

DEPARTMENT OF AGRICULTURE**Forest Service****Suspension of Public Comment Period and Notice of Intent To Prepare Supplemental Draft Environmental Impact Statement: North Fork Eagle Creek Wells Special Use Authorization****AGENCY:** Forest Service, USDA.**ACTION:** Suspension of comment period/corrected notice of intent.

SUMMARY: The USDA Forest Service, Lincoln National Forest, is suspending the public comment period for a Draft Environmental Impact Statement (DEIS) for the North Fork Eagle Creek Wells Special Use Authorization. As a result of the Little Bear Fire occurring in the project area, a supplemental DEIS will be prepared considering changed circumstances. The supplemental DEIS will disclose potential impacts of a proposed action to authorize, under a new special use permit, the operation of four municipal supply water wells located on National Forest System (NFS) land in the North Fork Eagle Creek drainage. The new permit would be authorized for up to 20 years, with stipulations for frequent review and verification of the permit terms and conditions. These could occur as often as every year but would occur at least every 5 to 10 years. The new authorization would add terms and conditions to the permit reflecting adaptive management strategies, which respond both to the purpose and need for action as well as to mitigate potential adverse impacts to surface water and groundwater resources from well operations. The Environmental Protection Agency (EPA) published a notice of availability (NOA) of the DEIS in the *Federal Register* on May 25, 2012 [77–31355; EIS No. 20120161]. The NOA provided for a public comment period ending on July 9, 2012.

DATES: Due to extenuating circumstances caused by the Little Bear wildland fire, a supplemental DEIS will be prepared considering changed circumstances in the project area. At this time there is no formal notice and comment period that will provide the commenter appeal rights, but comments on these changed circumstances are encouraged to aid completion of the supplemental DEIS and will be most beneficial if received by September 7, 2012. Comments from all parties received or postmarked after September 7, 2012 will be considered to the extent practicable. Once completed, the DEIS and supplemental DEIS will be released for a formal 45-day public comment

period and notice of the comment period will be advertised.

ADDRESSES: Copies of the DEIS are available for public review at the following locations:

* *Lincoln National Forest Supervisor's Office:* 3463 Las Palomas Road, Alamogordo, New Mexico.

* *Smokey Bear Ranger District:* 901 Mechem Drive, Ruidoso, New Mexico.

Written comments are best submitted electronically by accessing <http://www.fs.fed.us/nepa/fs-usda-pop.php?project=9603>. To electronically comment, select 'Comment on Project' in the 'Get Connected' box on the right side of Web page.

Written comments may also be submitted to: Robert G. Trujillo, Forest Supervisor, Lincoln National Forest, 3463 Las Palomas Rd, Alamogordo, NM 88310, or facsimile 575–434–7218. DEPARTMENT OF AGRICULTURE**Forest Service****Arapaho and Roosevelt National Forests and Pawnee National Grassland; Boulder and Gilpin County, CO; Eldora Mountain Resort Ski Area Projects; Correction****AGENCY:** Forest Service, USDA.**ACTION:** Notice of intent to prepare an environmental impact statement; correction.

SUMMARY: The Forest Service published a document in the *Federal Register* of July 6, 2012, concerning the notice of intent to prepare an environmental impact statement. The document contained incorrect information pertaining to a component of the proposed action.

FOR FURTHER INFORMATION CONTACT: Eldora EIS NEPA Contractor, Travis Beck, (970) 668–3398 ext. 103.

Correction

In the *Federal Register* of July 6, 2012, in FR Doc. 2012–16300, on page

39987, in the second column, correct the **DATES** caption to read:

“Comments concerning the scope of the analysis must be received by August 31, 2012. The draft environmental impact statement is expected to be available for public review in June 2013 and the final environmental impact statement is expected in April 2014.”

In the *Federal Register* of July 6, 2012, in FR Doc. 2012–16300, on page 39987, in the third column, correct the first paragraph under the Proposed Action Heading to read:

The project area includes 615 acres of National Forest System (NFS) lands and 435 acres of private lands. The Forest Service only maintains jurisdiction over NFS lands; however, to fulfill its obligations under the National Environmental Policy Act (NEPA) the Forest Service will analyze the entire project area for direct, indirect and cumulative effects. The proposed projects would add approximately 70 acres of traditional terrain and include approximately 70 acres of gladed terrain projects. Much of the traditional terrain construction will require tree removal for the area of the trails, approximating 70 acres of removal, although a more accurate quantity of tree removal will be disclosed in the EIS as all proposed trails may not necessitate complete tree removal. Each project component is discussed below and shown on the enclosed Eldora Mountain Resort Ski Area Projects map. Additional detail can be viewed at www.EldoraEIS.com.

