* * * * *

(g) *Imposition of fees.* TSA routinely establishes and collects fees to conduct the security threat assessment and credentialing process. These fees apply to all entities requesting a security threat assessment and/or credential. The fees described in this section for an individual who applies to obtain, renew, or replace a TWIC under 49 CFR part 1572, shall be published as a notice in the **Federal Register**. SUPPLEMENTARY INFORMATION:

Background

On May 23, 2012, NMFS published a proposed rule at 77 FR 30486 that would revise existing regulations on the

handling of information required to be maintained as confidential under the Magnuson-Stevens Act. The purposes of the proposed rule is to make both substantive and non-substantive changes necessary to comply with the MSA as amended by the 2006 Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (MSRA) and the 1996 Sustainable Fisheries Act (SFA). In addition, the rule proposes to address some significant issues that concern NMFS’ application of the MSA confidentiality provision to requests for information.

NMFS received several requests from fishery management councils and representatives of fishing and environmental organizations to extend the comment period on the proposed rule in order to allow the councils and other organizations to review the proposed rule and solicit feedback from their members. We have considered these requests and conclude that a 60-day extension is appropriate.
