Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA–2011–0303; Notice No. 11–14]

Hazardous Materials: Emergency Restriction/Prohibition Order

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Emergency Restriction/Prohibition Order.

SUMMARY: This notice publishes Emergency Restriction/Prohibition Order 2011–001 (DOT Docket Number PHMSA–2011–0303), issued on November 17, 2011 to a number of

entities, including Rainbow of Hope. This Emergency Order was issued by the Office of Hazardous Materials Safety pursuant to authority granted in 49 U.S.C. 5121(d) and 49 CFR 109.17(a), and is published in accordance with 49 CFR § 109.19. Emergency Order 2011–001 prohibits the filling, offering, and transportation of cylinders containing TyLar gas, and was issued in response to a pattern of explosions that constitute an imminent hazard under 49 CFR 109.1.

DATES: *Effective Date:* November 17, 2011.

FOR FURTHER INFORMATION CONTACT:

Alice Koethe, Attorney, Office of the Chief Counsel, PHMSA, (202) 366–4400.

SUPPLEMENTARY INFORMATION: The full text of Emergency Restriction/Prohibition Order 2011–001 is as follows:

This notice constitutes an Emergency Restriction/Prohibition Order by the United States Department of Transportation (“DOT”) pursuant to 49 U.S.C. 5121(d) and 49 CFR 109.17(a); and pursuant to delegation of authority to the Administrator, Pipeline and Hazardous Materials Safety Administration (“PHMSA”), United States Department of Transportation. This Order is issued to Rainbow of Hope, Strategic Sciences, Inc., Realm Industries AKA Realm Catalyst, Inc. (hereinafter “Realm Industries”), Timothy A. Larson, and any other persons or business entities that manufacture or possess the experimental gas known as “TyLar” gas (“TyLar”).

Upon information derived from an investigation, the Administrator has found that a violation of the Federal Hazardous Materials law (51 U.S.C. 5101, *et seq.*) or the Hazardous Materials Regulations (49 CFR parts 171 to 180), an unsafe condition, or an unsafe practice is causing or otherwise constitutes an imminent hazard to the safe transportation of hazardous materials. For more detailed information see “Background/Basis for Order” below.

Specifically, on August 9, 2011 a large explosion occurred at a Rainbow of Hope facility at 12349 Gladstone Avenue, Sylmar, CA. Two people were seriously injured in the explosion, and a third suffered minor injuries. Subsequent investigation by law enforcement revealed that the company manufactured and offered TyLar for transportation. There is a history of explosions associated with TyLar. Specifically, on June 17, 2010, there was a fatal explosion at Realm Industries, an apparent predecessor company of

Rainbow of Hope. This explosion was also linked to TyLar. In light of these facts, PHMSA believes that both the filing and offering of TyLar in cylinders in preparation of transportation and the transportation of TyLar in commerce constitute an unsafe condition that is of sufficient severity to constitute an imminent hazard.

Effective Immediately Any Person Identified by This Order

(1) Is prohibited from filling and offering cylinders with TyLar for transportation; and

(2) Is prohibited from transporting TyLar in commerce by any mode or causing it to be transported in commerce.

This Order applies to Rainbow of Hope, Strategic Sciences, Inc., Realm Industries (Realm Catalyst, Inc.), any other alias or successor companies, and their officers, directors, employees, subcontractors, and agents.

This Order is effective immediately and remains in effect unless withdrawn in writing by the Administrator or her designee, or until it otherwise expires by operation of law.

Jurisdiction

Rainbow of Hope and/or Strategic Sciences, Inc. and/or Realm Industries (Realm Catalyst, Inc.) offer for transportation or transport hazardous materials in commerce within the United States and are therefore “persons,” as defined by 49 U.S.C. 5102(9), in addition to being “persons” under 1 U.S.C. 1. Accordingly, Rainbow of Hope, Strategic Sciences, Inc., and Realm Industries (Realm Catalyst, Inc.) are subject to the authority and jurisdiction of the Administrator, including the authority to impose emergency restrictions, prohibitions, recalls, or out-of-service orders, without notice or an opportunity for hearing, to the extent necessary to abate the imminent hazard (49 U.S.C. 5121(d)).

Basis for Order

On August 9, 2011, a large explosion occurred at 12349 Gladstone Avenue, Sylmar, CA, at a facility occupied by Rainbow of Hope. Two people were seriously injured in the explosion, and a third person suffered minor injuries. The explosion also decimated a section of the roof of a 7,400 square foot industrial building. Subsequent investigation by law enforcement revealed that the company manufactured and offered TyLar for transportation. There is a history of explosions, and serious injuries, associated with TyLar. Specifically, on June 17, 2010, there was a fatal
