Announcement of Requirements and Registration for Million Hearts™ Caregiver Video Challenge

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

Aware Approving Official: Thomas R. Frieden, MD, MPH, Director, Centers for Disease Control and Prevention, and Administrator, Agency for Toxic Substances and Disease Registry.

SUMMARY: The Centers for Disease Control and Prevention (CDC) within the Department of Health and Human Services, in partnership with Million Hearts™ announces the launch of *The Million Hearts™ Caregiver Video Challenge*. We invite people who play a role in helping to prevent or control high blood pressure or maintain the heart health of a loved one to share their stories of caregiving by creating original, compelling videos that are less than 2 minutes long. The videos should include a description of how the caregiver contributes to another person's heart health and provide helpful tips related to high blood pressure prevention or control.

This challenge is necessary to engage a key audience of the Million Hearts™ initiative and to recognize individuals who work hard to provide care for their family members or friends. The goal of this Challenge is to have caregivers create inspiring videos that provide other caregivers helpful tips on heart healthy practices, particularly on the prevention and control of high blood pressure. Through these personalized videos we intend to promote heart disease prevention through blood pressure control, medication adherence, and lifestyle changes to the public.

DATES: Contestants can submit videos July 16, 2012 through August 31, 2012. Judging will take place September 10–28, 2012. Winners will be announced on October 8, 2012.

FOR FURTHER INFORMATION CONTACT: Megan Steinbauer, Officer of the

Associate Director for Communication, Centers for Disease Control and Prevention, 1600 Clifton Road NE., Mailstop G–21, Atlanta, Georgia 30329, phone (404) 639–3245, email weo6@cdc.gov.

Subject of Challenge Competition

“*The Million Hearts™ Caregiver Video Challenge*” will engage the caregiver community. In the videos caregivers should describe how they help family members remember to take medications as directed (medication adherence), offer tips for monitoring blood pressure at home to improve blood pressure control, or show how to encourage lifestyle changes that benefit blood pressure control. Lifestyle changes include increasing physical activity or reducing sodium in the diet.
