

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹² Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6)(iii) thereunder.¹⁴

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing.¹⁵ However, pursuant to Rule 19b-4(f)(6)(iii),¹⁶ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program.¹⁷ Accordingly, the Commission designates the proposed

rule change as operative upon filing with the Commission.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange hereby proposes to amend Commentary .02 to NYSE Arca Options Rule 6.72 to extend the time period of the Pilot Program,⁴ which is currently scheduled to expire on June 30, 2012 through December 31, 2012. The Exchange also proposes that the date to replace issues in the Pilot Program that have been delisted be revised to the second trading day following July 1, 2012.⁵

This filing does not propose any substantive changes to the Pilot Program: all classes currently participating will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the increase in quote traffic.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁶ of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5),⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove

impediments to and perfect the mechanisms of a free and open market and a national market system. The Exchange believes that extending the Pilot Program promotes just and equitable principles of trade by enabling public customers and other market participants to express their true prices to buy and sell options.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)(iii) thereunder.¹¹

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing.¹² However, pursuant to Rule 19b-4(f)(6)(iii),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day

operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program.¹⁴ Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67315; File No. SR-NYSEMKY-2012-14]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing of Proposed Rule Change Adopting Rules Governing the Listing and Trading of New Products Known as DIVS, OWLS, and RISKS

June 29, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on June 19, 2012, NYSE MKT LLC ("Exchange" or "NYSE MKT"), on behalf of NYSE Amex Options LLC ("NYSE Amex Options"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been

prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt rules governing the listing and trading of a new product known as DORS. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt rules governing the listing and trading of a new product known as DORS.³ The Exchange believes that the product will give investors additional opportunities to manage risk by offering the ability to invest discretely in three instruments that, when taken together, represent the total return of a security over a certain period of time.

a. Generally

DORS are comprised of three components: DIVS, OWLS, and RISKS, each of which is described more fully below. Each component has a different risk/reward profile and will be able to be bought or sold separately to achieve a specific investment goal. The three components, when combined appropriately (i.e., long a DIVS, OWLS, and RISKS on the same underlying security, having the same expiration, where the OWLS and RISKS have identical strike prices), are expected to

generate total returns that will attempt to replicate that of a long stock position held for the same duration.

DIVS—The phrase "Dividend Value of Stock" or the term "DIVS" refers to an option contract that returns to the investor a stream of periodic cash flows equivalent to the dividends paid by the underlying stock. An investor that holds a long DIVS contract will receive cash payments equal to the dividend paid by the underlying security. Such payment will occur on the "ex-dividend" date for the underlying security. The investor will continue to have the right to earn such dividend-equivalent cash payments as long as the investor remains long the DIVS contract up until such time as the DIVS contract expires. DIVS contracts will be European style and cannot be exercised prior to expiration.

OWLS—The phrase "Options With Limited Stock" or the term "OWLS" refers to an option contract that returns to the investor at expiration shares of the underlying security equal in value to the lesser of (1) the current value of the underlying security or (2) the strike price of the option contract. At expiration, regardless of how high the stock closes above the strike price of an OWLS contract, the holders of the contract will never receive more than shares of stock equivalent in value to the strike price of the OWLS contract. The risk/reward of a long OWLS position is similar to a buy/write or covered call position, less the dividends, if any. A long OWLS position offers an investor some limited downside protection in exchange for limiting his or her upside participation to the strike price of the OWLS contract. OWLS contracts will be European style and cannot be exercised prior to expiration.

RISKS—The phrase "Residual Interest in Stock" or the term "RISKS" refers to an option contract that returns to the investor at expiration shares of the underlying security equal in value to the difference between the value of the underlying security at expiration and the strike price of the contract. At expiration, holders of RISKS will receive nothing if the stock closes at or below the strike price of the RISKS contract. A position consisting of a long RISKS contract has a risk/reward similar to that of a long call position. A long RISKS position offers an investor all of the upside price appreciation above the strike price of the RISKS contract while limiting the investor's capital at risk to the premium paid to acquire the RISKS contract. RISKS contracts will be European style and cannot be exercised prior to expiration.

³ In addition, under proposed Rule 900DORS(a), DORS would be included within the definition of "security" or "securities" as those terms are used in the Constitution and Rules of the Exchange.
