

Next Steps

After this comment period ends, we will analyze comments and address them in a final EIS.

Public Comments

We request data, comments, new information, or suggestions from all interested parties. We will consider these comments in developing the final EIS. We particularly seek comments on the following:

- The barred owl and its population status and trend;
- The northern spotted owl and its population status and trend;
- Ongoing northern spotted owl demography studies;
- Effects of the proposed removal experiment on other wildlife species;
- Social and human value/ethics, including the intrinsic value of spotted and barred owls and human culpability in the presence of barred owls in the West;
- Economic effects of the alternatives;
- Cultural resources that may be affected by the alternatives;
- Effects of the alternatives on visitor use and recreation, and visitor experience, especially in National Parks and Recreation Areas and other recreation sites; and
- Effects of the alternatives on Wilderness Areas and wilderness attributes.

You may submit your comments and materials by one of the methods listed in the **ADDRESSES** section.

Comments and materials we receive, as well as supporting documentation we used in preparing the draft EIS, will be available for public inspection by appointment, during normal business hours, at our office (see **ADDRESSES** section).

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Meetings

We will hold at least two public meetings at locations within the range of the northern spotted owl (western Washington, western Oregon, and

northwestern California). We will announce exact meeting locations and times in local newspapers and on the Internet at <http://www.fws.gov/oregonfwo>.

Endangered and Threatened Wildlife and Plants; Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with endangered species. With some exceptions, the Endangered Species Act (Act) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. The Act requires that we invite public comment before issuing these permits.

DATES: We must receive any written comments on or before April 9, 2012.

ADDRESSES: Send written comments by U.S. mail to the Regional Director, Attn: Lisa Mandell, U.S. Fish and Wildlife Service, Ecological Services, 5600 American Blvd. West, Suite 990, Bloomington, MN 55437–1458; or by electronic mail to permitsR3ES@fws.gov.

FOR FURTHER INFORMATION CONTACT: Lisa Mandell, (612) 713–5343.

SUPPLEMENTARY INFORMATION:

Background

We invite public comment on the following permit applications for certain activities with endangered species authorized by section 10(a)(1)(A) of the Act (16 U.S.C. 1531 *et seq.*) and our regulations governing the taking of endangered species in the Code of Federal Regulations (CFR) at 50 CFR 17. Submit your written data, comments, or request for a copy of the complete application to the address shown in **ADDRESSES**.
