[Release No. 34-67497; File No. SR-NYSEMKT-2012-25]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE MKT Rule 500—Equities To Extend the Operation of the Pilot Program That Allows Nasdaq Stock Market Securities To Be Traded on the Exchange Pursuant to a Grant of Unlisted Trading Privileges Until the Earlier of Securities and Exchange Commission Approval To Make Such Pilot Permanent or January 31, 2013

July 25, 2012.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the “Act”) ² and Rule 19b-4 thereunder, ³ notice is hereby given that on July 12, 2012, NYSE MKT LLC (“NYSE MKT” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE MKT Rule 500—Equities to extend the operation of the pilot program that allows Nasdaq Stock Market (“Nasdaq”) securities to be traded on the Exchange pursuant to a grant of unlisted trading privileges. The pilot is currently scheduled to expire on July 31, 2012; the Exchange proposes to extend it until the earlier of Securities and Exchange Commission (“Commission”) approval to make such pilot permanent or January 31, 2013. The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change

and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE MKT Rules 500–525—Equities, as a pilot program, govern the trading of any Nasdaq-listed security on the Exchange pursuant to unlisted trading privileges (“UTP Pilot Program”).⁴ The Exchange hereby seeks to extend the operation of the UTP Pilot Program, currently scheduled to expire on July 31, 2012, until the earlier of Commission approval to make such pilot permanent or January 31, 2013.

The UTP Pilot Program includes any security listed on Nasdaq that (i) is designated as an “eligible security” under the Joint Self-Regulatory Organization Plan Governing the Collection, Consolidation and Dissemination of Quotation and Transaction Information for Nasdaq-Listed Securities Traded on Exchanges on an Unlisted Trading Privilege Basis, as amended (“UTP Plan”),⁵ and (ii) has been admitted to dealings on the Exchange pursuant to a grant of unlisted trading privileges in accordance with Section 12(f) of the Securities Exchange Act of 1934, as amended (the “Act”),⁶ (collectively, “Nasdaq Securities”).⁷

⁵ See Securities Exchange Act Release No. 58863 (October 27, 2008), 73 FR 65417 (November 3, 2008) (File No. S7-24-89). The Exchange’s predecessor, the American Stock Exchange LLC, joined the UTP Plan in 2001. See Securities Exchange Act Release No. 55647 (April 19, 2007), 72 FR 20891 (April 26, 2007) (File No. S7-24-89). In March 2009, the Exchange changed its name to NYSE Amex LLC, and, in May 2012, the Exchange subsequently changed its name to NYSE MKT LLC. ⁷ “Nasdaq Securities” is included within the definition of “security” as that term is used in the NYSE MKT Equities Rules. See NYSE MKT Rule 3—Equities. In accordance with this definition, Nasdaq Securities are admitted to dealings on the

The Exchange notes that its New Market Model Pilot (“NMM Pilot”), which, among other things, eliminated the function of specialists on the Exchange and created a new category of market participant, the Designated Market Maker (“DMM”),⁸ is also scheduled to end on July 31, 2012.⁹ The timing of the operation of the UTP Pilot Program was designed to correspond to that of the NMM Pilot. In approving the UTP Pilot Program, the Commission acknowledged that the rules relating to DMM benefits and duties in trading Nasdaq Securities on the Exchange pursuant to the UTP Pilot Program are consistent with the Act ¹⁰ and noted the similarity to the NMM Pilot, particularly with respect to DMM obligations and benefits.¹¹ Furthermore, the UTP Pilot Program rules pertaining to the assignment of securities to DMMs are substantially similar to the rules implemented through the NMM Pilot.¹² The Exchange has similarly filed to extend the operation of the NMM Pilot until the earlier of Commission approval to make the NMM Pilot permanent or January 31, 2013.¹³

Extension of the UTP Pilot Program in tandem with the NMM Pilot, both from July 31, 2012 until the earlier of Commission approval to make such pilots permanent or January 31, 2013, will provide for the uninterrupted trading of Nasdaq Securities on the Exchange on a UTP basis and thus continue to encourage the additional utilization of, and interaction with, the Exchange, and provide market participants with improved price discovery, increased liquidity, more competitive quotes and greater price improvement for Nasdaq Securities.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with

Exchange on an “issued,” “when issued,” or “when distributed” basis. See NYSE MKT Rule 501—Equities.

