

Information is collected on the ETA 9002 and VETS 200 Reports under the following authority:

- Wagner-Peyser Act sec. 3(a), 29 U.S.C. 49b(a)
- Wagner-Peyser Act sec. 3(c), 29 U.S.C. 49b(c)
- Wagner-Peyser Act sec. 7(b), 29 U.S.C. 49f(b)
- Wagner-Peyser Act sec. 10(c), 29 U.S.C. 49i(c)
- Wagner-Peyser Act sec. 13(a), 29 U.S.C. 49l(a)
- Wagner-Peyser Act sec. 15(e)(2)(I), 29 U.S.C. 49l-2(e)(2)(I).
- Provisional Guidance on the Implementation of the 1997 Standards for Federal Data on Race and Ethnicity, Executive Office of the President, Office of Management and Budget (66 FR 3829-3831).
- Revisions to the Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity (62 FR 58781-58790); and
- Priority of Service for veterans in Department of Labor job training programs, 38 U.S.C. 4215(a)(2).

By July 1, 2012, ETA must modify the current reporting system to begin the collection of several additional statutorily required pieces of information. The first pertains to the priority of service provisions contained in the Jobs for Veterans Act, Public Law 107-288. These provisions provide that veterans and certain spouses of veterans (together comprising the category of covered persons) are entitled to priority over non-covered persons for the receipt of employment, training, and placement services provided under new or existing qualified job training programs. Qualified job training programs are defined at 38 U.S.C. 4215(a)(2) as any workforce preparation, development or delivery program or service that is directly funded, in whole or in part, by the Department.

Additional items are required under Public Law 112-56, Title II, Vow to Hire Heroes, Sections 238 and 239, and pertain to: (1) Performance measures on job counseling, training and placement programs of the Department, and; (2) clarifications of priority of service for veterans in Departmental job training programs.

These requirements impact both the ETA 9002 and VETS 200 reports. Lastly, the expansive focus on veterans reemployment initiatives has necessitated collection of additional information on groups of veterans (such as Post 9/11 era veterans), targeted services they received, and additional aspects of their outcomes in order to monitor and oversee their effectiveness.

II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed continuation of the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has considerable practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

SUPPLEMENTARY INFORMATION:

I. Background

Job Corps is a comprehensive program designed to assist eligible disadvantaged youth aged 16 to 24 through intensive education and training services. A total of 125 primarily residential Job Corps centers operate in 48 states, the District of Columbia, and Puerto Rico. Job Corps provides academic instruction to improve students' reading and math abilities and prepare students for obtaining General Educational Development certificates or high school diplomas, career technical training in over 100 programs, and development of

social skills. In addition, Job Corps provides dormitory-style housing, meals, medical care, and counseling. Finally, the program assists its enrollees with career transitions through placement in jobs, higher education, and the military. Over the course of its 45 years of operation, Job Corps has served almost 3 million youth.

In the fall of 2010, ETA contracted with IMPAQ International, LLC (with subcontracts to the Battelle Memorial Institute and Decision Information Resources, Inc.—henceforth, the IMPAQ team) to conduct this Process Study to address the following broad questions:

- What center practices appear to be associated with center performance or particular dimensions of performance and what is the nature of such associations?

- How do interactions among center practices and characteristics mediate these associations? Put differently, do some strategies or practices work especially well (or especially badly) for certain kinds of centers?

ETA is requesting clearance for the IMPAQ team to carry out two principal research activities, integral to the Process Study: (1) Site visits to 16 Job Corps centers with interviews with senior center and operator management, instructors, staff, and partners and focus

groups with students and (2) a Web-based survey of all Job Corps center directors.

The centers for visits will be selected in a purposive fashion to represent diversity of performance, using established Job Corps performance metrics on student outcomes both during and after program enrollment, adjusted for participant and local labor market characteristics, supplemented by additional measures of job placement and student satisfaction. Practices identified during the visits will also be examined through the survey. The ultimate use of the information collection is to associate practices with performance outcomes, an analysis which should be useful for programmatic improvement.

SUPPLEMENTARY INFORMATION:

I. Background

Section 2834(a) of the National Defense Authorization Act (NDAA) for Fiscal Year 2010 (Pub. L. 111-84, enacted October 28, 2009) amended Section 2824(c) of the Military Construction Authorization Act (Pub. L. 110-417, Division B) by adding a new subsection (6). This provision prohibits contractors engaged in construction projects related to the realignment of U.S. military forces from Okinawa to Guam from hiring non-U.S. workers unless the Governor of Guam (Governor), in consultation with the U.S. Secretary of Labor (Secretary), certifies that (1) there is an insufficient number of U.S. workers that are able, willing, and qualified to perform the work; and (2) that the employment of non-U.S. workers will not have an adverse effect on either the wages or the working conditions of U.S. construction workers in Guam.

In order to allow the Governor to make this certification, the NDAA requires contractors to recruit workers in the United States, including in Guam, the Northern Mariana Islands, American Samoa, the U.S. Virgin Islands, and Puerto Rico, according to the terms of recruitment standards developed and approved by the Secretary. The recruitment standards have been reproduced in full below.

Although the Department has developed the recruitment standards, it has assigned oversight of the contractor recruitment standards and the NDAA-required consultation with the Governor to the Guam Department of Labor (GDOL) through a Memorandum of Understanding between the U.S. Department of Labor and GDOL, effective November 22, 2011.

I. Guam Military Base Realignment Contractors Recruitment Standards

Guam military base realignment contractors must take the following actions to recruit U.S. workers.

1. At least 60 days before the start date of workers under a base realignment contract, contractors must:

(a) Submit a job posting with GDOL at http://dol.guam.gov/index.php?option=com_jobline&Itemid=0&task=add, or by submitting a completed Job Order (Form GES 514) in person at the Guam Employment Service office. The job posting must be posted on the GDOL Job Bank for at least 21 consecutive days;

(b) Submit a job posting with the state workforce agency's Internet job bank in American Samoa at www.usworks.com/americansamoa/, the Commonwealth of the Northern Mariana Islands at [https://marianaslabor.net/employer.asp](http://marianaslabor.net/employer.asp), and in the following states:

- i. Alaska (www.jobs.state.ak.us);
- ii. California (www.caljobs.ca.gov);
- iii. Hawaii (www.hirehawaii.com);
- iv. Oregon (www.emp.state.or.us/jobs); and
- v. Washington ([https://fortress.wa.gov/esd/worksource/Employment.aspx](http://fortress.wa.gov/esd/worksource/Employment.aspx)).

The job posting must be posted for at least 21 consecutive days. If for any reason the Internet job bank in American Samoa is not available, the contractor must place an advertisement on two Sundays in a newspaper that: (1) Is of general circulation in the territory; (2) has a reasonable distribution and is appropriate to the occupation; and (3) is likely to be seen by workers interested in applying for construction employment.

(c) Submit a job posting with an Internet-based job bank that is:

i. National in scope, including the entire United States, Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Virgin Islands, and the Commonwealth of Puerto Rico;

ii. Allows job postings for all occupations; and

iii. Is free of charge for job seekers and their intermediaries in One-Stop Career Centers and the employment service delivery system nationwide.

(d) Where the occupation or industry is customarily unionized, contact the local union in Guam in writing to seek U.S. workers who are qualified and who will be available for the job opportunity.

The postings are separate and distinct requirements—i.e., a posting under Section 1(b) cannot be used to satisfy the posting requirement under Section 1(c).