In the *Federal Register* of July 6, 2012, in FR Doc. 2012–16300, on page 39988, in the first column, correct numbers 4 through 6 under the Proposed Action Heading to read:

4. Jolly Jug Lift and Trails—Install a new four or six-person chairlift and construct four new Intermediate trails (approximately 20 acres of terrain) and approximately 10 acres of Intermediate ability level glades. A Forest Plan amendment would be required to adjust the SUP boundary to include approximately 16 acres of the southern portion of the Jolly Jug Pod.

5. Snowmaking—Expand snowmaking coverage to include all new traditional trails (not in any of the gladed areas) totaling approximately 70 acres.

6. Roads and Utilities—Build new road spurs and install utilities to construct and maintain the following proposed lifts and facilities: Placer Express Lift, Jolly Jug Lift, Challenge Lift, The Lookout Facility, and Challenge Mountain Facility. Proposed Mountain Access Roads are depicted by black dashed lines on the attached Eldora Mountain Resort Ski Area Projects map. The existing snowmaking infrastructure would deliver drinking water to The Lookout and Challenge Mountain facilities, as is the current method for The Lookout Facility. On-site septic systems would accommodate sewage disposal for the proposed Lookout Facility and Challenge Mountain Facility.

Forest Service

Notice of New Fee Sites; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108-447)

AGENCY: Kootenai National Forest, Forest Service, USDA.

ACTION: Notice of New Fee Sites.

SUMMARY: The Kootenai National Forest is proposing to charge fees for the overnight rental of Fairview cabin (\$50), Meadow Peak lookout (\$40), and Minton Peak lookout (\$40). These cabins have not been available for recreation use prior to this date. Rental of other cabins on the Kootenai National Forest have shown that people appreciate and enjoy the availability of historic rental cabins. Funds from the rental will be used for the continued operation and maintenance of these cabins. This fee is only proposed and will be determined upon further analysis and public comment.

DATES: Send any comments about these fee proposals by September 1, 2012, so comments can be compiled, analyzed and shared with a Recreation Resource Advisory Committee. Fairview will become available for recreation rental December 2012, Meadow peak and Minton Peak lookouts will become available for recreation rental June 2013.

ADDRESSES: Forest Supervisor, Kootenai National Forest, 31374 US Highway 2, Libby, MT 59923-3022.

FOR FURTHER INFORMATION CONTACT: Mary Laws, Recreation Fee Coordinator, 406-283-7648

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

This new fee will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation.

The Kootenai National Forest currently has twelve other cabin rentals. These rentals are often fully booked throughout their rental season. A business analysis of the three new cabins has shown that people desire having this sort of recreation experience on the Kootenai National Forest. A market analysis indicates that the \$35-80/per night fee is both reasonable and acceptable for this sort of unique recreation experience.

People wanting to rent these cabins will need to do so through the National Recreation Reservation Service, at

www.recreation.gov or by calling 1-877-444-6777. The National Recreation Reservation Service charges a \$9 fee for reservations.

Dated: June 15, 2012.

Paul Bradford,

Kootenai National Forest Supervisor.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Economic Development Administration (EDA).

Title: Award Amendment Requests and Project Service Maps.

OMB Control Number: 0610-0102.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved information collection).

Number of Respondents: 632 (600 requests for amendments to construction awards, 30 requests for amendments to non-construction awards, 2 project service maps).

Average Hours Per Response: 2 hours for an amendment to a construction award, 1 hour for an amendment to a non-construction award, 6 hours for a project service map.

Burden Hours: 1,242.

Needs and Uses: A recipient must submit a written request to EDA to amend an investment award and provide such information and documentation as EDA deems necessary to determine the merit of altering the terms of an award (see 13 CFR 302.7(a) of EDA's regulations). EDA may require a recipient to submit a project service map and information from which to determine whether services are provided to all segments of the region being assisted (see CFR 302.16(c) of EDA's regulations).

The type of documentation varies by the amendment requested. For example, a change to the approved schedule may require documentation substantiating claims that weather caused delays, or labor shortages caused delays, or environmental issues unknown at the time of award caused delays. The explanation may require why the change is in the best interest of both the government and the recipient and what