⁸ See NYSE MKT Rule 103—Equities.

the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange. In particular, the Exchange believes that its proposal to extend the UTP Pilot Program is consistent with (i) Section 6(b) of the Act,¹⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; (ii) Section 11A(a)(1) of the Act,¹⁶ in that it seeks to ensure the economically efficient execution of securities transactions and fair competition among brokers and dealers and among exchange markets; and (iii) Section 12(f) of the Act,¹⁷ which governs the trading of securities pursuant to UTP consistent with the maintenance of fair and orderly markets, the protection of investors and the public interest, and the impact of extending the existing markets for such securities.

Specifically, the Exchange believes that extending the UTP Pilot Program would provide for the uninterrupted trading of Nasdaq Securities on the Exchange on a UTP basis and thus continue to encourage the additional utilization of, and interaction with, the Exchange, thereby providing market participants with additional price discovery, increased liquidity, more competitive quotes and potentially greater price improvement for Nasdaq Securities. Additionally, under the UTP Pilot Program, Nasdaq Securities trade on the Exchange pursuant to rules governing the trading of Exchange-Listed securities that previously have been approved by the Commission. Accordingly, this proposed rule change would permit the Exchange to extend the effectiveness of the UTP Pilot Program in tandem with the NMM Pilot, which the Exchange has similarly proposed to extend until the earlier of Commission approval to make such pilot permanent or January 31, 2013.¹⁸

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not

necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁹ and Rule 19b-4(f)(6) thereunder.²⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.²¹

A proposed rule change filed under Rule 19b-4(f)(6)²² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot program to continue uninterrupted. Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative upon filing.²⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the operation of its New Market Model Pilot ("NMM Pilot") that was adopted pursuant to its merger with the New York Stock Exchange LLC ("NYSE").⁴ The NMM Pilot was approved to operate until October 1, 2009. The Exchange filed to extend the operation of the Pilot to November 30, 2009, March 30, 2010, September 30, 2010, January 31, 2011, August 1, 2011, January 31, 2012, and July 31, 2012, respectively.⁵ The Exchange now seeks to extend the operation of the NMM Pilot, currently scheduled to expire on July 31, 2012, until the earlier of Commission approval to make such pilot permanent or January 31, 2013.

The Exchange notes that parallel changes are proposed to be made to the rules of NYSE.⁶

⁴ NYSE Euronext acquired The Amex Membership Corporation ("AMC") pursuant to an Agreement and Plan of Merger, dated January 17, 2008 (the "Merger"). Background⁷

In December 2008, the Exchange implemented significant changes to its equities market rules, execution technology and the rights and obligations of its equities market participants all of which were designed to improve execution quality on the Exchange. These changes are all elements of the Exchange's enhanced market model that it implemented through the NMM Pilot.

As part of the NMM Pilot, the Exchange eliminated the function of equity specialists on the Exchange creating a new category of market participant, the Designated Market Maker or DMM.⁸ The DMMs, like specialists, have affirmative obligations to make an orderly market, including continuous quoting requirements and obligations to re-enter the market when reaching across to execute against trading interest. Unlike specialists, DMMs have a minimum quoting requirement⁹ in their assigned securities and no longer have a negative obligation. DMMs are also no longer agents for public customer orders.¹⁰

In addition, the Exchange implemented a system change that allowed DMMs to create a schedule of additional non-displayed liquidity at various price points where the DMM is willing to interact with interest and provide price improvement to orders in the Exchange's system. This schedule is known as the DMM Capital Commitment Schedule ("CCS").¹¹ CCS provides the Display Book¹² with the amount of shares that the DMM is willing to trade at price points outside, at and inside the Exchange Best Bid or Best Offer ("BBO"). CCS interest is separate and distinct from other DMM interest in that it serves as the interest of last resort.

The NMM Pilot further modified the logic for allocating executed shares

⁷ The information contained herein is a summary of the NMM Pilot. See Securities Exchange Act Release No. 58845 (October 24, 2008), 73 FR 64379 (October 29, 2008) (SR-NYSE-2008-46) for a fuller description.

¹¹ See NYSE MKT Rule 1000—Equities.

¹² The Display Book system is an order management and execution facility. The Display Book system receives and displays orders to the DMMs, contains the order information, and provides a mechanism to execute and report transactions and publish the results to the Consolidated Tape. The Display Book system is connected to a number of other Exchange systems for the purposes of comparison, surveillance, and reporting information to customers and other market data and national market systems.
