

reasons discussion below, the Commission is granting approval of the proposed rule change.

II. Description

CME currently offers clearing services for certain credit default swap ("CDS") index products. CME proposes to amend certain of its rules that would generally affect its CDS clearing offering and to make corresponding amendments to certain sections of its Manual of Operations for CME Cleared Credit Default Swaps ("CDS Manual"). The rule amendments would modify CME's CDS guaranty fund allocation methodology, end-of-day pricing procedures, daily submission deadlines, holiday accrual processing, and the timeline for price alignment interest ("PAI") payment timeline.

The proposed changes to text in the CME rulebook would amend current requirements found in CME Rule 8H07.1 relating to the allocation of the CDS guaranty fund requirements among CDS clearing members. Currently, CME calculates its guaranty fund monthly and proportionally allocates to each CDS clearing member a guaranty fund requirement based on the CDS clearing member's 90-day trailing average of its potential residual loss and 90-day trailing average of its gross notional open interest outstanding at CME. CME is proposing to change the measurement period from 90 days to 30 days so that a CME clearing member's CDS guaranty fund requirement more quickly react to the CDS clearing member's current activity and to align the measurement period with the frequency of CDS guaranty fund calculations.

The proposed changes to the text of the CDS Manual would modify end-of-day pricing procedures including procedures for CDS price submissions, crossing, and auction procedures that CME uses to arrive at the settlement price for CDS contracts. Currently, CME requires CDS clearing members to submit price levels for the full term structures of all indices and single-name reference entities by seniority, restructuring type, and currency eligible for clearing. If a CDS clearing member chooses to submit price levels on a cleared contract in which it does not hold open interest, CME hold that price submission as tradable if a cross occurs and the submitted instrument is selected pursuant to the auction process. However, under CME's current procedures, submitted price levels for non-cleared instruments are never actionable (*i.e.*, tradable). CME is proposing to change it CDS Manual to require CDS clearing members to submit price levels for all cleared contracts in

which they or their customers hold open interest. For indices where CDS clearing members are required to submit the full clearing eligible tenors of all indices, CME will only cross CDS clearing members on the tenors in which the CDS clearing members or their customers hold open interest. For single-name CDS, CME will require CDS clearing members to submit mid price levels for the full term structures for the 0, 0.5-, 1-, 2-, 3-, 4-, 5-, 7- and 10-year tenors. However, CME may cross the CDS clearing members on any single-name reference entity in which the CDS clearing members or their customer(s) hold open interest irrespective of tenor.

CME is also amending its CDS Manual to change (1) the daily submission deadlines for CDS, (2) the CDS holiday accrual processing, and (3) the PAI payment timeline. With respect to operations timelines and reports, CME would move up the trade submission deadline for current day trades from 7:59 p.m. ET to 6:59 p.m. ET. With respect to position management, money calculations, and collateral, the revisions to the CDS Manual would require on bank holidays in the country of which the swap is denominated (*e.g.*, Independence Day for U.S. Dollar denominated CDS contracts), accrual processing would be included in the processing for the next business day and would not occur on the relevant bank holiday. In addition, CME would calculate and pay PAI for CDS contracts on a daily basis as opposed to monthly.

III. Discussion

Section 19(b)(2)(C) of the Act directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization.⁴ In particular, Section 17A(b)(3)(F)⁵ of the Act requires, among other things, that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible. By making CDS clearing members' guaranty fund requirements be based on relatively more recent histories, the proposed amended rule governing guaranty fund allocations should improve CME's ability to react to CDS market dynamics and thereby should help CME better assure the safeguarding of securities and funds which are in its custody or control or for which it is responsible. As

such, the proposed rule change is consistent with the requirements of Section 17A(b)(3)(F) of the Act. Also, the requirement that CDS clearing members submit pricing for all tenors of clearing-eligible indices and for the full term structure for single-name CDS should enhance CME's ability to derive end-of-day settlement prices. In addition, because the operational changes CME is proposing would generally require clearing members to make trade submissions more promptly, require CME to calculate price alignment more frequently, and clarify when price accrual processing occurs in the event of a bank holiday, such a change should promote the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts, and transactions and therefore is consistent with the requirements of Section 17A(b)(3)(F) of the Act.

IV. Conclusion

On the basis of the foregoing, the Commission finds the proposal is consistent with the requirements of the Act and in particular with the requirements of 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-CME-2012-06), be, and hereby is, approved.⁶

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁷

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-66940; File No. SR-CME-2012-14]

Self-Regulatory Organizations; Chicago Mercantile Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee Schedule Applicable to OTC S&P GSCI-ER Swaps Contracts

May 8, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

⁶ In approving the proposed rule change, the Commission considered the proposal's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

⁷ 17 CFR 200.30-3(a)(12).

⁴ 15 U.S.C. 78s(b)(2)(C).

⁵ 15 U.S.C. 78q-1(B)(3)(F).

(“Act”),¹ and Rule 19b-4² thereunder, notice is hereby given that on April 25, 2012, Chicago Mercantile Exchange, Inc. (“CME”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change described in Items I, II and III, below, which Items have been prepared primarily by CME. CME filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii)³ of the Act and Rule 19b-4(f)(2)⁴ thereunder, so that the proposed rule change was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CME is proposing to amend the fee schedule that currently applies to its OTC S&P GSCI-ER swaps clearing offering.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.⁵

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME currently offers clearing for certain OTC swap products. CME proposes to change the fee structure for cleared swap contracts in S&P GSCI-ER, S&P GSCI Gold ER, S&P GSCI Crude Oil ER, S&P GSCI-ER 2 Month Forward and S&P GSCI ER 3 Month Forward. As the proposed changes relate to fees, they became effective when they were filed on April 25, 2012. CME applied the new fee structure, however, only to contract months with a trade date of May 1, 2012 or later.

Currently, fees for these OTC swap products are assessed as a portion (.0005 annually) of the notional value of the open positions in the contracts. This

contrasts with the flat fees CME charges on futures and options on futures products. CME believes the marketplace would prefer a fee structure for OTC swap products that charges fees on a per contract basis. This type of fee structure is also easier to support from an operational standpoint. CME expects this change will attract additional interest and liquidity in these products.

CME has also certified the proposed rule changes that are the subject of this filing to its primary regulator, the Commodity Futures Trading Commission (“CFTC”), in CME Submission 12-119.

The proposed CME rule amendments establish or change a member due, fee or other charge imposed by CME under Section 19(b)(3)(A)(ii) of the Act and Rule 19b-4(f)(2) thereunder. CME believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder, particularly, Section 17A(b)(3)(D),⁶ in that the proposed rule change provides for the equitable allocation of reasonable dues, fees, and other charges among participants. CME notes that it operates in a highly competitive market in which market participants can readily direct business to competing venues.

B. Self-Regulatory Organization’s Statement on Burden on Competition

CME does not believe the proposed rule change will have any impact or impose any burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties. CME will notify the Commission of any written comments received by CME.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change was filed pursuant to Section 19(b)(3)(A)(ii)⁷ of the Act and Rule 19b-4(f)(2)⁸ thereunder, and thus became effective upon filing because it establishes or changes a due, fee, or other charge applicable only to a member. At any time within 60 days after the filing of the proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

- Electronic comments may be submitted by using the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>), or by sending an email to rule-comment@sec.gov. Please include File No. SR-CME-2012-14 on the subject line.

- Paper comments should be sent in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CME-2012-14. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of CME, and on CME’s Web site at http://www.cmegroup.com/market-regulation/files/SEC_19b-4_12-14.pdf. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.
