

The 1997 BLM Green River Resource Management Plan identifies these parcels of public land as suitable for disposal. Conveyance of the identified public lands will be subject to valid existing rights and encumbrances of record, including, but not limited to, rights-of-way for roads and public utilities. Conveyance of any mineral interest pursuant to Section 209 of the FLPMA will be analyzed during processing of the proposed sale.

On April 23, 2012, the above-described lands will be segregated from all forms of appropriation under the public land laws, including the mining laws, except the sale provisions of FLPMA. Until completion of the sale, the BLM is no longer accepting land use applications affecting the identified public land, with the exception of applications for the amendment of previously filed right-of-way applications or existing authorizations to increase the term of the grants in accordance with 43 CFR 2807.15 and 2886.15. The segregative effect will terminate upon the issuance of a patent, publication in the **Federal Register** of a termination of the segregation, or April 23, 2014, unless extended by the BLM State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date.

Public Comments: Until June 7, 2012, interested parties and the general public may submit in writing any comments concerning the lands being considered for sale, including notification of any encumbrances or other claims relating to the identified land, to Lance Porter at the above address. Comments transmitted via email will not be accepted. Comments, including names and street addresses of respondents, will be available for public review at the BLM Rock Springs Field Office during regular business hours, except holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Notice of Segregation and Possible Conveyance of Federally Owned Mineral Interests Application; Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: This notice segregates the federally owned mineral interests underlying the non-Federal lands described in this notice aggregating approximately 579.74 acres in Crook County, Wyoming, from location and entry under the mining laws and the mineral leasing laws to determine their suitability for conveyance of the reserved mineral interest pursuant to Section 209 of the Federal Land Policy and Management Act of October 21, 1976 (FLPMA).

The mineral interest will be conveyed in whole or in part upon favorable mineral examination.

FOR FURTHER INFORMATION CONTACT:

The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The purpose is to allow consolidation of surface and subsurface minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

The federally owned mineral interests underlying the following-described non-Federal lands in Crook County, Wyoming, are being considered for conveyance under the authority of Section 209 of FLPMA, (43 U.S.C. 1713):

Sixth Principle Meridian

T. 53 N., R. 66 W.,
Sec. 1, SW $\frac{1}{4}$ SW $\frac{1}{4}$;
Sec. 2, SE $\frac{1}{4}$ SE $\frac{1}{4}$;

Sec. 3, lot 2, SW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, and NW $\frac{1}{4}$ SE $\frac{1}{4}$, excluding mining claims of record;
Sec. 10, NE $\frac{1}{4}$ NW $\frac{1}{4}$, excluding mining claims of record;
Sec. 11, N $\frac{1}{2}$ SW $\frac{1}{4}$, and SE $\frac{1}{4}$ SW $\frac{1}{4}$;
Sec. 12, N $\frac{1}{2}$ NW $\frac{1}{4}$;
Sec. 14, NE $\frac{1}{4}$ NW $\frac{1}{4}$;
Sec. 15, NW $\frac{1}{4}$ NE $\frac{1}{4}$, and NE $\frac{1}{4}$ NW $\frac{1}{4}$.

The areas described aggregate 579.74 acres in Crook County, according to the official plats of the surveys of the said lands, on file with the BLM.

Under certain conditions, including payment of the administrative costs and fair market value of the interest conveyed, Section 209(b) of FLPMA authorizes the sale and conveyance of the federally owned mineral interests in land when the non-mineral interest (or so-called surface interest) in land is not federally owned. The objective is to allow consolidation of the surface and mineral interests when either one of the following conditions exist: (1) There are no known mineral values in the land; or (2) Continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

An application was filed by YPI, Incorporated for the sale and conveyance of the federally owned mineral interests in the above-described tract of land. Subject to valid existing rights, on April 23, 2012 the federally owned mineral interests in the land described above are hereby segregated from appropriation under the general mining and mineral leasing laws, while the application is being processed to determine if either one of the two specified conditions exists and, if so, to otherwise comply with the procedural requirements of 43 CFR part 2720. The segregative effect shall terminate: (i) Upon issuance of a patent or other document of conveyance as to such mineral interests; (ii) Upon final rejection of the application; or (iii) April 23, 2014, whichever occurs first.
