

DEPARTMENT OF COMMERCE

Submission for OMB Review;
Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: Billfish Certificate of Eligibility.
OMB Control Number: 0648-0216.
Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 200.
Average Hours per Response: Initial dealer information, 20 minutes; subsequent dealers' information, 2 minutes.

Burden Hours: 43.
Needs and Uses: Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et. seq.*), NOAA is responsible for management of the Nation's marine fisheries. In addition, NOAA must comply with the United States' (U.S.) obligations under the Atlantic Tunas Convention Act of 1975 (16 U.S.C. 971 *et. seq.*). A Certificate of Eligibility (COE) for Billfishes is required under 50 CFR part 635 to accompany all billfish, except for a billfish landed in a Pacific state and remaining in the state of landing. This documentation certifies that the accompanying billfish was not harvested from the applicable Atlantic Ocean management unit (described on the NOAA sample certificate at <http://www.nmfs.noaa.gov/sfa/hms/GPEA/0216%20Billfish%20COEform.pdf>), and identifies the vessel landing the billfish, the vessel's homeport, the port of offloading, and the date of offloading. The certificate must accompany the billfish to any dealer or processor who subsequently receives or possesses the billfish. The certificate is required for all first receivers of billfish, and dealers or processors who subsequently receive or possess billfish must also retain a copy of the certificate while processing or handling the billfish. A standard

certificate format is not currently required to document the necessary information, provided it contains all of the information required. The continuation of this collection is necessary to implement the Consolidated Highly Migratory Species Fishery Management Plan, which contains an objective to reserve Atlantic billfish for the recreational fishery.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.

Dated: August 3, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Certain Steel Concrete Reinforcing Bars From Turkey; Notice of Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: August 9, 2011.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3874.

SUPPLEMENTARY INFORMATION:

Amended Final Results

On November 7, 2008, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on certain steel concrete reinforcing bars (rebar) from Turkey. *See Certain Steel Concrete Reinforcing Bars From Turkey; Final Results of Antidumping Duty Administrative Review and Determination To Revoke in Part*, 73 FR 66218 (Nov. 7, 2008). The period of review (POR) is April 1, 2006, through March 31, 2007.

As part of this decision, the Department, following the methodology used in the 2005-2006 administrative review, depreciated an "asset" recorded in respondent Ekinciler Demir ve Celik Sanayi A.S.'s/Ekinciler Dis Ticaret A.S.'s (Ekinciler's) financial statements which was later determined to be capitalized expenses from a proprietary event in an earlier period.

Following the publication of the final results, Ekinciler filed a lawsuit with the United States Court of International Trade (CIT) challenging the Department's final results of administrative review. *See Ekinciler Demir ve Celik Sanayi A.S. & Ekinciler Dis Ticaret A.S. v. United States*, Court No. 08-00415. Further, in litigation related to the 2005-2006 administrative review, the Court of Appeals for the Federal Circuit determined that the Department did not have the authority to depreciate the asset in question. *See Nucor Corporation v. United States, Ekinciler, et al.*, Court No. 2009-1476 (April 12, 2010).

The United States and Ekinciler have now entered into an agreement to settle this dispute. Pursuant to the terms of the agreement between the United States and Ekinciler, we calculated the following amended final margin for Ekinciler for the POR and are amending the final results of the antidumping duty administrative review of rebar from Turkey as follows:

Manufacturer/Producer/Exporter	Margin Percentage
Ekinciler Demir ve Celik Sanayi A.S./Ekinciler Dis Ticaret A.S.	0.36

Assessment

The Department shall determine, and U.S. Customs and Border Protection

(CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), for all sales made

by Ekinciler, because we have the reported entered value of the U.S. sales, we have calculated importer-specific

assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those sales.

Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is *de minimis* (i.e., less than 0.50 percent).

The Department clarified its "automatic assessment" regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by Ekinciler for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We are issuing this determination and publishing these amended final results and notice in accordance with 19 U.S.C. 1516a(e).

Dated: August 2, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before August 29, 2011. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 11-046. *Applicant:* University of California Los Angeles, 595 Charles E. Young Drive East, 3806 Geology Building, Los Angeles, CA

90095. *Instrument:* Luminescence Reader. *Manufacturer:* Technical University of Denmark, Riso National Laboratory, Denmark. *Intended Use:* The instrument will be used to study the age of rock and sediment samples using thermoluminescence, optically stimulated luminescence and infrared luminescence. *Justification for Duty-Free Entry:* No instruments of the same general category are being manufactured in the United States. *Application accepted by Commissioner of Customs:* July 18, 2011.

Docket Number: 11-049. *Applicant:* University of Missouri, Electron Microscopy Core Facility, Veterinary Medicine Building, 1600 East Rollins, Columbia, MO 65211. *Instrument:* Electron Microscope. *Manufacturer:* FEI Company, Czech Republic. *Intended Use:* The instrument will be used to study natural, synthetic and biological materials, to determine their atomic and crystalline structures, 3-dimensional organization at the nano level, elemental composition and organization. *Justification for Duty-Free Entry:* No instruments of the same general category are being manufactured in the United States. *Application accepted by Commissioner of Customs:* July 27, 2011.

Docket Number: 11-051. *Applicant:* DOD Uniformed Services University of the Health Sciences, 4301 Jones Bridge Road, Bethesda, MD 20814-4799. *Instrument:* Transmission Electron Microscope. *Manufacturer:* JEOL, Japan. *Intended Use:* The instrument will be used to obtain extremely high-magnification images of biological samples, such as cells, tissues, bacteria and protein complexes, to study the characterization of injury and wound response and the effects of pharmacological agents on control and diseased tissues. *Justification for Duty-Free Entry:* No instruments of the same general category are being manufactured in the United States. *Application accepted by Commissioner of Customs:* July 27, 2011.

Dated: August 3, 2011.

Gregory W. Campbell,

Director, Subsidies Enforcement Office, Office of Policy, Import Administration.
