Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. Please include the project number (P-5730-018) on any comments or motions filed.

k. *Description of Existing Facilities*: The Oakland project consists of an 18-foot high by 655-foot long rock-filled timber crib structure with a concrete cap and a powerhouse containing three units. Currently, there is a 50- to 60-foot-wide breach in the dam. The project has not operated since 2000.

l. *Description of Proceeding*: Since 2000, the exemptee has not operated the Oakland Project because it lost its power sales contract. Since that time, the powerhouse, abutment wall, tailrace wall, and dam have fallen into disrepair, and no progress has been made to return the project to operational condition. Over the past 11 years, the Commission has directed the exemptee to either make repairs to the project to make it operational, or to file an application to surrender the project. Although the exemptee has responded to Commission requests by repeatedly providing plans and schedules to repair the project, no actual physical work has been done. During the summer of 2007, the dam developed a large hole, allowing most of the water to flow through this section. In April 2008, the breach expanded leaving a 50- to 60-foot-wide opening in the dam.

In April 2011, the Commission again requested a detailed plan and schedule to repair or surrender the project. On April 20, 2011, River Bounty filed a lease agreement transferring the

exemption to Renew Hydro, LLC that was conditional on the project becoming operational. On August 18, 2011, the Commission notified the exemptee that it could not approve a conditional lease. Therefore on September 19, 2011, the Commission notified the exemptee that because it appears the exemptee is unable or unwilling to restore the project to operation, the Commission would begin implied surrender proceedings.

m. *Locations of the Documents*: Documents relating to this notice are available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Responsive Documents*: Any filing must (1) Bear in all capital letters the title "Comments", "Protest", or "Motion to Intervene" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary

basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of the amendment application. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. **AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of approval and solicitation of requests for public hearing.

**SUMMARY:** Notice is hereby given that the State of Maryland is revising its approved Public Water System Supervision Program. Maryland has adopted drinking water regulations for the Long Term 2 Enhanced Surface Water Treatment Rule (LT2), the Lead and Copper Rule Short Term Revisions (LCRSTR), Unregulated Contaminant Monitoring Rule (UCMR) and the Ground Water Rule (GWR). The U.S. Environmental Protection Agency (EPA) has determined that the State rules (*i.e.*, LT2, LCRSTR, UCMR and the GWR) meet all minimum federal requirements, and that they are no less stringent than the corresponding federal regulations. Therefore, EPA has tentatively decided to approve the State program revisions.

**DATES:** Comments or a request for a public hearing must be submitted by November 14, 2011. This determination shall become final and effective on November 14, 2011, if no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, and if no comments are received which cause EPA to modify its tentative approval.

**ADDRESSES:** Comments or a request for a public hearing must be submitted to the U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103-2029. All documents relating to this determination are available for inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

**SUMMARY:** All interested parties are invited to submit written comments on this determination and may request a hearing. All comments will be considered and, if necessary, EPA will issue a response. Frivolous or insubstantial requests for a hearing will be denied by the Regional Administrator. If a substantial request for a public hearing is made by MONTH XX, 2011 November 16, 2011, a public hearing will be held. A request for public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and (3) the signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.
