SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) proposes to update and reissue a current system of records titled, “DHS/FEMA—2006—0002 National Emergency Management Information System (NEMIS)—Mitigation (MT) Electronic Grants Management System of Records (69 FR 75079, December 15, 2004),” and retitle it, “DHS/FEMA—009 Hazard Mitigation Assistance Grant Programs System of Records.” As part of the process for reviewing information technology under the National Emergency Management Information System (NEMIS)—Mitigation (MT) Electronic Grants Management System (NEMIS—MT eGrants), DHS is updating both the Privacy Impact Assessment (PIA) published at *www.dhs.gov/privacy* and this system of records notice to reflect changes in the program and technology.

FEMA collects personally identifiable information (PII) through paper and electronic applications for Hazard Mitigation Assistance (HMA) grant programs. This SORN includes renaming the system of records to eliminate the specific reference to “electronic grants management” and

therefore broaden the coverage of the system of records to include paper-based applications for Hazardous Mitigation Assistance (HMA) grant programs.

The categories of individuals has been broadened to cover grant applicants from additional HMA grants programs not previously included in the MT Electronic Grants Management System of Records. The HMA grant programs include, but may not be limited to, the Pre-Disaster Mitigation (PDM) grant program (42 U.S.C. 5133), the Hazard Mitigation Grant Program (HMGP) (42 U.S.C. 5170c), the Flood Mitigation Assistance (FMA) grant program (42 U.S.C. 4104c), the Severe Repetitive Loss (SRL) grant program (42 U.S.C. 4102a), and the Repetitive Flood Claims (RFC) grant program (42 U.S.C. 4030). HMA grant programs provide funds to eligible applicants to implement mitigation activities to reduce or eliminate the risk of future damage to life and property from hazards.

Eligible applicants for FEMA HMA grants include all fifty states, the District of Columbia, the U.S. Virgin Islands, the Commonwealth of Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and federally recognized tribal governments. Eligible sub-applicants of HMA grants include state agencies, local governments, tribal governments, and, for HMGP only, certain private, non-profit entities, to which a sub-grant is awarded by an applicant.

Some applications for HMA grant programs propose mitigation activities that impact property privately owned by individuals, such as: retrofitting structures, elevating structures, acquiring and demolishing or relocating structures, minor structural flood control projects, or constructing safe rooms. These applications include the minimum amount of the property owner’s PII necessary to ascertain the eligibility of the property and/or structure under mitigation grant program regulations.

This SORN has been revised to update categories of records to provide additional transparency. Categories of records now include: information about points of contact (POC) who submit grant applications, including the name of the organizations submitting the grant; the name of the organization’s POC for the grant and the grant POC’s office phone number, office mailing address, and email address; and information about the Governor’s representatives who may sign grant applications, such as the representative’s name and signature. Categories of records also now include
