

III. Data

OMB Control Number: 0648–0373.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Non-profit institutions; State, local, or tribal government; business or other for-profit organizations.

Estimated Number of Respondents: 7,575.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 7,613.

Estimated Total Annual Cost to Public: \$303,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information;

(c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 29, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Pacific Halibut Fishery; Guideline Harvest Levels for the Guided Sport Fishery for Pacific Halibut in International Pacific Halibut Commission Regulatory Areas 2C and 3A

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of guideline harvest level.

SUMMARY: NMFS provides notice of the 2011 Pacific halibut guideline harvest levels (GHLs) for the guided sport fishery in International Pacific Halibut Commission (IPHC) Regulatory Areas 2C (Southeast Alaska) and 3A (Central Gulf of Alaska). This notice is necessary to meet the regulatory requirement to publish notice announcing the GHLs and to inform the public about the 2011 GHLs for the guided sport fishery for halibut. The GHLs are benchmark harvest levels for participants in the guided sport fishery. The 2011 GHLs remain the same as the 2010 GHLs; the Area 2C GHL is 788,000 lbs (357.4 mt); and the Area 3A GHL is 3,650,000 lbs (1,655.6 mt).

DATES: The GHLs are effective February 1, 2011, through December 31, 2011. This period is specified by IPHC as the sport fishing season in all waters in and off Alaska.

FOR FURTHER INFORMATION CONTACT: Gabrielle Aberle, (907) 586–7228.

SUPPLEMENTARY INFORMATION:**Background**

In 2003, NMFS implemented a final rule (68 FR 47256, August 8, 2003) to establish GHLs for Pacific halibut (*Hippoglossus stenolepis*) harvested by the guided sport fishery in IPHC Areas 2C and 3A. Regulations implementing the GHLs have been amended twice. In 2008, the GHL table was corrected at 50 CFR 300.65(c)(1) (73 FR 30504, May 28, 2008). In 2009, regulatory provisions were amended for NMFS' annual publication of the GHL notice and to clarify NMFS' authority to take action at any time to limit the guided sport angler catch to the GHL (74 FR 21194, May 6, 2009).

This notice is consistent with § 300.65(c) and announces the 2011 GHLs for the guided sport fishery for Pacific halibut in IPHC Areas 2C and 3A. Regulations at § 300.65(c)(1) specify the GHLs based on the total constant exploitation yield (CEY) that is established annually by the IPHC. The total CEY for 2011 is 5,390,000 lbs (2,444.9 mt) in Area 2C, and 23,520,000 lbs (10,668.5 mt) in Area 3A. The corresponding GHLs are 788,000 lbs (357.4 mt) in Area 2C, and 3,650,000 lbs (1,655.6 mt) in Area 3A. The GHLs in Areas 2C and 3A did not change from the 2010 level. NMFS may take action at any time to limit the guided sport halibut harvest to as close to the GHL as practicable (50 CFR 300.65(c)(3)).

NMFS published a final rule implementing the charter halibut

limited access program for the guided sport halibut fishery in Areas 2C and 3A on January 5, 2010 (75 FR 554). As of February 1, 2011, this program limits the number of charter vessels that may participate in the guided sport halibut fishery in these areas. On July 22, 2011, NMFS published proposed regulations that would implement a catch sharing plan to allocate an annual halibut catch limit, established by the IPHC, between the guided sport and commercial fisheries in Areas 2C and 3A (76 FR 44156). If approved by the Secretary of Commerce, this new allocation program would not be effective before 2012.

Authority: 16 U.S.C. 773 *et seq.*

Dated: August 30, 2011.

Emily H. Menashes,

RIN 0648–XA675

Mid-Atlantic Fishery Management Council (MAFMC); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce

ACTION: Notice of public meetings.

SUMMARY: The Scientific and Statistical Committee (SSC) and the Spiny Dogfish Monitoring Committee of the Mid-Atlantic Fishery Management Council (Council) will hold meetings.

DATES: The SSC will meet Wednesday, September 21, 2011 at 1 p.m. until 5 p.m. and Thursday, September 22 from 8 a.m. until 5 p.m. The Spiny Dogfish Monitoring Committee will meet Thursday, September 22, 2011 from 9 a.m. until 4 p.m.

ADDRESSES: The meeting will be held at the Admiral Fell Inn, 888 South Broadway, Baltimore, MD 21231 *telephone:* (410) 522–7377.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; *telephone:* (302) 674–2331.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore PhD, Executive Director, Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; *telephone:* (302) 526–5255.

SUPPLEMENTARY INFORMATION: The primary purpose of the SSC meeting

includes ABC recommendations for spiny dogfish; special session for social/economics issues; review MAFMC five-year research plan progress report on Management Strategy Evaluation study; and Ecosystem Subcommittee report and discuss development of Programmatic Environmental Assessment for future ecosystem based fishery management activities by the Mid-Atlantic Council. The purpose of the Spiny Dogfish Monitoring Committee will be to discuss quota recommendations and associated management measures for spiny dogfish for fishing years 2012–2015.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to M. Jan Saunders at the Mid-Atlantic Council Office, (302) 526–5251, at least 5 days prior to the meeting date.

Dated: August 29, 2011.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council's (Council) Herring Advisory Panel will hold a meeting to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

DATES: The meeting will be held on Thursday, September 22, 2011 at 9:30 a.m.

ADDRESSES: The meeting will be held at the Crowne Plaza Boston North Shore, 50 Ferncroft Road, Danvers, MA 01923; telephone: (978) 777–2500; fax: (978) 750–7991.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Paul J. Howard, Executive Director, New

England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION: The items of discussion in the panel's agenda are as follows:

1. The Advisory Panel will review the Management Alternatives Under Consideration and the Draft Environmental Impact Statement (DEIS) for Amendment 5 to the Atlantic Herring FMP and develop comments/recommendations for the Council to consider at its September 26–29, 2011 Meeting;

2. Review and provide feedback regarding the Draft Terms of Reference (TOR) for the upcoming benchmark stock assessment for Atlantic herring (54th Stock Assessment Workshop (SAW) scheduled for spring 2012).

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard (see **ADDRESSES**) at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 29, 2011.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XA679

Pacific Fishery Management Council (Council); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council (Pacific Council)

will convene a meeting via conference call of the Ecosystem Plan Development Team (EPDT) which is open to the public.

DATES: The EPDT will meet on Wednesday, September 21, 2011 and Thursday, September 22, 2011 from 1 p.m. to 5 p.m. each day, or when business for each day is completed.

ADDRESSES: Public listening stations will be available at the following locations: Pacific Fishery Management Council, Small Conference Room, 7700 NE. Ambassador Place, Suite 101; Portland, Oregon 97220; Telephone: 503–820–2280. National Marine Fisheries Service, Southwest Fisheries Science Center, Conference Room, 110 Shaffer Road, Santa Cruz, California 95060; Telephone: 831–420–3900.

FOR FURTHER INFORMATION CONTACT: Mike Burner, Staff Officer; telephone: 503–820–2280.

SUPPLEMENTARY INFORMATION: Please note, this is not a public hearing; it is a work session for the primary purpose of drafting a report and recommendations to the Council on the Schedule and Plans for Developing a Fishery Ecosystem Plan (FEP). The EPDT will primarily address Council requests from the June 2011 Council meeting where the Council approved a draft purpose and need statement and moved to develop an ecosystem plan that is primarily advisory in nature with the potential for expanding the plan to include regulatory authority in the future. The Council recommended continued management of fisheries through existing fishery management plans (FMPs), including potential future management measures for forage fish species. The Council also tasked the EPDT with developing a list of West Coast species that are not currently included in any FMP, that are not under State management, are not listed under the Endangered Species Act, or are species that could be the target of future fishery exploitation.

Although non-emergency issues not contained in the meeting agenda may come before the EPDT for discussion, those issues may not be the subject of formal EPDT action during this meeting. EPDT action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
