Recovery and Reinvestment Act (ARRA), known as "NSP2." This information collection will involve site visits and interviews of NSP2 grantees, in order to describe the process of implementing the NSP2 program and to identify the neighborhoods where NSP2 funding was spent, in order to evaluate its impact.

Agency Form Numbers: N/A.

Members of the Affected Public:

Approximately 25 NSP2 grantees and 50 partner agencies will be part of the study. To select the grantees HUD will conduct brief reconnaissance telephone calls with up to 40 grantees to ensure that they have adequate data for evaluation. Staff of selected grantees will be asked to participate in more in-depth on-site interviews with HUD's contractor and to provide HUD's contractor with access to their records for tracking program activity. Reconnaissance phone calls will take up to an hour per grantee. On-site interviews will take approximately 2 hours per person and will be administered to approximately 4 staff per NSP2 grantee and 4 additional staff among partner agencies. Providing HUD's contractor with access to records will require approximately 2 hours from one person per grantee. *Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:* The following chart details the respondent burden on a quarterly and annual basis:
