Call for Papers: National Symposium on Moving Target Research

AGENCY: The National Coordination Office (NCO) for Networking and Information Technology Research and Development (NITRD).

ACTION: Call for Papers (CFP).

FOR FURTHER INFORMATION, CONTACT:
mtr-symposium@sei.cmu.edu.

DATES: To be considered, draft papers must be received by 18:00 EDT, April 2, 2012.

SUMMARY: This Call for Papers is being issued by the National Coordination Office for the Networking and Information Technology Research and Development (NITRD) Program to initiate the National Symposium on Moving Target Research. The Symposium intends to bring together and publish the work of the Moving Target cybersecurity research community to provide a basis for building on the current state of the art.

SUPPLEMENTARY INFORMATION:

Background: In December 2011, the White House, in cooperation with the Networking and Information Technology Research and Development (NITRD) Program released the NSTC report "Trustworthy Cyberspace: Strategic Plan for the Federal Cybersecurity Research and Development Program." One of the research themes outlined in this plan was Moving Target (MT), research and development that results in the presentation of a dynamic attack surface to an adversary, increasing the work factor necessary to successfully attack and exploit a cyber target. Throughout the federal government, research related to MT has been funded since 2009, but there is no single venue where this work is presented and published. The Symposium on Moving Target Research intends to bring together and publish the work of the MT community to provide a basis for building on the current state of the art.

Location: This Symposium will take place at the Historic Inns of Annapolis, Annapolis, MD on June 11, 2012. A registration site will be announced in April 2012 for attendees. A limited block of rooms will be available at the Historic Inns of Annapolis at the U.S. Government rate for June 10-13, 2012.

Objective: The central question of the symposium will be "is there scientific evidence to show that moving target techniques are a substantial improvement in the defense of cyber systems (a game changer)," including how to develop better measures of effectiveness and performance specific to moving target techniques. MT topics of interest include, but are not restricted to:

- Dynamic network services
- Game theoretic approaches
- Virtual machines
- Cloud computing
- Dynamic execution
- Automated response actions
- Situational awareness
- MT transparency
- Work factor metrics
- Risk analysis
- End-to-end security
- Resiliency
- Intrusion Tolerance
- Measures of effectiveness

Submission: Submitted papers must be 7-12 pages in 11 point font including figures and references. Appendices no longer than 8 pages may be submitted in addition to the paper, but the paper must be intelligible without these appendices. Submitted papers must not substantially overlap with papers that have been published or that are simultaneously submitted to a journal or conference proceedings. Papers will be subject to peer-review and selection based on technical rigor, application of scientific method, and contribution to the overall area of moving target. There will be an accompanying poster session open for researchers and companies that would like to highlight or demonstrate available MT technologies. Papers should be emailed in pdf format to (mtr-symposium@sei.cmu.edu) by 18:00 EDT, April 2, 2012 for consideration. You may also use this email address for any questions you have concerning this upcoming event.

OCCUPATIONAL SAFETY AND HEALTH REVIEW COMMISSION

Proposed Information Collection; Comment Request

AGENCY: Occupational Safety and Health Review Commission.

ACTION: Notice of request for public comment and submission to OMB of proposed collection of information.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*), on November 1, 2011 (76 FR 67496), the Occupational Safety and Health Review Commission (OSHRC) published a 60-day notice in the **Federal Register** soliciting public comment on the proposed information collection described below.

In further compliance with the PRA, OSHRC now publishes this second notice announcing the submission of its proposed collection to the Office of Management and Budget (OMB) for

review and notifying the public about how to submit comments on the proposed collection to OMB during the 30-day comment period.

DATES: Comments must be submitted to OMB on or before April 6, 2012.

ADDRESSES: Submit all comments to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Occupational Safety and Health Review Commission, Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: (202) 395-6929/Fax: (202) 395-6881 (these are not toll-free numbers), email: OIRA_submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for information or copies of the proposed information collection instrument should be directed to John X. Cerveney, Deputy Executive Secretary, Occupational Safety and Health Review Commission, 1120 20th Street NW., Ninth Floor, Washington, DC 20036-3457; Telephone (202) 606-5706; email address: pracomments@oshrc.gov.

SUPPLEMENTARY INFORMATION: OSHRC's Settlement Part program, codified at 29 CFR 2200.120, is designed to encourage settlements on contested citations issued by the U.S. Department of Labor's Occupational Safety and Health Administration (OSHA) and to reduce litigation costs. The program requires employers who receive job safety or health citations that include proposed penalties of \$100,000 or more in total to participate in formal settlement talks presided over by an OSHRC Administrative Law Judge. If settlement efforts fail, the case would continue under OSHRC's conventional proceedings, usually before a judge other than the one who presided over the settlement proceedings.

To ensure the continued success of the program, OSHRC proposes to collect information from Settlement Part participants about their experiences with the program. The participants would be employers and Department of Labor personnel, Authorized Employee Representatives and their representatives, including attorneys, who have personally participated in cases from February 15, 2011 through February 14, 2012. The proposed information collection instrument is a written survey consisting of a series of multiple-choice questions that are intended to take a respondent no more than 30 minutes to complete. The respondents may skip any questions that they do not feel comfortable answering, and are permitted to comment further on their experiences at the end of the questionnaire.

OSHRC has submitted the proposed information collection to OMB for review, as required by the PRA. OSHRC invites comments to be submitted to OMB on: (1) Whether the proposed collection of information is necessary for the proper performance of the agency's functions, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

OMB Control Number: Not applicable, new request.

Form Number: Not applicable.

Type of Review: Regular submission (new information collection).

Title: Survey of Participants in OSHRC Settlement Part Program.

Description: Information collection required to evaluate the Review Commission's Settlement Part process.
