SUPPLEMENTARY INFORMATION:

Title: Accounts Receivable Confirmations.

OMB Control Number: 1012-0001.

Bureau Form Number: None.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS) under the following laws: The Mineral Leasing Act of 1920 (30 U.S.C. 1923), the Indian Mineral Development of 1982 (Pub. L. 97-382—Dec. 22, 1982); and the Outer Continental Shelf Lands Act (43 U.S.C. 1353). The Secretary is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties and other mineral revenues from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The ONRR performs the minerals revenue management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral revenues are on our Web site at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company

or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information ONRR collects includes data necessary to ensure that the royalties are accurately valued and appropriately paid.

Companies submit financial information monthly to ONRR on Form ONRR-2014, Report of Sales and Royalty Remittance (OMB Control Number 1012-0004) and on Form ONRR-4430, Solid Minerals Production and Royalty Report (OMB Control Number 1012-0010).

Every year, under CFO, the Department's Office of Inspector General, or its agent (agent), audits the Department's financial statements. The Department's goal is to receive an unqualified opinion. Accounts receivable confirmations are a common practice in the audit business. Due to continuously increasing scrutiny on financial audits, third-party confirmation on the validity of ONRR's financial records is necessary.

As part of CFO audit requirements, the agent selects royalty payors at random and provides the companies' names and addresses to ONRR. We mail the letters to the payors, instructing them to respond directly to the agent to confirm the accuracy and/or validity of selected royalty receivable items and amounts. In order to meet CFO requirements, the letters must be on ONRR letterhead and signed by the Deputy Director for Office of Natural Resources Revenue. Third-party confirmation responses are requested by a specified date, confirming that ONRR's accounts receivable records agree with royalty payor records, for the following items: Customer identification; royalty/invoice number; payor-assigned document number; date received; original amount reported; and remaining balance due to ONRR, as of a specified date. Verifying the amounts reported and the balances due requires time for research and analysis by payors.

Frequency: Annually.

Estimated Number and Description of Respondents: 48 Federal and Indian oil and gas and solid mineral royalty payors.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 12 hours. We estimate that each response

will take 15 minutes for payors to complete.

Estimated Annual Reporting and Recordkeeping "Non-hour Cost" Burden: We have identified no "non-hour cost" burden associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request.

Public Comment Policy: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-736]

Certain Wind and Solar-Powered Light Posts and Street Lamps; Notice of Commission Determination Not To Review an Initial Determination Granting Complainants' Unopposed Motion To Terminate the Investigation Based on the Withdrawal of the Complaint; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 20) of the presiding administrative law judge ("ALJ") granting complainants' motion to terminate the investigation based on the withdrawal of the complaint in the above-referenced investigation.

FOR FURTHER INFORMATION CONTACT: Jia Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-4737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business

hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 27, 2010, based on a complaint filed by Duggal Dimensions LLC; Duggal Energy Solutions, LLC; and Duggal Visual Solutions, Inc., collectively of New York, New York. 75 FR 59291 (Sept. 27, 2010). The complaint alleged violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain wind and solar-powered light posts and street lamps by reason of infringement of certain claims of U.S. Patent No. D610,732. The complaint named Gus Power Inc. of Mississauga, Ontario, Canada; Efston Science, Inc. of Toronto, Ontario, Canada; King Luminaire, Inc. of Jefferson, Ohio; and The StressCrete Group of Burlington, Ontario as respondents.

On July 29, 2011, the ALJ issued an ID (Order No. 18) extending the target date of the investigation by approximately two months from January 27, 2012 to March 16, 2012 on the basis of the parties' delay to the procedural schedule.

On August 1, 2011, complainants filed an unopposed motion to terminate the investigation based on the withdrawal of the complaint, stating that the private parties have entered into a written settlement agreement ("Settlement Agreement"). Public and confidential versions of the Settlement Agreement were attached to the motion. The motion also stated that there are no other agreements, written or oral, express or implied, between the parties concerning the subject matter of this investigation. On August 2, 2011, the ALJ issued the subject ID granting complainants' unopposed motion. The public version of the Settlement Agreement is attached to the ID. The ALJ found that complainants' motion complies with Commission Rule 210.21(a). In the ID, the ALJ also denied

a previous motion by respondents to terminate the investigation (Motion Docket No. 736-018) and a motion in limine by complainants to exclude the testimony of respondents' experts (Motion Docket No. 736-716), because the motions are moot.

The Commission has determined not to review the subject ID. The Commission notes that as a result, the ID extending the target date of the investigation is moot.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

By order of the Commission.

Issued: August 23, 2011.

James R. Holbein,

Secretary to the Commission.
